## Youth Interviews

TOPICS	S	N.I.	Comments
Evaluation of Program	X		Youth love the structure at Hanna even though in the beginning it was not something that they wanted. The curriculum and the smaller classrooms are exactly what youth like now that they've matured.
Counseling/ Therapy	X		"In house" and individual case workers.
Physical Education	X		Varsity and Jr. Varsity sports with qualified coaches. Competition with other schools just like any other school.
Health Services	X		Health and dental services available on grounds on a regular basis.
School	X		Some youth have the opportunity to attend Sonoma Valley High School in Sonoma but there are also teachers on staff.
Food	X		Culinary Epicurian employees work with Hanna staff and also teach interested youth how to work in culinary. Youth assist in "prepping the food. Under strict supervision.
Snacks	X		Snacks are plentiful. Youth are allowed to also have their own snacks from home and kept in their cottage in their designated location in the kitchenette.
Library	X		Ample amount of books and a librarian who is helpful.
Chores	X		Youth do chores everyday on a three month rotation so as not to do the same thing all the time.
Money	X		Youth can also work at Hanna and their pay is determined by the amount of responsibility and the difficulty of the task as well as the status of the youth. (There are four different status ranks. One and two have more privileges) Youth can also ask for raises and their requests are evaluated by Hanna staff.
Mail / Phone	X		No problems with mail delivery or receipt of mail except for packages which have to be opened in front of manager or case worker for our own good.
