Pursuant to ORS 659.850, Nondiscrimination, the Board hereby agrees that it will not discriminate against any teacher with respect to disability, race, religion, national origin, gender, sexual orientation, age, or marital status.

ARTICLE 5 PAYROLL DEDUCTIONS

Any teacher who is a member of the Council or who has applied for membership, may sign and deliver personally or through the Council to the Superintendent, an assignment authorizing deductions of membership dues in the United Teaching Profession (i.e., local, OEA-NEA). Such authorization shall continue in effect from year to year, unless revoked in writing as hereinafter provided. Pursuant to such authorization, the District shall deduct one-tenth (1/10) of such dues from the regular salary checks of the teacher each month for ten (10) months beginning in October and ending in June of each year. Deductions for teachers who join the Council after the commencement of the school year shall be appropriately prorated so that payments will be completed by the following June.

Such other plans will be reviewed with the Association prior to implementation through the Labor Relations Committee Mechanism described in Article 20.
2. The current list of Section 403(b) plan vendors is set out in Appendix C. This vendor list may change during the life of this contract due to the requirements of applicable Federal or State law governing such accounts. In addition, the District may elect to drop any vendors which have no contributing employees. The parties will review and mutually agree to any proposed changes to the District's Section 403(b) or other deferred compensation plan with teachers through the Labor Relations Committee mechanism described in Article 20, however, notwithstanding this provision, any changes required by Federal or state law will be made in a timely manner in accordance with such provisions. The District will notify teachers and the Southern Oregon Bargaining Council in writing within one month of the effective date of such changes.

C. Other Voluntary Deductions

1. The District agrees to deduct from the salaries of its regular teachers as requested by the teacher including the following approved voluntary deduction categories:
 - a. Charitable Donations
 - b. Voluntary Insurance Programs
 - c. Savings Bond contributions

A listing of other voluntary deduction programs available within the above deduction categories is set out in Appendix C. Bargaining unit members may sign up for any other voluntary deduction program set out in Appendix C or which becomes available pursuant to subsection B of this Article.

2. In order to facilitate the processing of voluntary deduction payment transfers, if electronic fund transfer (EFT) payments can be made to a voluntary deduction program set out in Appendix C (or added pursuant to Section B), the District will establish an EFT mechanism for such programs and all payments to such programs will be made on the monthly payroll date.
3. In the case of non-EFT payments to a voluntary deduction program, the District will use its best efforts to transfer payments within 5 working days of the monthly payroll date.
4. In the case of an EFT payment voluntary deduction program, any bargaining unit member may request that an additional voluntary deduction program be added, however, the parties agree that no new non-EFT voluntary deduction program will be added unless 10 or more District employees sign up to participate.

1. The Council agrees to hold the District harmless against any and all claims, suits, orders or judgments brought against the District as a result of the provisions of this Article, except for those determined to be caused by the District's own negligence.

ARTICLE 6 VACANCIES AND TRANSFERS

A. Definitions

1. Vacancies

A vacancy shall be defined for purposes of this Agreement as a vacant

position within the District for which certification by the TSPC is required and the Board desires to fill such vacancy.

2. Reassignment

Reassignment refers to a change in a teacher's subject area, position, or grade level within a building.

3. Transfer

2. If a vacancy occurs during the summer vacation, a copy of each opening shall be mailed or emailed by the District to each teacher who has requested in writing such notification. A copy shall be sent to the Council's local representative. The parties agree that employees shall have no less than ten (10) calendar days from the date of mailing in which to apply for such vacancy. If the vacancy occurs after August 1, but prior to the first day of the next school year, the ten (10) day posting period is waived. The District's obligation for notification during the summer months is limited to mailing of such vacancy announcement as provided above.
3. Bargaining unit members submitting written applications during the ten (10)

day period shall be considered pursuant to Section D.

D. Filling a Vacancy

1. Upon notifying the requesting teacher of the receipt of his/her application, and after application timelines have been exhausted and applications reviewed, the District may fill any vacancy, provided, however, that prior to the filling of any such vacancy, applicants from within the bargaining unit shall have been interviewed.
2. In acting on requests for voluntary reassignments and/or transfer, the following criteria shall be applied by the District:
 - a. Individual qualifications
 - b. Instruction requirements
 - c. Staff availability and experience mix.
3. If a teacher's request for voluntary transfer has been denied, he/she will receive a written explanation of the reasons therefore from the Director of Personnel.

E. Involuntary Transfer/Reassignment

1. When a teacher is being involuntarily transferred or reassigned, he/she will have the opportunity to make known in writing to the appropriate administrator his/her wishes regarding the new assignment within two (2) working days after receipt of the notice of transfer or reassignment.
2. Notice of an involuntary transfer or reassignment will be given to the teacher as soon as possible.
3. When an involuntary transfer or reassignment is necessary, a teacher's professional training, experience, merit, and length of service shall be considered by the District as significant factors in the decision. The following process will be followed:
 - a. Volunteers will be requested and considered with the District making the final decision based on criteria set out in Section D. 2. above.
 - b. No teacher will be involuntarily transferred or reassigned more than twice in a four year period.
 - c. Other than transfers that are necessary to comply with District Policy, no elementary teacher will be involuntarily transferred or reassigned to a position that is more than three grade levels in difference.
4. An involuntary transfer or reassignment will be made only after a meeting between the teacher and the Director of Personnel, at which time the teacher

will be notified in writing of the specific reasons for the transfer.

