

GEAR PACKING TO-BRING LIST AND LUGGAGE

2023 Recommended items to bring along

RECOMMENDED ITEMS

Check out our to-bring list and packing instructions, weight and size are key in the countryside! This list is not compulsory, but it is recommended to bring all items listed to be well prepared.

ARRIVING WELL EQUIPPED:

- **Warm clothes for evenings** (1 light Jacket, 1 sweater)
- **Dry fit underwear** (1 long sleeves, 1 short sleeves, 1 leggings) & **Dry fit sweater** (1)
- **Duffle bag** (so your luggage is protected from dust & rain)
- **Neck wind protection** (small scarf or similar)
- **A pair of sneakers**
- **Small backpack** (max (!) 12 liters to take on the bike)
- **Camel bag** (2 liters)
- **Large ultra thin rain jacket** that fits above protectors (we sell Husqvarna rain jackets in our shop for around 40€ if needed)
- **Mosquito repellent**
- **Ear plugs to sleep** (sometimes wind can be quite noisy)
- **Sun protection & sunglasses**
- **Warm hat** (for evenings)
- **Lip balm** (!!!)
- **Sanitary kit / wet tissues** (to clean for the days without showers)
- **Bathing trousers** (not needed during Gobi tours!)
- **1 microfiber towel**
- **Headlight or small flashlight**
- **Medication** (pain killers)
- **Eye drops for dry eyes** (always good to have those!)
- **Sleeping bag** – we do provide them (freshly laundered before every tour) so no need to bring, unless you prefer to use your own.
- **Camping mat** – we do provide normal camping mats. If you prefer an air mattress you need to bring your own.

WATER SUPPLY

ZERO PLASTICS

- We will be riding and camping in Mongolia's most pristine nature. We intend to leave no trace after every camp departure.
- We are aiming to follow our **ZERO plastic** policy on all tours, where possible. Water bottles made out of plastic remain to be a huge burden to the Mongolian environment.
- Therefore please make sure to bring a robust, reusable 1 liter drinking bottle, which you will keep for the entire tour.
- We recommend **NALGENE** or similar, anything unbreakable.
- A fresh water source to fill up your bottle will always be supplied by our team. There is no need to bring any sort of water filter systems.
- Staying hydrated (especially during the warmer summer months) is extremely important. This bottle is an addition to the 2l camel bag you carry in your backpack while riding.

LUGGAGE INSTRUCTIONS

DUFFLE BAG

- Weight is key! Make sure your luggage does not exceed around **12kg per person** (excluding bike gear if you bring your own).
- We recommend a water-resistant duffle bag, similar to this one: BASE CAMP DUFFEL size M or L.
- Duffle bags carry all your belongings and will be transported in our support vehicles.
- Make sure to NOT bring larger hard-shell cases!
- Any larger luggage will need to be left at our office during the trip. We do have a locked room for you at our hangar if needed.
