For comparable purposes, a full-time employee works forty-eight (48) hours or more in a fourteen (14) day pay period (.6 FTE or more) and a part-time employee works forty (40) hours or less in a fourteen (14) day pay period (.5 FTE or less). If the employee to be laid off is the least senior employee in the CND, the employee may bump the least senior employee in the bargaining unit whose position they are capable of performing.

(1) Any affected nurse who goes to a new unit/department shall be given the same orientation provided to a new nurse with comparable years of experience, which shall be individualized to his or her specific needs up to a maximum of eight (8) weeks. At the time of the interview the new unit's orientation needs to be discussed with the nurse.

(c) A nurse who bumps to a new unit/CND shall have recall rights to his/her original unit in a comparable position for one (1) year. A nurse who bumps to a new unit/CND shall be given a reasonable orientation.

Section 5. Employees eligible for Medical Plan Benefits that are laid off shall

be able to maintain their Medical Plan Benefits in accordance with the ongoing premium sharing cost based on the following schedule:

(a) less than one (1) year continuous service, sixty (60) days of Medical Plan coverage;

The minimum severance payment shall be four (4) weeks. Part-time employees (.6 or more) shall be entitled to pro rata severance pay based on the above formula.

ARTICLE 18. DISPLACEMENT

Section 1. Displacement is defined as the permanent transfer of a nurse from his/her position into a vacant position covered by this Agreement as a result of downsizing or restructuring of a unit(s) within the bargaining unit.

Section 2. MFH shall inform the UNION in writing thirty (30) days in advance of any unit or department closing or downsizing and prior to the actual displacement of any nurse.

MFH shall immediately thereafter meet with representatives of the UNION and the nurses of said affected unit(s) to discuss the above downsizing/closing.

Section 3. Upon notice to the UNION of said downsizing, MFH shall immediately freeze all vacant and new positions in the bargaining unit and shall present the UNION a list of all available vacancies in the bargaining unit.

MFH shall post a list of all available and suitable vacancies outside the bargaining unit in the Mercy Health System for which displaced nurses may apply.

Section 4.

(a) Employees displaced from their nursing unit will be given priority bidding for comparable vacancies within their CND. If none, or an insufficient number of vacancies

exist, the employee may take a voluntary layoff or shall be given preference for vacancies in the bargaining unit. If a displaced nurse declines this position, he/she shall waive all future bidding rights.

(b) MFH seniority shall determine the bidding priority of displaced nurses. In the event two (2) or more nurses have the same MFH seniority, the “alpha” sequence of surnames shall determine bidding priority.

(c) In the event there are an insufficient number of vacancies the displaced nurse shall follow the procedures outlined in Article 17 (Layoff/Recall).

Section 5. An employee who is displaced from a full-time to a part-time position and loses his/her full-time Medical Plan Benefits, shall be entitled to maintain his/her Medical Plan Benefits in accordance with the ongoing premium sharing costs for six (6) months up to five (5) years of MFH service and twelve (12) months Medical Plan Benefits for five (5) years or more of MFH service or until he/she has been recalled to a comparable full-time position.

Any part-time employee currently receiving benefits whose hours are reduced shall be entitled to fifty percent (50%) paid health benefits based on the MFH service formula above.

Section 6. A displaced nurse who bids into a new unit/CND shall be given a reasonable orientation.

Section 7. In the event a nurse resigns due to displacement, he/she may apply for unemployment benefits.

ARTICLE 19. CND RN ADVISORY FORUMS

MFH and the UNION agree that topics that will not be addressed at the Forum include, but are not limited to: specific employee grievances; specific disciplinary actions; individual interpersonal conflicts; and individual performance reviews and compensation. No RN shall be disciplined for raising a patient care issue at a Forum or to his/her manager.

Section 5. The UNION and MFH agree to use the services of the Federal Mediation and Conciliation Services (FMCS) to address unresolved issues concerning staffing in an effort to resolve such issues.