5. During the two weeks following the first day of school, the District may transfer teachers at its discretion for purposes of balancing class loads, taking into consideration paragraph E (3) of this Article.
- F. The assignment and transfer of teachers, whether requested or involuntary, shall not be subject to the grievance procedure culminating in binding arbitration set forth in this Agreement, except insofar as procedural matters are concerned. Failure to consider the criteria set forth in paragraphs D (2), and E (3) shall be deemed a procedural violation.
- G. As soon after September 15 as possible, the Director of Personnel shall make available to the teachers in the District the current personnel directory.

ARTICLE 7 TEACHER ASSIGNMENTS

All employed teachers will be given written notice of their class and/or subject assignment, building assignments, and room assignments for the forthcoming year not later than July 1.

- A. In the event conditions require changes in assignments after said date, the District agrees to provide such teacher with up to three (3) paid days in addition to scheduled inservice days prior to assuming the new assignment. These extra days may only be waived at the request of the affected teacher.
- B. Because the pupil-teacher ratio is an important aspect of an effective educational program, the parties agree that each teacher's student instructional contacts ideally should be no higher than the following optimum work loads*:

Kindergarten	23
Grades 1-3	27
Grades 4-5	29
Grades 6-12	180

* No limit - Band, Music, Choir, Orchestra, and Physical Education

In the event the optimum work load is exceeded, beginning with the enrollment figures of September 20 of each school year, impact assistance to the teacher will be provided, as set out below. This assistance will be provided within 10 days of exceeding these work load limits and will continue to be provided through the current grading period or until the work load is reduced to the optimum work load level, at the discretion of the principal. Assistance must be requested by the teacher. The teacher and the principal will use best efforts to work collaboratively to schedule assistance during core instruction time.

Impact assistance will be provided as follows:

1. As requested by the teacher, grades K-5 educational assistance up to 5 hours a week per student over the optimum work load. The teacher and the principal will work collaboratively to schedule the assistance.
2. Grades 6-12- teachers may seek resolution (including a request for more equitable balancing of work loads) through the following steps:
 - a. Discuss with building principal. If no resolution, proceed to step b.
 - b. Appeal for resolution through the LMC.
3. Special Education Work Loads- Special education teachers may seek resolution/assistance (including a request for more equitable balancing of work loads) through discussions with the building principal and/or Special Education Director/Coordinator. If no resolution is reached through such discussions, the special education teacher can appeal for resolution through the LMC.

In addition, an Elementary Special Education Committee and a Secondary Special Education Committee, or a combination of those committees, will meet at least three times per year for each group. The Committees will be comprised of Special Education Teachers, Specialists, and Administrators.

Agenda items may include any issues relevant to special education programs or staff. The Director of Special Services will schedule meetings.

It is understood that the District's ability to meet these optimum work loads depends on the level of state funding and financial ability; therefore, if the District determines in its sole discretion that it is unable to fund the provisions of this article, they will so notify the Council and the Council shall immediately enter into negotiation with the District under ORS 243.698 to replace this provision. The District will provide paid release for 3 bargaining team members for up to 2 preparation days and up to 6 bargaining sessions. If no agreement is reached after 45 calendar days, the parties will request mediation to occur between the 60th and 90th day. Bargaining invoked by the District on this article is separate from and independent of any bargaining over a successor agreement or another reopener, and ORS 243.698 shall apply regardless of whether other bargaining is going on concurrently.

ARTICLE 8 NON-TEACHING ASSIGNMENTS

Teachers shall not be required to perform the following non- teaching assignments outside the required normal work day:

1. Money collection
2. Bus duty

3. Chaperoning

ARTICLE 9 WORK SCHEDULES

A. Normal Work Day

The normal teacher work day shall consist of no more than eight (8) hours (7-3/4 hours on Fridays) inclusive of a minimum of thirty (30) minutes duty-free lunch period. At the District's option, building starting times may be adjusted from 7:30 am to 8:30 am in secondary schools and from 7:00 am to 8:00 am in the elementary schools upon notification of the building principal. Individual start times outside of these parameters must be mutually agreed upon between the employee and the principal. All time except lunch period shall be used for appropriate school business and teaching responsibilities. It will be considered an integral part of a teacher's contractual obligation to assist the administration with student supervision and control. Teachers will be expected to assume an active supervisory role not only in their respective classrooms, but before and after school, hall monitoring, recess, and various other times during the school day. These active supervisory roles will be equitably distributed among staff.

B. After-School Activities

In order to foster better student-teacher-community relations, teachers shall as a part of their professional responsibility participate in after-school activities no more than a total of four times per year for activities such as: parent/teacher organizations, commencement, literacy night and open house. The administrator has the right to determine that additional staffs are needed, if any, for additional activities. Attendance at after-school activities beyond the four allowed that the district requests shall be optional, and compensatory time will be provided in accordance with Section D. Upon notification and consent of the building principal, a teacher who has a commitment that cannot be fulfilled at any other time and which has been scheduled prior to the announcement of one of these after-school activities, may be released from attendance.

