

VISITORS HEALTH QUESTIONNAIRE

All persons visiting TWC and who may visit an area where food is directly handled are required to complete this form.

Name

Date

Purpose of Visit

| | YES | NO |
|--|-----|----|
| 1. Over the last 48hrs have you suffered from any form of sickness and/or diarrhoea? | | |
| 2. Have you been in contact with anyone suffering from the above symptoms in the last 48 hours? | | |
| 3. Have you any history of, or been in close contact with anyone suffering from enteric fever (typhoid, paratyphoid), other infections caused by salmonella, shigella, or VTEC E. coli (eg O157), hepatitis or jaundice? | | |
| 4. Are you suffering from any skin conditions (eczema, dermatitis, boils or septic cuts etc)? | | |
| 5. Have you any diseases of, or discharges from, the ears, nose, eyes, mouth or gums? | | |
| 6. Are you suffering from bronchitis or a productive cough? | | |
| 7. Have you visited any high risk countries in the last month? (including countries in Asia, Africa, South America) | | |
| 8. Have you visited any other food production facilities within the last 24 hours? | | |
| 9. Have you travelled abroad in the past 14 days? If yes further questions will be asked by your host manager. | | |
| 10. Have you, or anyone you have close contact with, suffered from any symptoms of Covid 19 in the past 14 days? | | |

Please note that this is a food production site. Please also note that we operate a nut free site. Smoking, eating and drinking are only permitted in designated areas. Please ask your host manager for information before smoking, eating or drinking. Please wash and sanitise your hands before entering any food handling areas (distribution centre or when looking at field harvesting). Please wear the protective clothing supplied by your host manager when requested, and keep it on at all times in food handling areas. Please make sure you are not wearing any jewellery other than a plain wedding band (this includes necklaces). Any jewellery may be left with your host manager for safe keeping during your visit. Watches are not permitted in food handling areas or during harvest. Do not enter food handling areas if you are wearing strong perfume or aftershave.

For biosecurity reasons, if you are entering the land crop field environment, please ask your host for a change of footwear, as only TWC supplied boots may be worn. Please wear a mask when within 2 metres of others or when asked to by host.

I declare that I understand the above questions and that my responses are true to the best of my knowledge.

If the answer is **YES** to any of the above questions, you **MUST NOT** enter a food handling area without first speaking to the Technical Manager.
