

Why do I have to update my login?

We are instituting a more secure method for logging into Online Banking. This enhanced security system verifies member identity by requiring multiple credentials. It creates layers of security to increase the confidence that the person requesting access is actually the member they claim to be. Our system not only requires a username and password, but an additional code transmitted via text, voice message, or email to verify identity.

You'll need only one of these to get started:

Smartphone

Email Account

Telephone

Update Your Username

If your Username is not compliant, you will automatically be required to update it.

Requirements:

Must Contain: (Usernames are not case sensitive)

- Must be at least 5 characters long
- Must contain 1 number and 1 letter

Cannot Contain:

- Cannot contain spaces, less than symbols (<), nor apostrophes (')
- Cannot contain your account number(s)

Reset Your Password

Hint: To make your password stronger, include symbols like ! ? \$ % ^ &
