Thank you for your email of 25 November where you requested the following:

'Can you please tell me what are the accredited courses of education that all new army recruits aged under 18 are required to complete as a minimum at: a) ITC Catterick and b) ATC Pirbright. Also please can you tell me what accredited courses recruits are required to complete if they arrive to train when they hold qualifications that are equivalent to (or at a higher educational level than) the standard courses provided to other recruits.'

I am treating your correspondence as a request for information under the Freedom of Information Act 2000.

A search for the information has now been completed within the Ministry of Defence, and I can confirm that information in scope of your request is held.

Since 2012 the Army has used the Functional Skills framework as the measure for demonstrating literacy and numeracy skills attainment. Recruits, regardless of age, who arrive as sub-Entry Level 3 complete a Functional Skills course to achieve accredited certification at Entry Level 3 for English and Maths.

**Infantry Training Centre (ITC), Catterick**

All recruits at ITC are enrolled onto the Combat Infantryman's Apprenticeship (Level 2 qualification). Although they embark upon this at Catterick, they complete it as trained personnel. All recruits who complete the Combat Infantryman's Course achieve a City & Guilds Level 1 certificate for Effectiveness at Work. Junior Entry Infantry recruits arriving to Catterick from the Army Foundation College Harrogate will have completed numeracy and literacy functional skills at Level 1 as a minimum while at Harrogate.

**Army Training Centre (Pirbright) - Initial Training Group (ITG)**

All recruits (Regular and Reserve) on completion of Phase 1 training at ITG units - regardless of age or previous educational achievement - will be accredited with the Level 1 Effectiveness at Work qualification in accordance with the Army Skills Offer.
