Dear Friends and Neighbors,

We're coming up on my favorite time of year: autumn! I'm so excited to be helping my best friend's daughter move into her dorm at the alma mater where her mother and I met. I'm looking forward to the Aging at Home Center's official Open House. I'm ready to begin another year of mentoring a young clergyperson serving in Michigan. I love the cooler nights and the long walks they inspire.

At Wayne Community Church, we continue to be active in our community and stand ready to assist our neighbors with whatever needs arise. We are engaged in topics that matter to all of us: equality, climate care, and peace. We are working to become more and more accessible to the community through things like hybrid worship (both in-person and livestreamed), online auctions, a table at the Wayne Farmer's Market and Strawberry Festival, and bridges with other groups in town like the Cary Memorial Library and Aging at Home. Our online calendar waynemaineevents.com (which includes partners: Town of Wayne, Ladd Recreation Center, Sustain Wayne, and the Androscoggin Yacht Club) continues to grow in its reach (so don't forget to post your events – even if they're already scheduled for next year!) and we have been able to broaden the reach of other nonprofits through our Wayne Presents! Informational series.

All this is to say that we will not stop working for you, our neighbors and friends. "We love because [God] first loved us" (1 John 4: 19). All of these ministries are how we show our love for God AND our love for you AND our love for one another.

In grace and peace,

Rev. Angela

Dear Wayne Messenger Recipient,

You may be surprised to know that each month, the Wayne Community Church mails out 509 copies of the Wayne Messenger through the US Postal Service and emails 413 copies to our online recipients.

It is the time of year to again ask you, our readers, to make an annual donation to the publication of the Messenger if you are able. We very much appreciate the donation that the Town of Wayne contributes each year but continue to need the additional support of email and postal recipients to help the church cover annual production costs of approximately \$12,000.

If you receive your copy in the mail, we have enclosed an envelope for your donation, which we hope you will return at your earliest convenience. For those receiving The Wayne Messenger via email, we hope you will mail your contribution to Wayne Community Church, PO Box 300, Wayne, ME 04284. Please indicate "Messenger Donation" in the memo space on your check.

As an Outreach ministry of our church, we do not require payment for the Messenger, however, we would really appreciate it if you would consider making an annual donation – no amount is too small.

If you have already sent us a donation in 2022, thank you so much for your support!

Thank you for your consideration,

The WCC Outreach and Missions Committee

*Thank
you!*

Hannaford Program 10 Year Celebration at WCC:

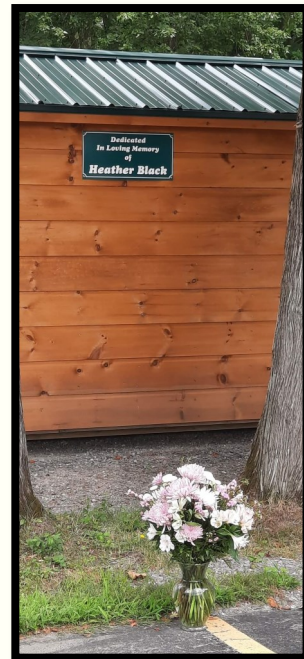

This year we celebrated our 10th year with the Hannaford Card Program. More than \$1,000,000 in cards have been purchased through us, providing \$50,000 to our general fund over that time. Thank you for coming out for our free community barbecue! If YOU would like to be part of this fantastic and FREE way to support the Wayne Community Church, whether purchasing gift cards for someone else or loading and reloading a card to buy your own groceries, please email Hazel Stevenson at wccannafordgc@yahoo.com or call 207-754-6007.

Thanking Hazel for the Hannaford Program

Informational Programs of Interest to the Community

INTRODUCTION TO INSULATION

Meet Lily McVetty of Efficiency Maine

SEPTEMBER 27 2022

6:30-7:30 PM

WAYNE COMMUNITY CHURCH FELLOWSHIP HALL

Thousands of Maine homeowners have benefited from Efficiency Maine insulation rebates. They are popular because they help reduce heating and cooling costs, improve year-round comfort, and help prevent ice dams and frozen pipes. Efficiency Maine will be presenting an introduction to insulation, available rebates, financing options, technical resources, and their installer locator.

Program will be followed by Questions and Answers.

