

Try drawing hair in big shapes with just a few unruly bits sticking up and across forehead

Shocked or surprise mouth!

Look at hairlines, everyone has a different size forehead

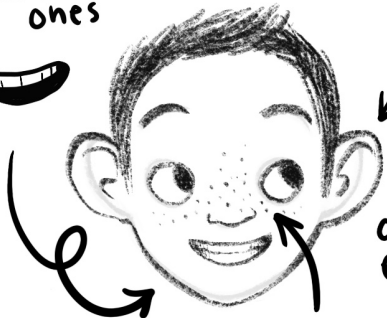

Little line under lip line helps suggest lips without full outline (it's the shadow under bottom lip!)

Play with eye shapes - not always big & round

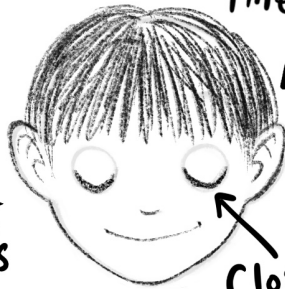

Messy hair is a bit more bouncy on top!

Draw teeth in blocks of white with a few faint lines to show individual ones

Freckles are cool!

Try different ear sizes

Straight fine hair

Closed eye shape

Add accessories like this bandana

Longer cool surf hair is fun + wavy!

Make caps look more believable with shadow under brim

Eyebrows are a great simple way to show expressions...

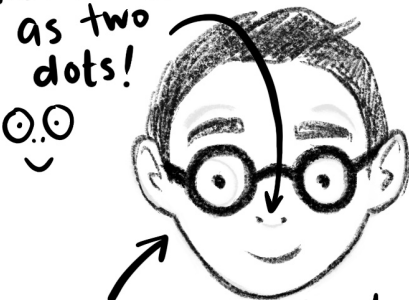

these are angry or moody...

...or anxious or worried like this shape

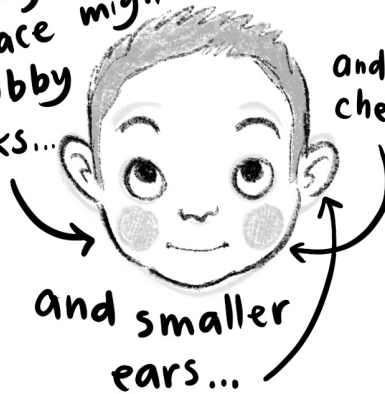

Noses are wild! So many different shapes and sizes!

Sometimes the nose is just best as two dots!

Glasses are tricky! It helps to keep the eyes simple

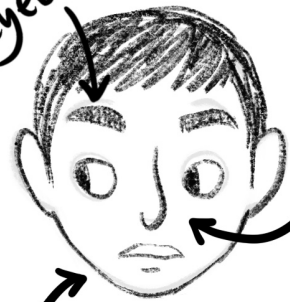

Slightly younger face might have chubby cheeks...

and rosy cheeks...

and smaller ears...

Sometimes thicker eyebrows

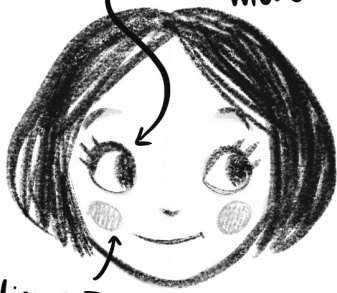

Try more nose shapes!

Draw the outline of the top lip for fuller lips with little shadow line underneath

Make eyelids a teeny bit thicker on top lid to make more cute

Sometimes I add faint pink circles to cheeks (under eyes) to give a rosy glow

Whispy bits of hair to keep it real!

try lines across the eye circle to focus eyes

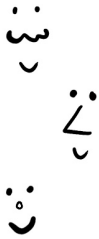

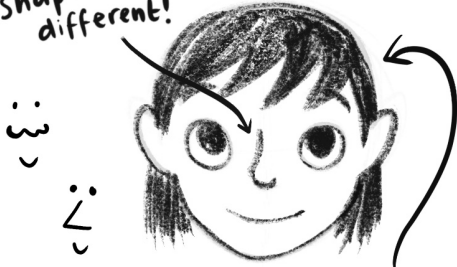

add dimples for a cute smile!

Squish pupils at tops of eyes to look up!

draw curls in a big bouncy shape then add single curly bits poking out

try different nose shapes... everyone's is different!

fringes are tricky! I draw pointy bits where hair clumps together

try different lips too - I like drawing this shape with a little line underneath for shadow

Bows + ribbons are fun!

for surprise face, try an "O" mouth! and big open eyes!

This shape eyebrow is great to make someone look worried

Sometimes I add cool freckles over nose area

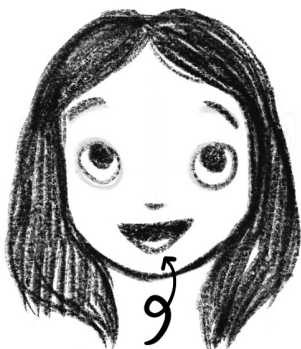

plaits are tricky to draw! I draw bumpy shapes with wispy bits poking out

mean eyebrow shape!

Sad unsure mouth

shiny white bits in eyes to make them look teary

happy open mouth - almost triangle shape with a little bit at the bottom - that's the tongue!

wispy lines of hair help hair look realistic

Sleepy eyes zzz lines across the ball and lines underneath to make them extra tired zzz

curly shapes!

miffed face Sad and cross!
