These boys seem happy in this home. There are two sets of brothers who share rooms. They all like that Arrangement. One boy said he likes being at this home because they have a lot of different kinds of food and he gets More to eat. Another boy said he is really happy here because he feels safe and protected. They all feel the food is Better than any other place they have been (most are referring to Valley of the Moon). One young man told me how Much he likes being able to share his feelings with Scott. He feels that he can finally let out some of his feelings to Someone who he trusts.