ARTICLE 20. UNION ACTIVITY, ACCESS TO MFH AND BULLETIN BOARDS

Section 1. No employee shall engage in any UNION activity, including the distribution of literature, which could interfere with the performance of work during working time or in work areas of the Employer at any time. UNION activity during working time shall be restricted to meeting with MFH supervisors and officials at mutually agreed upon times during the regular business hours of MFH. All other UNION activity, of any type or description, shall be conducted outside employee working time and outside work areas.

Section 2. Nurse Representatives of the UNION shall be permitted to furnish information, police the terms of this Agreement, process grievances and perform related duties concerning the application or interpretation of this Agreement, provided such activities do not interfere with the performance of their duties. MFH recognizes that UNION Nurse Representatives may be required to handle grievances during working time in limited emergency situations. In such circumstances the Nurse Representative will secure permission from his/her supervisor to report off work and will accurately report all regular work hours spent in such activity on the forms provided by MFH. Such permission shall not be unreasonably denied.

Section 3. Representatives of the UNION, after first receiving permission of MFH's Director of Employee Relations or his/her designee, shall have reasonable access to nonpatient care areas of MFH for the purpose of administering this Agreement. A UNION Nurse Representative intending to go to a department/unit, other than the one he/she represents, in order to investigate a grievance, must receive permission from his/her Department manager or his/her designee to leave the unit and permission from the Department manager or his/her designee of the department/unit he/she is entering. Such visits will not interfere with the operation of MFH. Such permission shall not be unreasonably denied.

Section 4. MFH shall provide and maintain three (3) enclosed bulletin boards: one (1) outside the Human Resources Department, one (1) outside the Nursing Service Office and one (1) outside the MFH cafeteria which shall be used for the purpose of posting notices

pertaining exclusively to UNION business after such notices have been cleared by MFH's Director of Employee Relations. Permission to post material shall not be unreasonably denied.

Section 5. Employees shall not be compensated for time spent in engaging in UNION activities of any kind, type or description, including, but not limited to, investigating, processing, discussing or handling grievances at any Step, or attending arbitration proceedings. Provided however, that if MFH schedules a meeting during an employee's regular scheduled work hours, the employee and his/her UNION Nurse Representative and/or a local UNION Officer suffer no loss in earnings as a result of discussions required to be held during such regular scheduled work hours.

Section 6. Elected or appointed UNION Officers or Nurse Representatives may request planned release time for official UNION business prior to the schedule posted. Such leave days shall not exceed five (5) excused days per year. Holiday or vacation time or option of a day without pay may be used. Absences shall not be counted for excessive time purposes. Such leave days shall not be unreasonably denied.

Section 7. The work schedules of employees elected as Local Officers and/or UNION Nurse Representatives shall be adjusted to permit attendance at regular Nurse Representative Assembly Meetings provided that MFH's operation shall not be impaired. Seven (7) calendar days advance notice in writing to the employee's Department manager or his/her designee head shall be given for any Nurse Representative Assembly Meeting not held on the regular schedule.

Section 8. MFH will attempt to provide coverage for designated participants in any UNION/MFH meeting or committee.

ARTICLE 21. UNION SECURITY/AGENCY SHOP

Section 1. All employees who are members of the UNION on the date this Agreement becomes effective or who, during the term of this Agreement, become members of the UNION, shall, as a condition of employment, remain members in good standing of the UNION during the term of this Agreement, except that an employee who has joined the UNION may resign his/her membership therein during the period of fifteen (15) days prior to the expiration of this Agreement. All employees who are not members of the UNION on the date this Agreement becomes effective or who are hired during the term of this Agreement, shall, within thirty (30) days of the date of this Agreement becomes effective or their date of hire, whichever is the later, become and remain members in good standing of the UNION during the term of this Agreement or pay the equivalent of periodic UNION dues and fees.

in the UNION” shall require only that the employee tender to the UNION the periodic dues and fees uniformly required as a condition of acquiring or retaining membership.

