

November Artist

Barbara Burgess

Barbara lived in Londonderry for the past 20 years. She died early this summer after a long battle with lung cancer. From oils, sketching, cake decorating to crochet, Barbara used many ways to express her love and observation of the world.

A collection of art will be displayed at the Leach Library during the month of November 2022 as a memorial to this loving friend. Barbara encouraged friends and family to explore a variety art media. She taught crochet to seniors at the Londonderry Senior Center over the last six years. Barbara was always willing to pitch in and help or get up and dance.

We thank her children, grandchildren, and great-grandchildren for sharing Barbara with us for so many wonderful days.