C. Meetings

A teacher shall be required to attend all individual, group or general building meetings when called by the building administrator and to attend all individual, group or general staff meetings when called by the Superintendent. When such meetings extend beyond a teacher's hours of formal responsibility, the teacher shall not be required to remain in excess of 30 minutes beyond the close of the teacher's school day and no more than 5 hours per year. These after school meetings must be scheduled no later than one week in advance (except in cases of emergency) and must include the purpose for the meeting.

D. Compensatory Time

Teachers may accrue compensatory time to use on an hourly, half day or full day basis. Compensatory time must be mutually agreed and recorded by the teacher and administration before it can be accrued. Compensatory time use will be arranged at a mutually agreeable time with the principal. Compensatory time may be carried over until the end of the school year at which time it shall be paid at the teacher's per diem rate if not used.

E. Preparation Time

Definitions:

Preparation time is continuous, uninterrupted teacher directed time provided for teachers to ready themselves for their teaching assignment. It is understood that this does not preclude teachers from collaborating or working in teams as they see fit. Teachers will not be assigned or contracted to other duties during preparation unless specified in this contract. It is further understood that preparation time shall not be used for travel time between worksites.

The District will create Professional Learning Communities (PLC) Time that is intended for teachers to work together to grow professionally, build collaborative, student-focused culture, study data and improve outcomes for students. Teachers will provide leadership appropriate to their teams. This time is within the workday, unless covered by other provision of this contract, and is separate from preparation time. If the District determines that it is unable to continue to provide this PLC Time, the District shall notify the Council in writing and will enter into negotiations with the Council upon demand.

1. All bargaining unit members shall have preparation time equal to:

Kindergarten, elementary and self-contained classrooms will have a minimum of sixty (60) minutes of preparation time each day. This may be divided into two (2) segments. Half time teachers will receive no less than 30 minutes of preparation time each day.

Secondary or subject area classrooms shall receive no less than one normal class period of preparation time each day. If secondary schools adopt a block or modified (hybrid) block schedule, the average daily preparation time for full instructional days over the course of a school year would not be less than the average preparation time for full instructional days on a traditional schedule over the course of a school year (no less than an average of 48 minutes per day).

In addition, Special Education teachers may request release time from the Special Services Director, to complete extended assessments, required paperwork and/or IEP development when necessary to comply with

applicable legal requirements.

The district understands that prep time is important and will, therefore, minimize interruptions. In addition to IEP and 504 meetings, a teacher's preparation time may be interrupted for administrator-called building meetings and/or District meetings no more than 18 times during the school year.

2. At the discretion and with the consent of the affected staff, preparation time of middle and high school certified staff may occur under the following conditions:
 - a. The purchase of any preparation time shall be solely for the purpose of teaching one additional class during the working day in a subject area which would not be considered a violation of applicable Highly Qualified teacher provision:
 - b. In the event that the assignment under these provisions is a class not normally taught by the certified staff member, s/he may request up to three paid days of preparation time.
 - c. Student contacts during the purchased preparation period will be determined by mutual agreement between the District and the teacher and are not subject to the daily or per period student contact limitation provisions of Article 7D. The provisions of Article 7D will continue to apply to the non-preparation portion of the teacher work day.
 - d. Preparation time purchase contract can be entered into at any time after the first day of school. For the first term of the school year, such contracts will be completed no later than the 20th working day of school. If such contracts are needed for subsequent terms of the school year, they will be entered into by the 10th working day of each subsequent term.
 - e. For staff on a semester schedule: Preparation time purchase contracts shall be compensated at a rate of 1/14 of that certified staff's regular pay per semester.
 - f. For staff on a trimester schedule: Preparation time purchase contracts shall be compensated at a rate of 1/21 of that certified staff's regular pay per trimester.
 - g. To the extent the preparation period purchase contract is terminated by either the District or the teacher, the teacher will be compensated on a pro-rata daily basis for the number of preparation periods worked.
3. Should the Board choose to place secondary preparation time outside the

student contact day, the District shall notify the Council in writing and shall enter into negotiations with the Council upon demand and shall address the work load issues raised by this change. Work load modifications including, lunch times and length, placement of office hours, passing times, flex in the teachers work day, or other possible solutions may be discussed. Any modifications shall take into consideration budget, transportation, ODE required contact hours, and any other factors that may modify the ability of the District to implement such changes. Any work load modifications will take into account the considerations listed above and be mutually agreed upon.

4. In addition to the preparation time guaranteed above, all elementary teachers shall have no less than thirty (30) minutes of non-student contact time during the student contact day. If the District determines it is unable to continue to provide this non-student contact time, the District shall notify the Council in writing and will enter into negotiations with the Council upon demand.
5. Music and physical education instruction shall be balanced at each elementary school as evenly as possible taking into consideration available music and/or PE specialists and the number of students enrolled.
 - a. While Kindergarten through fifth grade students are being taught music and/or physical education by the specialists, the regular teachers shall consider such time as non-student contact time.
 - b. Recess will be scheduled in the morning, lunchtime and/or afternoon at each individual elementary building for a maximum of fifteen minutes for Kindergarten through grade five. The scheduled recess time shall be determined by the principal of each building. This in no way dictates to the teachers that they must take their classes out to recess. The intent is merely to have a predetermined time scheduled.
 - c. The District agrees to provide aide time for supervision during at least one of the scheduled recess breaks required in (b.) above.
6. When a new curriculum or program is adopted, planned or considered by Administration, the District will notify the LMC and Association representatives on the LMC may raise for discussion additional preparation time needs.