Section 3. An employee who has failed to maintain membership in good standing or pay the equivalent of periodic UNION dues and fees as required by this Agreement shall, within twenty (20) calendar days following receipt by the Employer of a written demand from the UNION requesting his/her discharge, be discharged if, during such period, the required dues and fees have not been tendered.

All regularly scheduled employees (.6 FTE or more) who have worked a minimum of 1250 hours in the preceding year and who have completed twelve (12) months of continuous employment shall be entitled to take a Family and Medical Leave Act (hereinafter called “FMLA”) leave of absence in accordance with the Family and Medical Leave Act of 1993 (“FMLA”). In accordance with the FMLA, eligible nurses may receive up to twelve (12) weeks of unpaid consecutive and/or intermittent leave in a rolling twelve (12) months period for any one or more qualifying event. In addition, eligible employees as defined above may take up to forty (40) weeks of Supplemental Medical Leave of Absence for the employee’s illness or injury. If medically necessary, and as governed by the FMLA, such leaves may be taken on an intermittent basis or on a reduced work schedule. (b) All regularly scheduled part-time employees (.3-.5 FTE) shall be entitled to take a Family and Medical Leave Act leave of up to six (6) weeks, but shall not be entitled to take a Supplemental Medical Leave.

Section 2.

(b) An employee who returns to work beyond twelve (12) weeks shall be given preference for vacancies in the same CND. If no vacancy exists in the CND, the employee may accept a vacant position outside the CND for which her/she is qualified.

(c) In the case of a medical LOA or FMLA based upon the employee’s own illness, injury or medical condition, an employee must use his/her long term sick leave. After long-term sick leave is exhausted, or if none is available, an employee on a medical LOA must

05/08/2017 SL1 1441373v5 030512.00131

use his/her earned time off in the following sequence: CTO, vacation, until a balance of forty (40) hours remains. The balance can be a combination of CTO and vacation.

For FMLA leaves taken for reasons other than the employee's own medical condition, an employee must use his/her earned time-off in the sequence set forth above (*i.e.*, CTO; vacation; down to a balance of forty (40) hours, etc.)

Section 3. Leave of Absence for job related degree educational programs may be granted for up to eighteen (18) months within a twenty-four (24) month period.

Section 4. A Personal Leave of Absence may be considered for a period of four (4) weeks by MFH for employees who have completed twelve (12) months of continuous employment.

Section 5. An unpaid Leave of Absence for a period not to exceed sixteen (16) weeks shall be granted to nurses in order to accept a full-time or part-time position with the UNION. Upon return to work said nurse shall follow the procedures of Section 2.

Section 6. Employees eligible for Medical Plan Benefits shall - on an approved leave of absence for Workers' Compensation, FMLA or Supplemental Medical Leave - be able to maintain their Medical Plan Benefits in accordance with the ongoing premiums sharing cost for a period up to twelve (12) months. Employees on any other type of leave shall be eligible to purchase at their own expense an individual policy from the insurance carrier.

Section 7. CTO, vacation and holidays are not earned during a leave of absence.

ARTICLE 23. POSTINGS AND JOB BIDDING

Section 1. MFH shall post all openings for bargaining unit positions on the three (3) union bulletin boards and the CND where the vacancy exists. Postings shall include job title, hours, CND and FTE status. A copy of the posting shall be forwarded to the Local UNION President.

Section 2. The posting shall remain for a minimum of seven (7) days prior to the filling of such positions. All applicants shall be notified in writing as to their status regarding the opening within a reasonable amount of time.

Section 3. Nurses in the CND where a vacancy or shift change exists shall be given first priority to fill the vacancy. If a vacancy still exists after this process, the position may be awarded to a nurse outside the CND based on qualifications and MFH seniority. Where qualifications are relatively equal, MFH seniority will be the determining factor.

