CELEBRATE & SUPPORT THE DREAMS OF YOUNG WOMEN IN RWANDA!

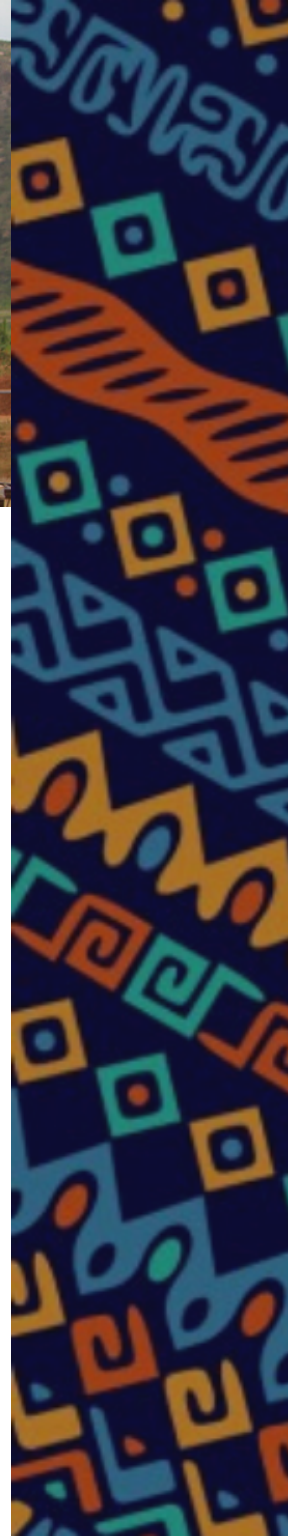

We believe that young women have the right to lead change in their community, to experience the joy of self-discovery, and to realize their potential.

Komera believes in the power of education, but we also recognize that adolescent girls require layers of support to not only attend but remain in school and graduate to become young leaders. We believe in the long term vision of supporting young women to graduate and transition on to University, jobs or business development. We recognize the importance of mentorship, communities as stakeholders, focusing on healthcare and economic development.

Each year, our Komera Social Event funds crucial programming to support Komera's scholars who are courageously pursuing educational opportunities to break the cycle of poverty!

Komera scholars are breaking stereotypes and becoming educated, empowered leaders who are inspired to create meaningful change in their communities!

Your attendance and support of this event directly impacts her success!