F. Early Release/Late Start

As part of the annual calendar development, the Board may replace instructional time with staff development time which could include professional development activities, staff development ideas and/or school improvement planning and teacher team preparation.

ARTICLE 10 RIGHTS OF PROFESSIONAL EMPLOYEES

B. Non-Renewal or Dismissal of Probationary Teachers

The non-renewal of probationary teachers and the dismissal of probationary teachers shall not be subject to the just cause provision.

Information forming the basis for disciplinary action will be made available to the teacher at the time the action is taken. All disciplinary action will be shared with the Association at the time of placement in the employee's personnel file. Personally identifiable information will be redacted if the employee has not chosen to involve the Association as a representative.

E. Personal and Academic Freedom

Academic freedom is an integral part of the educational process. Each teacher is entitled to academic freedom in the classroom in the discussion and presentation of the subject matter he or she is assigned to teach, subject, however, to the evaluation procedure.

The religious and political life of an employee is not an appropriate matter of concern or attention of the District unless it adversely affects that teacher's performance in their assigned duties.

ARTICLE 11 COMPLAINT PROCEDURE

A. If a complaint of sufficient gravity to warrant administrative action is registered with the District regarding a teacher's performance, the complaint shall be processed according to the procedure outlined below:

1. The full nature of the complaint shall be discussed with the teacher within five (5) working days of its receipt by the building principal or immediate supervisor unless it is impractical to do so within such time limit, because of the absence of one or both of the parties. The teacher may request a written copy of the complaint. An attempt shall be made to resolve the complaint informally.
2. Teachers against whom complaints are filed shall be informed in writing of the disposition of such complaint within ten (10) school days.

If the District needs additional time to complete the investigation, an automatic five (5) day extension will be granted upon written notification stating the reasons for the extension. Any additional extensions must be requested in writing to the Association.

- a. Additional extension requests must state the reasons for the extension request.
- b. Approval of such requests will not be unreasonably withheld by the Association.
- c. It is understood that an additional extension will automatically be granted by the Association if the District investigation is

dependent upon completion of an investigation by TSPC, police department, DHS or other law enforcement agency and notice of the outside agency investigation is provided to the Association.

Any complaint placed in the teacher's personnel file or materials placed in said file as a result of a third party complaint shall identify the complainant.

3. The supervisor receiving the complaint will advise the complainant of the opportunity to discuss the matter with the employee. This provision (A3) shall not apply with respect to complaints by students involving any allegation of sexual conduct or child abuse.
- B. At any meetings subsequent to the initial meeting with the teacher, the teacher shall have the right to be represented by the Council at such meetings or conferences regarding such complaint.
- C. Complaints which are not discussed with the teacher shall not be considered in the evaluation process or in any disciplinary action except when the conduct giving rise to the complaint would, if true, constitute grounds for suspension or dismissal of the teacher nor shall the foregoing have any application to complaints of such a nature that they may result in prosecution of suit or action, either civil or criminal in nature, against the member or the District.
- D. No bargaining unit member will be criticized in the presence of students, parents or other unit members.

ARTICLE 12 TEACHER EVALUATION

- A. The performance of all teachers shall be evaluated by the District in writing. All formal evaluations shall be performed by qualified non-bargaining unit members. Evaluators shall be trained regarding rights of teachers to express professional opinions in an appropriate time, place and manner. Probationary teachers shall be evaluated at least one (1) time during the school year and the evaluation shall be completed prior to March 1. Contract teachers shall be evaluated every other year, and the evaluation report shall be completed no later than five (5) working days prior to the teacher's last contract day except as otherwise agreed by the parties. Criteria for evaluation of all teachers shall be by state statute and the District's adopted evaluation procedures. It is understood that the adoption of the evaluation procedures shall follow state statute.

An Evaluation Committee will be established that consists of an equal number of District and Association members as chosen by the authorized representative(s) of each respective party. The District and the Association will insure that every

level (elementary, middle and high school) will be represented on the committee.

- B. A copy of the written evaluation shall be submitted to the teacher at the time of personal conference or within ten (10) days thereafter; one copy is to be signed and returned to the administration, the other is to be retained by the teacher. In the event that the teacher feels that his/her evaluation was improper or unfair, he/she may put his/her objections in writing and have them attached to the evaluation report, to be placed in his/her personnel file with a copy to the Superintendent.
- C. Failure to follow the procedure specified in this article is a grievable matter which may be processed up to and including arbitration, but the substance of the evaluation is not grievable or arbitrable.
- D. Formal observations shall be for periods of no less than the equivalent of a full period in the secondary schools and a full lesson period of no less than thirty minutes in the elementary schools. Formal observations shall be followed by a conference with the teacher and the evaluator.
- E. Peer Assistance
 - 1. The District will offer peer assistance to any employee it determines to have a deficiency specified in ORS 342.865 (1) (a), (d), or (h) (if applicable) or who is placed on a program of assistance for performance reasons. The District may also offer peer assistance under any other circumstances it deems appropriate.
 - 2. The employee and the association shall jointly select the person(s) from the Grants Pass School District teaching staff to provide the assistance.