05/08/2017 SL1 1441373v5 030512.00131

Section 4. Vacant or new bargaining unit positions will not be filled by non-bargaining unit candidates until such time as the job has been posted and there are no successful candidates who meet the posting requirements.

Section 5. MFH will supply the UNION with a list of open bargaining unit positions including shift and hours on a monthly basis.

Section 6. An employee who has successfully bid on a posted vacancy may not bid on another vacancy during the twelve (12) months following the date of transfer, except by mutual agreement between the Nurse Manager and the employee. New employees shall have the right to bid for vacant bargaining unit positions after completion of twelve (12) months continuous service.

Section 7. A successful bidder shall be awarded the position within thirty (30) days after being notified of his/her acceptance.

Section 8. A nurse may reduce his/her scheduled hours by mutual agreement of the Nurse Manager. The decision of the Nurse Manager shall not be subject to the grievance procedure. All hours reduced shall not become effective until after the hours are posted for bidding and filled in the nurse's unit.

Section 9. A nurse on a Medical, Family or Personal Leave or Paid Leave who bids on a position may be granted the position provided he/she is prepared to return to work after completion of the leave, or within thirty (30) days of the expiration of the job posting, whichever is later.

Section 2. **Regular Work Week:** The "regular work week" for full-time employees shall consist of either a minimum of seventy-two (72) hours in fourteen (14) days excluding a one-half (1/2) hour unpaid lunch period or forty (40) hours in seven (7) days excluding a one-half (1/2) hour lunch period on each day.

Section 3. **Regular Work Day:** A full-time employee's "work day" will normally consist of eight and one-half (8-1/2) consecutive hours, including a one-half (1/2) hour non-paid lunch period. The employee's normal work day shall begin at the start of the day shift

05/08/2017 SL1 1441373v5 030512.00131

and end twenty-four (24) hours later.

Section 4. Employees shall report dressed and ready for work at their job location and quit work at their job location at the time designated by MFH as the beginning and end of their regular work day.

Section 5. Regular full-time employees who work eight (8) hour shifts will normally work ten (10) days in each fourteen (14) day pay period. Moreover, full-time employees will normally receive four (4) days off in each fourteen (14) day consecutive calendar pay period. Full-time employees whose regular shift is twelve (12) consecutive hours will normally work six (6) twelve (12) hour shifts and one (1) eight (8) hour shift, or a combination thereof, in each fourteen (14) day calendar pay period.

Section 6. Change of Starting Time: In the event that MFH wishes to change the starting time of one (1) or more employees in a unit, the employee(s) shall be notified of such change four (4) weeks immediately prior to the change. Preference will be given to the most senior employee in the unit. If no employees, or an insufficient number express a preference for the new start times, the start times shall be assigned to the least senior employee(s) in the unit on a rotational basis. This provision shall not apply to temporary or probationary employees.

Section 7. MFH will use its best effort, but cannot guarantee that (a) regular full-time employees shall not be scheduled for more than five (5) consecutive days nor less than two (2) consecutive days except at the request of the employee, and (b) regular part time employees may not be scheduled more than fifty percent (50%) of their FTEs per week. Such occurrences will not occur more than twice a year per employee.

Section 8.

(a) Nothing in this Agreement shall be construed as a guarantee of work by MFH.

(b) Employees scheduled to work a full shift and who report to work shall be given the opportunity to work a full shift, or in lieu thereof, be paid for the number of hours that he/she was scheduled to work.

Section 9. The current eight (8) hour shifts are as follows:

7:00 a.m. - 3:30 p.m. (day)
3:00 p.m. - 11:30 p.m. (evening)
11:00 p.m.- 7:30 a.m. (night)

The current twelve (12) hour shifts are as follows:

7:00 a.m. - 7:30 p.m. (A.M.)
7:00 p.m. - 7:30 a.m. (P.M.)

