GENESEE VALLEY PSYCHOLOGY STAFF PSYCHOLOGIST OPENING

Deadline: December 15, 2022
Start date: Fall 2023

Genesee Valley Psychology (GVP) is a treatment clinic that provides evidence-based treatment, supervision and training to the greater Rochester, NY area. We offer individual and group therapy services for children, adolescents and adults presenting with a range of clinical presentations and diagnoses. Our current team includes specialists who treat:

- Obsessive Compulsive Disorder (OCD) via Exposure and Response Prevention (ERP)
- Trauma and Post Traumatic Stress Disorder (PTSD) via Cognitive Processing Therapy (CPT) and Prolonged Exposure (PE)
- Borderline Personality Disorder (BPD) & difficulties with emotion regulation via comprehensive Dialectic Behavioral Therapy (DBT)

The clinician will be responsible for conducting psychosocial intakes, individual and group psychotherapy services. This position includes opportunities for continued learning, supervision, community and research opportunities. We value working together flexibly to meet the needs of the community.

Candidate Requirements:
- Licensed in NY State (or to be licensed by time of employment)
- Has experience providing CBT (CBT-based interventions) in both individual and group
- Has experience utilizing manualized based treatment on track of interest (OCD, Trauma, DBT)
- Willingness to work in-person 5 days per week

The ideal candidate:
- Has experience with ERP and/or is eager to learn and receive training (not required)
- Has experience with DBT and/or is eager to learn and receive training (not required)
- Has experience with CPT, PE, TF-CBT and/or is eager to learn and receive training (not required)
- Has prior experience providing supervision for trainee (not required)
- Willingness to work with kids, adults and teens
- Has interest in working with racially and economically diverse patient populations, and is able to provide culturally responsive care and self-reflection
- Is willing to engage in ongoing work as an individual and team to increase their own cultural awareness, responsiveness, and skill in working with colleagues and clients with ranging identities across the ADDRESSING framework

Responsibilities include:
- Providing initial intake assessment, conceptualization and treatment recommendations
- Serving as the primary therapist with caseload 25 weekly clinical hours
- Maintaining documentation in accordance with clinic policies
- Participate in weekly interdisciplinary team meetings, didactics, staff meetings and case consultations
- Providing supervision to psychology externs/postdocs/mental health counselors
- Develop special projects in accordance with clinic needs
- Providing didactic training to students and staff

What we offer:
- Competitive salary
- Collaborative and engaged team of mental health professionals, focused on continued education of evidenced-based practices and professional growth
