Together we make a difference

From humble beginnings in 1995, PROCARE has grown into one of South Africa's most reputable Wellness Companies. We are renowned for our diverse expertise, dynamic approach and dedication and we pride ourselves on our reputation and track record.

We know life becomes more meaningful and feels more enjoyable when you are Emotionally well. We also know how difficult it is to keep your balance in our challenging and stressful modern society.

People often ask me what has been the secret of our success? The answer is simple: People still care. Employers care for their employees, Educators care for their learners, Parents care for their children, Couples care for their relationships, People care about their own wellness and the wellness of others.

NATIONAL FOOTPRINT

We have a national footprint with offices in Gauteng and Western Cape. PROCARE Western Cape is based in Wellington and only operates in the Western Cape, while the mother company, based in Pretoria, takes responsibility for all other regions.

Our national network of qualified professionals includes social workers, psychologists, professional counsellors and trainers.

“People often ask me what has been the secret of our success? The answer is simple: People still care”