The current shifts for the Care Coordination are the day shift (either 8 a.m. to 4:30 p.m. or 8:30 a.m. to 5:00 p.m.) Shifts are subject to change by the hospital

An employee may be required to work an alternative shift, which varies from the above. Alternative shift assignments shall occur on a rotating basis beginning with the least senior RN.

Section 10. An employee may take a fifteen (15) minute break during his/her shift at his/her professional discretion based on staffing needs. An employee who works a twelve (12) hour shift may take an additional fifteen (15) minute break based on staffing needs.

Section 11. Work schedules showing the employee's shifts, work days and hours shall be posted at least two (2) weeks in advance. A posted work schedule shall not be changed except by mutual agreement.

Section 12. Employees will not be scheduled on more than two (2) different shifts on one (1) schedule unless requested by employee. MFH will use its best efforts to limit rotation of twelve (12) hour shifts. This section shall not apply to Care Coordination Unit.

Section 13.

(a) MFH will establish a minimum of one (1) permanent day non-rotating shift (including rotation to weekend shifts) position per unit/department. This position shall be posted in the unit and awarded on the basis of seniority. Employees with twenty (20) or more years of seniority shall have the option of not rotating shifts (*i.e.*, working exclusively on day shifts and flex shifts, but subject to working weekend day shifts and flex shifts consistent with this Agreement) except during an emergency situation. This section shall not apply to Care Coordinators Unit.

(b) If sixty percent (60%) of the unit cannot be rotated pursuant to the section (a) above (including using volunteers and supplemental pool) the Hospital may then draw from regular staff who have greater than twenty (20) years of service, but less than thirty (30) years of service, using inverse order of seniority.

05/08/2017 SL1 1441373v5 030512.00131

(c) All new positions posted for new hires after ratification shall be posted “with rotation” and section (a) will not apply for such positions.

Section 14. MFH may schedule its employees to work no more than every other weekend on a rotational basis.

Section 15. In the event that the patient census is low for thirty-six (36) hours or more on a nursing unit within a CND or the volume of procedures is low on a nursing unit within the Procedural CND; or the number of visits is low in the Emergency Department for that period of time, MFH may require a RN to take a day, days or partial days off after temporary reassignments have been made, and there are no pool nurses working within the CND. A nurse may utilize unscheduled vacation CTO for the day(s) off.

(a) MFH will first offer the day(s) off to volunteers on the unit. MFH seniority will determine who is selected if there is a conflict between two (2) or more nurses. If there are no volunteers, the day(s) off will be assigned to the least senior RN(s) on a rotational basis.

(b) No nurse may be asked to use more than two (2) days off per pay period unless at the nurse’s option.

Section 16. Excess Hours Notification

(a) In the event of an emergency situation, and a nurse is requested to stay after his/her regularly scheduled shift, MFH shall implement the following steps prior to the nurse staying beyond his/her normal shift time:

- (1) use all qualified Pool nurses in the CND;
- (2) temporarily reassign RNs from other units;
- (3) call all unit nurses scheduled or not scheduled for the day to work the extra shift at least two (2) hours prior to the start of the shift.

(b) If relief is not obtained, employees will be assigned for the additional hours/shift based on inverse seniority order on a rotating basis.

(c) Any nurse who stays beyond his/her regularly schedule shift shall be paid one and one-half (1–1/2) times his/her regular rate of pay for all additional hours worked.

(d) In a non-emergency situation (*i.e.*, like holes in an advanced posted schedule) RNs would be offered the opportunity to stay, in seniority order, provided MFH does not incur overtime as a result of the selection.

Section 17. Call Out Notification

The call out times for regularly scheduled shifts are as follows: one and one-half hour (1-1/2) prior (day shift); three (3) hours prior evening and night shifts. The call out times for twelve (12) hour shifts shall be one and one-half (1-1/2) hours (A.M. shift) and three (3) hours (P.M. shift). The call-out times for RNs working flexible shifts shall be three (3) hours prior to the start of their scheduled shift.

