WHY

Our teams of lawyers work together to provide expert legal assistance to refugees in Greece and Poland. Over the past six years, more than 350 lawyers from 18 European countries have volunteered with us.

We originally started work in Lesvos, expanded to Samos in 2020, opened an office in Athens in early 2021 and one in Thessaloniki in May 2022. We have recently launched a new project in Poland, providing legal assistance to those fleeing Ukraine. Since 2016, we have provided assistance to more than 15,000 people.

Our work has real impact: over the last two years, 69.7% of those we have assisted in Greece have been granted asylum, compared to a national average of 32%. This means that, if an asylum seeker is able to meet with our legal team before their interview, on average they are more than twice as likely to receive a positive decision.

HOW

Raise awareness of the situation in Greece and Poland. Many people understand the importance of food, shelter and other basic services. It is more difficult to explain the importance of legal support. Join us in highlighting how legal aid can help people secure a safer future and unlock many doors, such as locating a missing family member or accessing life-saving medical and psychological support.