ARTICLE 14
REDUCTIONS AND RECALL OF STAFF

- A. If the Board is contemplating a layoff of any teachers, it will supply the Council with a copy of the layoff list when completed and prior to the Board's notification of the individual teachers being laid off. Such layoff list will be in writing and will include the specific positions to be affected, the proposed time schedule, and the reasons for the proposed action. Any teacher who is to be laid off will be so notified in writing as soon as practicably possible. Such notice will include the proposed time schedule and the reasons for the proposed action.
- B. Seniority is defined as the length of service in the District. Leaves of absence granted by the Board do not constitute an interruption in service. All teachers shall accrue seniority from the date of hire. Date of hire shall be determined in accordance with ORS 342.934 (3)(b) "Determine seniority of teachers to be retained, based on first day of actual service with the school district inclusive of approved leaves of absence. Ties shall be broken by drawing lots."
- C. Except as hereinafter set forth, if a reduction in force is necessary, teachers shall be laid off according to seniority, in the inverse order of their length of employment with the District. However, if the District desires to retain a teacher with less seniority than a teacher being released, the teacher being retained shall have more competence than the teacher with more seniority who is being released. Competence is defined as the ability to teach a subject area or grade level (elementary, middle or high school) based on recent teaching experience related to that subject or grade level within the last seven years, or educational attainments, or both, but not based solely on being licensed to teach. The district will consider a teacher's willingness to undergo additional training or pursue additional education in deciding upon questions of competence.
- Probationary teachers shall not have significantly more competence. The only exception to this rule shall be teachers on Level 1 of the extra duty schedule.
- D. Nothing in this article shall interfere with the right of the District to discharge, remove or fail to renew the contract of a probationary teacher pursuant to ORS 342.835.
- E. If a vacancy occurs within the District for which the laid off teacher is certified, the recall procedure outlined below will be followed:
1. Recall will be in reverse order of layoff.

2. At the time of layoff, the District shall provide laid off teachers the opportunity to express in writing a desire to return to the District. The District shall also receive the teacher's address for recall notification. In the event of a recall, the District shall notify a teacher who has expressed a desire to return to the District of the recall by certified mail, return receipt, sent to the last address given by the teacher to the District office.
 3. At the time of layoff, the teacher may indicate in writing his or her desire to return to the District and shall provide the District with an address to which notices shall be sent. Teachers will have sixteen (16) calendar days from the mailing of such notice to notify the District in writing of his or her intent to return within thirty-one (31) calendar days of the date of such notice. Failure of the teacher to so respond within the time herein specified shall terminate such teacher's right to recall.
 4. Right of recall shall be limited to a period of twenty-seven (27) months following the date of layoff.
- F. The District agrees that upon recall of any teacher, he or she shall be restored to the status enjoyed prior to the layoff.

ARTICLE 15 PERSONNEL FILES

- A. Each staff member will have the right, upon request to the Superintendent, to review the contents of his/her personnel file, and to receive a copy without cost of any documents contained therein. This file shall contain all materials relevant to the staff member's employment and shall be the repository of such materials.

A staff member may, at his/her request, have a representative of the Council accompany him/her during this review. Each staff member's personnel file, subject to review, shall contain the following minimum information:

1. All evaluation reports.
2. Copy of the teaching and/or other certificates.
3. Complete transcripts of academic records.
4. Recommendation for permanent status.

The staff member may respond to any item placed in his/her personnel file and his/her response will be included in his/her personnel file.

- B. Any material relating to a staff member will be placed in his/her personnel file only after he/she has had an opportunity to review the material. The staff member will acknowledge that he/she has had the opportunity to review such material by affixing his/her signature to the copy to be filed, with the express understanding that such signature in no way indicates agreement with the contents thereof. The staff member has the right to submit a written answer to

such material and his/her answer will be reviewed by the Superintendent, or his/her designee, and attached to the file copy.

- C. For the purposes of this agreement and State law, a principal's working file shall not be considered a personnel file. Materials generated after July 1, 2016 placed in a principal's working file will be properly dated and will be expunged after the evaluation cycle or after two years of placement in the working file, whichever is later. By July 1, 2017, the District will review working files created before July 1, 2016 and expunge any files that are more than two years old except (1) executed and delivered documents that should have been placed in a personnel file or (2) investigatory file documents. No document can be placed in a personnel file during this process until notification in writing has been made to the affected employee. If placed into the personnel file and not previously grieved, this notification will begin the fifteen (15) school days under Article 25 Grievance Procedure at Step 1. It is further clarified that for any working files longer than the evaluation cycle or two years, or not dated cannot be used by the District against the employee in any venue. Teachers may review contents of the working file upon request.

Investigatory files may be retained by the District Office Human Resources Department. General access to investigatory files will be limited in the same manner as personnel files. District access to investigatory files will be limited to the Superintendent, Assistant Superintendent, Human Resources Director or their administrative assistants as part of their responsibilities to maintain and access such files. Investigatory files will be maintained as long as necessary to comply with all applicable retention rules, statutes of limitation or other legal requirements after which they will be expunged.

2. When more than one (1) school employee attends a meeting, the District will expect these employees to "pool" transportation, and mileage allowance will be made for only one (1) car. 3. The same allowance shall be given for the use of personal cars for field trips and other business of the District. Employees who transport students in their private vehicles must submit a proof of insurance form prior to departure and complete the necessary District private vehicle transportation form which requires permission of the Superintendent or designee.