Section 18. RNs who do not appear for work as scheduled (*i.e.*, “no-call, no-show”), or who call out more than one hour later than as set forth in Article 24, Section 17, shall not be paid for such absences. RNs who call out after a resignation letter is submitted will not be compensated with unscheduled CTO or unscheduled vacation unless a doctor’s note is provided.

Section 19.

(a) A budgeted nurse who signs up for extra time or extra shifts on his/her CND will be given the option to cancel that time if the need on the CND no longer exists. The nurses will not be reassigned to another CND, but may volunteer to do so if work is available, and the RN can take an assignment.

(b) Unit based sign-ups may be permitted during high census periods at the CNO’s discretion.

Section 20. After one (1) occurrence of a weekend call-off in a calendar year, any nurse who is regularly scheduled to work every other weekend as part of their budgeted commitment, and who calls off on a scheduled weekend shift, will be paid at base rate for the hours missed.

ARTICLE 25. TEMPORARY REASSIGNMENT

Section 1. In the event patient care needs require an employee to be temporarily reassigned to a unit which the employee is not regularly scheduled MFH shall first utilize qualified Pool RNs in the CND if they are in the house to fulfill this need. If this is not possible, MFH may reassign employees from other units within the CND to be reassigned to such a unit. MFH shall first seek volunteers for reassignment; if none are available then such reassignments shall be on a rotational basis, beginning with the least senior employee.

Section 2. A temporarily reassigned employee will not be required to be a charge nurse.

Section 3. Except in case of emergency, no employee will be reassigned more than once per shift and no employee will be reassigned while on overtime, unless the employee

05/08/2017 SL1 1441373v5 030512.00131

agrees.

Section 4. An employee shall be notified of a reassignment to another unit during the first (1st) hour of his/her eight (8) hour shift. A nurse working a twelve (12) hour shift will be notified of reassignment for the final four (4) hour or (8) eight hour period of the shift at least one (1) hour prior to the time of reassignment if the reassignment is between 2 p.m. and 7 a.m.

Section 5.

(a) The Hospital will use its best efforts, but cannot guarantee that nurses will be reassigned within their CND. Guidelines for reassignment within each CND will be developed by the CND.

(b) A nurse will be given a reasonable environmental and operational orientation to all the units to which he/she may be reassigned. In order for a nurse to be reassigned within the Procedural CND, the nurse must be fully trained to perform the duties being assigned.

(c) If a nurse is not needed in the Critical Care or Rehabilitation CND and is assigned to a unit within the Medical/Surgical CND, he/she will be given a four (4) patient assignment, provided the nurse is fully trained to perform the duties being assigned.

(1) If a nurse is not needed in a nursing unit within the Procedural CND, the Emergency Department CND or the Behavioral Health CND, and the nurse is not able to take an assignment in the CND to which he/she has been reassigned, the Hospital will assign the nurse to perform functional duties.

Section 6. Temporary Closing

(a) In the event a nursing unit is temporarily closed, nurses may be temporarily reassigned each day or be reassigned to another unit based on MFH seniority if there is a vacancy.

Section 7. No MFH nurse may be involuntarily transferred to a non-bargaining unit position in the Mercy Health System.

Section 8. During a holiday (as defined in Article 27, Section 1) if a nurse is reassigned outside of their CND, they will be given the option to take the day off unless doing so will result in inadequate staffing.

ARTICLE 26. VACATION

Section 1. All regularly scheduled full-time employees who have completed one (1) year of continuous service shall be entitled to three (3) weeks paid vacation per year. After three (3) years of continuous service, all such employees shall be entitled to four (4) weeks paid vacation. Employees with more than six (6) months, but less than one (1) year of continuous service shall receive a pro rata share of paid vacation time. Any regularly scheduled part-time employee (.6 FTE or more) shall receive a pro rata share of the regular full-time vacation entitlement.