Lloyd C. Irland

This is not a subject you want to be pondering on nice autumn days. But there is some new information that will interest all shoreland property owners. First, it is well known that on transfer of a property in the Shoreland Zone, a septic system inspection must be performed by a licensed professional, and a copy provided to the State. This spring, at Town Meeting, Wayne voters adopted a further requirement: that this report also be provided to the Town office for its files. Over time this will be a benefit, as realtors often ask for this information.

More troubling, though, is this: a leading pumping service tells us that they are often pumping septic tanks that are heavily overloaded with solids. Widely used antibacterial chemicals used in the home are flushed down drains. They are hindering decomposition. This means that more frequent pumping can be needed compared to years ago. Or, perhaps people are just waiting too long to get around to it. Do you know when yours was last pumped?

Recent news articles point out that treatment plants receiving the waste from the pumping services are going to raise their rates. This is due to new requirements for dealing with the "Forever Chemicals" that I'm sure you have read about. These cost increases will not be small change and will be passed on to property owners.

Still, pumping every 3 or 4 years is a good insurance policy, costing you less than \$100/year. There is more -- we had ours pumped this spring. During the work, they detected a problem with our system that we quickly fixed. Had that gone undetected it would have had costly and disagreeable results.

Finally, while experts recommend pumping regularly, they advise against leaving a tank empty over the winter. On the Web, you can find ways to estimating how long a 1,000 gal. takes to fill.

Note: Several months ago, the Messenger had a good summary on this subject. Check the Web for the April 2022 issue.

Camp Roads and Our Lakes

Fred Hurley - Conservation Commission

Private dirt and gravel roads are an important and little recognized part of everyday life in Wayne. They provide access to a large number of year-round residences and seasonal camps on the many lakes and ponds so highly valued by all who live and visit Wayne. They traverse miles of diverse terrain, different soil types, slopes, and wetlands leading to the shoreland. Some are well planned, constructed, and maintained, others much less so, and some follow the same path that has been used for generations, including the cows and sheep that once roamed the hillsides. Those that cross hilly and steep terrain can be and often are severely eroded by rain and melting snow, most often by the combined actions of each, during spring thaws and freshets. In several areas, roads run straight down steep slopes for long distances. Over the years, the frequency of intense storms has increased. In many places, you will see gravel washed over the surface of shorefront roads. This is a clear sign that nutrients are entering the lakes.

The Town road system includes about 4 miles of gravel roads. All of these roads present a variety of environmental issues and maintenance challenges, to say nothing of the recurring cost and impact on the vehicles that traverse them. In a few instances, the roads are muddy and narrow so that modern fire trucks have difficulty getting down to the ends of them.

The 2016 Comprehensive Plan for Wayne dealt with this issue.
 1. There is concern that stormwater runoff, particularly along private camp roads (many of which are not paved) may be negatively impacting Wayne's eight lakes and ponds through soil erosion/sedimentation and phosphorous loading. Winter road maintenance, as well as road and ditch work, may also be contributing to the problem. The State boat launch needs some work. (p. 64)

Many of these roads service multiple shorefront property owners and traverse private land often owned by different landowners, according to right-of-way agreements established long ago. Such agreements are often vague, difficult to locate, if they can be found, or ever existed, and others are verbal permissions that are impossible to track. Few likely contain provisions regarding maintenance and other matters. Some private roads have no association to manage them.

These are among the many factors that present themselves when camp road problems and needs are discussed. The attached links provide some valuable information and address a variety of issues and considerations. The bloom last year on Androscoggin shows us that our lakes are affected by the landscape around them. Any one driveway, path to the lake, or informal boat launch means nothing. But the sum total of all of them is affecting the lakes.

The Wayne Farmers’ Market will be wrapping up for the year on Saturday, September 3, from 9am until noon, at the park beside the post office. This will be a great opportunity to stock up on a variety of great products. Put some meat in your freezer! Create a super veggie platter with cheese for your Labor Day celebration. Make it special with fresh herbs. Add a pie. Fill a closet shelf with gifts for friends and family: lavender creations, natural skin care products, maple syrup, pottery, pepper jellies and goats milk soap. While you’re at it, chow down on a muffin or cookie while you listen to the music and experience the camaraderie that makes this market so special.

The market committee would like to hear from you. What did you love about this year’s market? Do you have suggestions to make it even better? Contact any of us – Theresa Kerchner, Leslie Burhoe, Jane Davis, Tammy Birtwell, or Cindy Townsend. Or leave a message on our Facebook page: <https://www.facebook.com/wayne.maine.farmers.market>

We will see you next year!