 - a. The employee shall use rental vehicles, at the District's expense, when transporting student(s) who are under an employee's supervision, whenever possible.
 - b. If while under an employee's supervision, a student needs transporting, the employee should arrange for transportation by first contacting the student's parent/guardian and then the employee's building administrator(s). If the building administrator(s) is not available, the employee should next contact a district administrator(s). If a district administrator is unavailable, the employee should then contact local law enforcement through non-emergency channels. The District will provide

on a wallet size card a current list of administrator and non-emergency law enforcement contact information.

- c. If an employee chooses to transport any student(s) while under an employee's supervision, permission must be obtained from the Superintendent (or designee) or building administrator. ARTICLE 17 STUDENT DISCIPLINE

- A. At the start of each school year, teachers shall receive an electronic copy of the Staff Handbook that references links to student discipline policies and procedures. Pupil discipline will be administered in accordance with the above.

C. Disruptive Students

The student shall not be returned to that class or room for the remainder of the period or, in self-contained classrooms, for no less than ONE HOUR, unless a lesser time is specified by the teacher, and not without a consultation between the teacher and the building principal or his/her designated representative.

At all other times, when students are referred for disciplinary reasons, the teacher will be given timely notice of what action, if any, was taken. Such notice will be given prior to the student's return to the classroom unless extenuating circumstances make such notice impractical. When such disciplinary action occurs, the principal or designee will notify the parents, and when appropriate, recommended a parent teacher conference.

Whenever it appears that a particular student's behavior will impede the education of the balance of the class because of disruptions caused by said student, the affected teacher(s) will contact the site administrator to meet to resolve the issue. If an agreed upon resolution cannot be reached, the Association may bring the issue to the labor-management committee for resolution. The labor-management

committee will call a special meeting within 10 school days if necessary to resolve the issue.

ARTICLE 18 LEAVES OF ABSENCE

It is the policy of the District to provide several specific programs involving leave of absence. As noted below, each type of leave provided has provision for salary determination. Requests for absences from the job for reasons other than those established by this agreement shall be submitted in writing to the Superintendent for his approval and all such leaves, if granted, shall be without pay.

from fulfilling the three years of service, the teacher will not be required to repay the portion of the note principal attributable to the period of time the teacher is medically unfit to work.

The District will return the teacher his/her same (former) position following the year of sabbatical leave provided the teacher notifies the School District within a reasonable time of his/her intention to return to that position, and further provided that the District is able to hire an interim teacher to fill the one (1) year vacancy on a one (1) year contract, which said ability or inability shall be communicated to the teacher by May 1 of the year in which said leave commences.

5. If more than two (2) teachers apply for personal unpaid leave under this paragraph (H) in any one (1) year, the decision as to which two (2) teachers are to be granted leaves shall be granted on a first come first served basis. Additional unpaid requests will be granted at the discretion of the Board.
6. Persons taking leaves under the provisions of this Article shall upon their return be returned to the position from which the leave was taken provided it exists. In the event the position does not exist, a position befitting the employee's certification and qualifications shall be provided except as may be limited by the Reduction in Staff provision of Article 14.

Annual salary shall not include extra or extended duty compensation. The employee shall have the option of participating in the District's hospital-medical insurance program at his/her sole expense. B. Coverage and Plan Options

The available benefit package options for each applicable plan year will be recommended on an annual basis by the Insurance Committee and approved by the District and the Employees, as set out below.

The Insurance Committee will seek to recommend coverage and plan options

which maximize available benefits given the District's monthly contribution limit.

The Insurance Committee will ensure that one available plan option qualifies as a Health Savings Account ("HSA") compliant high deductible health plan eligible for Health Savings Account ("HSA") contributions.

The Insurance Committee will be comprised of three certified staff, three classified staff, three administrative staff members, one confidential staff member and one retiree who is a member of the health care plan. Plan option recommendations for the following calendar year shall be determined by the Insurance Committee based on a 2/3 majority vote of the committee members and such plan option recommendations will be completed no later than 75 calendar days prior to the close of the health care plan year.

The Insurance Committee recommended plan options are subject to approval by all active employee groups (not retirees) based on an approval method to be determined by each active employee group. Each employee group will notify the District of their decision to approve or disapprove the Insurance Committee recommended options no later than 60 calendar days prior to the close of the plan year for reconsideration by the Insurance Committee. If employee group approval of recommended plan options cannot be obtained by 45 calendar days prior to close of the plan year, the District reserves the right to continue offering the prior plan year plan options with the employees being required to contribute the monthly premium amount for such coverage in excess of the District Monthly Contribution Limit amount.

ARTICLE 24 POLICY GRIEVANCE PROCEDURE

The District, by district policy (GBM), has established a grievance procedure for the resolution of grievances arising out of a purported violation, interpretation or inappropriate application of School District policies or administrative rules and regulations. The grievance, to be valid, must state clearly what District policy or administrative rule the grievance is filed under. The District policy concerning this procedure shall remain in effect during the term of this contract but matters affected thereby or subject thereto shall not be subject to the grievance procedures culminating in binding arbitration set forth in this agreement.

ARTICLE 25 GRIEVANCE PROCEDURE

The following procedure is to provide an orderly method for resolving grievances.

