State Finals Update

The NCSG staff continues to plan State Finals and we hope to have in-person activities.

On July 27th, the CDC updated recommendations, suggesting that all individuals – fully vaccinated and un-vaccinated – wear masks in public indoor settings in areas of substantial or high transmission.

Therefore, with caution and safety as our foremost priority, if these guidelines remain in place, masks would be required for all participants, spectators and volunteers in the following events:

Badminton  
Basketball Shooting  
Basketball Tournament  
Billiards  
Bowling  
Cheerleading  
Cornhole (If moved indoors due to inclement weather)  
SilverArts Follies  
Swimming  
Pickleball (Masking will be required except when on the court.)  
Table Tennis

NCSG’s initial statement remains true as we will continue to make decisions that ensure the safety of our participants, spectators, volunteers, and staff. As guidelines change, NCSG will continue to adapt our protocols for State Finals.

“In-person activities are recommended only for the fully vaccinated and may be moved to virtual events, if necessary for safety. All in-person activities offered will follow the CDC, NCDHHS, and local public health guidelines, whichever is most restrictive, that are in place at the time of the event including but not limited to crowd size, social distancing, masks, and spectator restrictions.”