Wayne Conservation Commission Fall Outing

The Wayne Conservation Commission invites you to a walk/hike at the MacDonald Conservation Area and the adjoining Readfield Town Forest on Sunday, October 2 at 1:00 P.M. The MacDonald Conservation Area and Readfield Town Forest are jointly managed by the Kennebec Land Trust and Town of Readfield. Consisting of over 200 combined acres, these two beautiful parcels

have hiking trails through mixed woods, over small stream tributaries and to some old farm foundations. Meet at the KLT parking area at the top of Kents Hill Road (past Innes Ridge Road), on the left, in North Wayne. The parking area is small, so if you know of others who plan to participate, please carpool if possible. For more information, please contact Diana McLaughlin by phone at 685-9540 or email at mclaughlin.diana.m@roadrunner.com

SAVE ANDROSCOGGIN - Campaign for a Healthy Lake

At the start of the summer, Androscoggin Lake Improvement Corporation (ALIC) and 30 Mile River Watershed Association announced a joint fundraising effort to support a three-year program to combat invasive milfoil in the lake and to reduce phosphorus runoff causing algal blooms that turn the lake green and are potentially harmful to people, pets and wildlife. Our program is called Save Androscoggin – Campaign for a Healthy Lake.

As of early September, the results of the Save Androscoggin campaign are very encouraging. So far, we have received approximately \$100,000 in gifts and future pledges!

ALIC and 30 Mile are gratified that so many of you care about the future health of Androscoggin Lake. But, we still have more work to do to protect the health of the lake, and you can be part of the solution by making a tax-deductible contribution to Save Androscoggin.

Later this fall, you will hear more about the action we have already taken to fight milfoil and algae blooms and why your financial support is so critical to the Save Androscoggin program. To keep the momentum going to reach our funding goal and to show your support for Androscoggin Lake, please visit <https://30mileriver.org/save-androscoggin/> to make your contribution.

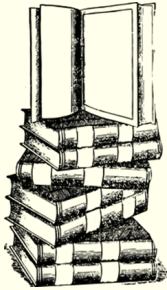

Art Display at the Williams House - Pamela Hedden will display original watercolor paintings and share her portfolio with you at the Williams House over Labor Day weekend. Peek through unframed originals, some Wayne scenes, landscapes, interesting buildings and more. Unframed art is affordable and allows you to frame to your liking.

Please drop by during First Saturday on 9/3 from 9-noon, Sunday 9/4, 11 am-2 pm or Monday 9 am to noon.

OPEN HOUSE OPEN HOUSE OPEN HOUSE OPEN HOUSE OPEN HOUSE

Our official open house will be on Saturday, September 10 at 2:00 PM. Come view our space and join us for refreshments. We will be collecting ideas for the future of our lovely new AAH Center!

Announcement: Pam will be out for knee surgery from September 13 for several weeks. Deborah Emery will head the AAH program again while Pam is out. Thank you, Deborah!

Tuesdays have become a handwork day. A number of people are learning to knit or teaching others to knit. Some are crocheting. Some are just visiting with others. Bring some stitchery or just bring yourself!

BRIDGE Joan Sandidge is organizing bridge for Wednesdays 1-4:30 PM at the Center. If you would like to play, just come...come with a partner. (This means you don't need to sit out too long. We will be changing partners.) For more information, call Joan at 303-5521.

Chris Bragg would like to have you join her in a walk on Tuesdays at 10:30 AM. The group will leave from the AAH Center and walk around "downtown Wayne" for 1/2 hour or so. To join Chris on Tuesdays, just come! Or for more information, call Chris at 207-547-3654.

We would like to have people 60 and over display their artwork on the walls of the AAH Center. We will have a rotating display of art for all to enjoy. If you have original paintings or photos you would like to share in this way, or if you know of someone else who might be persuaded to display their art, call Pam.

Do you know about the freeze on property taxes for people age 65 and over? It is available for people who have owned a "homestead" in Maine for at least 10 years. A homestead is your primary residence. You can get the application for the freeze on your taxes from the town office. It is a simple one-page form. If you would like help filling it out, or would like a form mailed to you, let me know and I will see to it.

There is a new suicide prevention and crisis lifeline: 988 is the new three digit code that will route callers to the National Suicide Prevention Lifeline. This number is available to anyone in the United States. If you have someone in your life who may be in crisis, give them this number. You may save a life!