- A. A determined effort shall be made to settle such differences at the lowest possible level in the grievance procedure, and there shall be no suspension of work or interference with the operations of the school system. Meeting or discussions involving grievances or these procedures shall not interfere with teaching duties or classroom instruction, except when attendance is required by the District or the arbitrator in case of arbitration.
- B. For the purpose of this agreement, a grievance is defined as a difference of opinion regarding the meaning, interpretation, or application of this agreement.
- C. Grievances will be processed according to the following steps and within the stated time limits:

STEP 1:

An aggrieved teacher shall promptly attempt to resolve the grievance informally between the teacher and his or her principal.

If the grievance is not resolved informally, it shall be reduced to writing by the teacher who shall submit it to the principal. If a teacher does not submit his/her

grievance to the principal in writing in accordance with Step 1 within fifteen (15) school days after the facts upon which the grievance is based first occurred or first became known to the teacher, the grievance will be deemed waived. The aggrieved teacher may be accompanied by one other member of the Council when presenting the written grievance.

The principal will reply in writing to the teacher with a copy to the Council within ten (10) school days after receipt of the written grievance.

STEP 2:

If the grievance is not settled in Step 1 and the teacher wishes to appeal the grievance to Step 2, the teacher may file the grievance in writing to the Superintendent of schools within ten (10) school days after receipt of the principal's written answer. The written grievance shall give a clear and concise statement of the alleged grievance including the fact upon which the grievance is based, the issues involved, the agreement provisions involved, and the relief sought. The Superintendent or his/her representative shall thoroughly review the grievance, arrange for necessary discussions, and give a written answer to the teacher with a copy to the Council no later than ten (10) school days after receipt of the written grievance.

STEP 3:

Grievances not settled in Step 2 of the grievance procedure may be appealed by the Association to arbitration provided:

1. Written notice of a request for arbitration is made to the Superintendent within ten (10) school days of the Superintendent's decision.
2. The issue must involve the meaning, interpretation or application of a specific provision of the agreement.

When a timely request has been made for arbitration, the parties or their designated representatives shall attempt to select an impartial arbitrator. Failing to do so, they shall within ten (10) school days of the appeal, jointly request the Oregon Employment Relations Board to submit a list of five (5) arbitrators. As soon as the list has been received, the parties or their designated representatives shall determine by lot the order of elimination and thereafter each shall, in that order, alternately strike a name from the list and the fifth and remaining name shall act as the arbitrator.

The arbitrator shall schedule a hearing on the grievance and, after hearing such evidence as the parties desire to present, shall render a decision. The arbitrator shall have no power to advise on salary adjustments, except as to the improper application thereof, nor to add to, subtract from, modify or amend any terms of this agreement. The arbitrator shall have no power to substitute his/her discretion for that of the Board. A decision of the arbitrator

shall, within the scope of his/her authority, be binding on the parties.

The Board and the Council will share equally any joint costs of the arbitration procedure, such as the fee and expense of the arbitrator and the cost of the hearing room.

GROUP GRIEVANCE:

If, in the judgment of the Council, a grievance affects a group or class of teachers, the Council may, with approval of the Superintendent, submit such grievances in writing to the Superintendent directly and the processing of such grievances shall be commenced at Step 2.

NO REPRISAL:

There shall be no restraint, interference, discrimination, or reprisal exerted on any employee choosing to use these procedures for resolution of a grievance. It is agreed that the grievance procedure shall be the exclusive remedy for any alleged violation of any article of this contract which is subject to the above grievance procedure.

GRIEVANCE MORATORIUM

Notwithstanding the provisions of Article 25 the timeline for filing a grievance which is subject to the moratorium in ORS 342.895 (5), shall be thirty (30) employee workdays after the District sends written notice to the employee and Council which states: 1) an event has occurred which caused the moratorium to be lifted, and, 2) the teacher has thirty (30) workdays to file grievances which were subject to the moratorium.

GRIEVANCE MEDIATION:

By mutual agreement in writing and within the timelines specified by Step 3, the parties may agree to attempt to resolve any grievance matter by appointing a mutually acceptable neutral party. Such mutual agreement shall suspend the timelines for arbitration until such time as mediation can be completed. At any time during this process, either party may, by written notification reject the mediation. If mediation is rejected, Arbitration may be invoked pursuant to Step 3.

ARTICLE 26
SITE BASED DECISION MAKING

- A. The District and the Council agree that programs which provide increased opportunities for teacher involvement in building level Site Council decision making can foster the collegial exchange of ideas and information so necessary for effective professional practice, and can improve the educational process.

Site Councils will operate in accordance with District policy IFCA, section titled Duties as Adopted 2/24/04 and State law.

The duties of the Site Council are defined in ORS 329.704(1).

Site based decision making shall be limited to site specific issues raised by the site council related to site council duties and (except as provided below or otherwise by this agreement) shall not interfere with the duties, responsibilities and rights of the Board including (but not limited to) the Board's right to establish and revise the school calendar and schedule classes as set out in Article 3.

