**BELONGING**

"Do you agree or disagree that in your community you feel like you matter to people?"

In Lamoille County, and most counties in Vermont, about half of youth say they agree or strongly agree.

* As they are based very small numbers, changes in Child Death and Teen Death rates over time or differences between counties are generally not statistically meaningful.
1. Vermont Department of Health & U.S. Census, 2015 3-year rolling average
2. U.S. Census, American Fact Finder, Table S1903, 2014 5-year data
6. All data for 6-13 are 2013 3-year averages. Vermont Dept. of Health, Vital Statistics.
7. Pregnant women who seek early prenatal care (care within the first trimester)
8. Infants weighing less than 5.5 pounds at birth, per 100 live births
9. Deaths to infants less than one year of age, per 1,000 live births
10. Child deaths per 100,000 children ages 1-14
11. Teen deaths per 100,000 teens ages 15-19
12. Births to mothers ages 15-17, per 1,000 females of the same age
13. Births to mothers ages 15-19, per 1,000 females of the same age
14. First births to single women under 20 years of age with less than 12 years of education
15. Vermont Department of Health, Department of Health Surveillance, 2015 reports by county
16. DCF, FSD annual child protection reports.
17. U.S. Census, American Fact Finder, Table S1501, 2014 5-year data.
19. Vermont Youth Risk Behavior Survey, 2015 reports by county

Vermont KIDS COUNT research is funded by the Annie E. Casey Foundation. We thank them for their support, but acknowledge that the findings presented in these county pages are those of Voices for Vermont’s Children alone, and do not necessarily reflect the opinions of the Foundation.
