PAST-DUE | Prevention and Social Determinants: Disparities and Utilization in Latino Elders

- Term: 09/30/2018 – 05/31/2023
- Grantee: Oregon Health & Science University
- Sub-recipient: OCHIN, Inc.
- Funding Agency: National Institute on Aging
- Grant Number: R01AG056337

The goal of this project is to better understand how the use of preventive services by older adults differs between Latino seniors and non-Hispanic white seniors over time, and the relative contribution of various social determinants of health among low-income Latino seniors.

Potential Impact

This study has the potential to aid primary care providers and policy makers to improve the health and well-being of Latino elders through identifying barriers to receipt of preventive care.