- B. The School Board shall appropriate one hundred fifty dollars (\$150) per teacher in each building for each school year. The Site Council may expend this money for its own operating expenses and/or to fund site-based decision-making arrangements at individual schools.
- C. To facilitate the activities of the Site Council, each Site Council shall receive thirty (30) days of teacher release time to be used at the discretion of the Site Council.
- D. The Collective Bargaining Agreement will remain in full force and effect and have full application to the employees who are affected by a site-based decision making program, except as modified by mutual agreement by GPEA, the Council and the District.
- E. Notwithstanding the site based decision making parameters set out above, in the case of a secondary schedule change¹ (other than a schedule change that places teacher preparation outside of the instructional day), the District will submit the proposed schedule change to the Site Council for review and comment and confirm by secret ballot (under rules established by the Site Council) that at least 60% of all site based teachers who submit votes, approve of the schedule change (with abstentions not being considered as approval or disapproval votes). For example, the District would meet the requirements of this secondary schedule site teacher voting provision with the following secret ballot voting results:

Approval Votes	Disapproval Votes	Abstentions	Total Votes (not including Abstentions)	Approval percentage
48	32	10	80	60%

¹ Secondary schedule change for this purpose is defined as any significant, structural change to a secondary school schedule. For example, a change from a traditional schedule to a block or hybrid block schedule or a schedule change that alters the secondary daily preparation time configuration after September 25, 2013. A significant, structural secondary schedule change does not include changes to lunch periods, bell schedule adjustments and any other non-significant schedule adjustments necessary during the school year.

ARTICLE 27 NO STRIKE AGREEMENT

The Council agrees that there will be no strike (which shall include any strike action, work stoppage, work slowdown, boycott, failure to report for duty, picketing during work hours, willful absence from work, or absence in whole or in part from the full, faithful or proper performance of duty during the assigned work day or during duties under an extracurricular contract, or other concerted action that constitutes a strike under the Public Employee Collective Bargaining Act, as interpreted by the Employment Relations Board) engaged in, authorized by, or approved by the Council or its members during the term of this agreement. It is understood that "demand to bargain" negotiation issues may go to "strike" thus not violating the intent of this article if all provisions of ORS 243.698 are met.

ARTICLE 28 JOB SHARING

- A. For the purposes of this agreement, job sharing shall mean the voluntary occupation, at District discretion, of a single staff position by two (2) individuals with each assignment the equivalent total of 95 full contract days for each staff member and half day kindergarten positions.
1. Job sharing will continue from year to year at the discretion of the District; however, if the job sharing is terminated at the District's discretion each teacher shall return to the same status (i.e. part time or full time teacher status) he/she held prior to the shared position.
 2. Teachers may choose to return to their prior teacher status after the first year of job sharing. Thereafter, job sharing teachers who wish to return

to full time status may compete for full time positions through the normal selection process.

- B. Shared time positions will be compensated as follows:
1. Teaching salary will be 50% of each teacher's regular annual salary. The experience and educational step for the teacher will be the same as he/she would be entitled to if employed on a full-time basis.
 2. Division of the fringe benefit package shall be by written mutual agreement of the teaching partners with District approval, however, the District shall not be liable for more than one fringe benefit package. Teaching partners may continue on all benefit programs at their own expense.

ARTICLE 29 MISCELLANEOUS

- A. Only such existing and future work rules and benefits as are specifically covered by the terms of this agreement shall be affected by recognition of the Council and the execution of this agreement.
- B. If any provision of this agreement is held to be invalid by operation of law or by any tribunal of competent jurisdiction, or if compliance with or enforcement of any provision should be restrained by any such tribunal, the remainder of the agreement shall not be affected thereby, and the parties shall engage in expedited negotiations, per ORS 243.698, for the purpose of attempting to arrive at a mutually satisfactory replacement for such provision.
- C. Any individual contract between the Board and an individual teacher heretofore or hereafter executed shall be subject to and consistent with the terms and conditions of this agreement. If an individual contract contains any language inconsistent with this agreement, this agreement, during its duration shall be controlling.

ARTICLE 30 CONTINUING PROFESSIONAL DEVELOPMENT

- A. The District will initiate and maintain a continuing professional development plan that unit members may participate in to meet TSPC's Continuing Professional Development requirements. The District will reimburse teachers up to \$750 per year for continuing education courses pertaining to the subject areas they teach. The total amount available for all teachers District wide per year will be \$20,000 (twenty thousand dollars). Reimbursement will be awarded on a first come, first served basis based on the date proof of successful registration is received by the Personnel Office. Reimbursement payment will be made upon proof of successful completion of the continuing education course. Reimbursement will

not be available for any courses for which teachers utilize student teaching vouchers.

- B. Members have the right to choose to participate in the District Continuing Professional Development plan or to develop their own individual Continuing Professional Development Plan (as provided by TSPC Professional Development rules) which are incorporated into this agreement by this reference.
- C. With prior approval of Superintendent's designee, teachers shall be allowed to audit courses that have application to their teaching assignments or re-certification/Continuing Professional Development plan for the purpose of meeting these requirements.
- D. Teachers may choose to attend workshops, conferences, or other professional development activities for the purpose of meeting these requirements.
- E. The District shall not unreasonably withhold signature of teacher's TSPC Professional Development plan.

The first LMC meeting will be no later than the first week of October and will include a review of current teacher workload. Individual teachers with workload concerns will follow the steps outlined in Article 7 (2) (a) (b) and 7 (3). The LMC can make recommendations to the Superintendent that may include:
 - 1. Transfer or reassignment of students to balance classroom assignments/caseloads;
 - 2. Adding certified or classified staff;