Section 2. Accrued vacation time may not exceed two (2) times an employee's annual vacation allotment. Once a two (2) year vacation accrual is reached, no farther vacation time can be earned until some portion of the two (2) year maximum is used. Vacation hours that exceed the two (2) year maximum are neither credited, nor made retroactive.

Section 3. In the event that a recognized holiday occurs during an employee's vacation period, the holiday will be charged to holiday time.

Section 4. Managers will schedule and approve vacation requests giving consideration to the following factors:

- (a) employee's preference;
- (b) departmental work requirements;
- (c) MFH seniority.

Employees who submit their vacation requests in writing between March 1 and March 31 for the vacation selection period (Memorial Day - Labor Day) shall receive their preference for vacation leave based on MFH seniority. All vacation requests will be responded to within thirty (30) days as to whether the request was granted or not. A full week's vacation will take priority over an individual day request during the prime vacation selection period.

All vacation requests submitted after March 31 will be approved on a first come, first served basis, but will not interfere with vacations already pre-approved. Approval shall not be unreasonably denied.

No later than March 1st of each year, the Hospital will post on each unit an annual vacation schedule showing the number of shifts available for vacation during each week of the next calendar year. This number will be thirteen percent (13%) of the weekly hours regularly scheduled in the unit and will be distributed among the scheduled shifts on the unit. In units employing eight (8) or less bargaining unit members, at least one (1) nurse per unit shall be

05/08/2017 SL1 1441373v5 030512.00131

allowed to take vacation each week.

Section 5. A nurse may not take two (2) consecutive weeks' vacation during the prime vacation period (Memorial Day – Labor Day), unless all nurses in the department and the float pool have been granted at least one (1) week off during that period and staffing permits. A nurse may not take more than two (2) weeks in a calendar year during the prime vacation period.

(a) During the prime vacation period, and during the period December 15 through January 15, a nurse may request that another nurse cover one of the nurse's shifts, subject to Hospital approval and the following conditions:

- (1) The nurse's CND must be fully staffed to budget;
- (2) The covering nurse must be a part time employee;
- (3) The covering nurse cannot incur overtime pay as a result of covering the shift;
- (4) The covering nurse cannot be a Pool nurse.

At all other times, a nurse may request that another nurse cover a shift subject to Hospital approval and conditions (1) – (4) above. Requests made pursuant to this Section 5(b) shall not be unreasonably denied.

Section 6. An employee who is involuntarily terminated or resigns and gives at least three weeks' notice, shall be entitled to payment for accrued vacation time.

Section 7. A nurse will not be required to find a replacement or make up a weekend day or days if approved for vacation or CTO day, or FMLA.

Section 8. If an employee calls out the day before or after a scheduled CTO or vacation day, the employee shall not get paid for the day of the call out unless he/she is able to provide a doctor's note or other documentation of special circumstances.

ARTICLE 27.
HOLIDAYS

Section 1. All regularly scheduled full-time employees and regularly scheduled part-time employees (.6 FTE or more) shall be entitled to seven (7) holidays:

New Year's Day	Labor Day
Good Friday	Thanksgiving
Memorial Day	Christmas
July 4	

Good Friday will continue to be recognized as one of the seven (7) holidays for purposes of holiday pay and holiday accrual as set forth in this Agreement, but it will not count toward the holiday commitment of two minor holidays worked.

Section 2. Any regularly scheduled part-time employee (.5 or less) who works on a holiday shall receive premium pay at the rate of one and one-half (1-1/2) times his/her regular rate for all hours worked on the holiday.

05/08/2017 SL1 1441373v5 030512.00131

Section 1. Employees hired on or after November 7, 2008, and employees hired prior to November 7, 2008 who do not work permanent evening or permanent night shift shall receive shift differential pay as set forth in this section:

(a) during the hours of evening shift (3:00 p.m. – 11:30 p.m.) a differential of three dollars and fifty cents (\$3.50) per hour for each hour worked during evening shift;

(b) during the hours of night shift (11:00 pm – 7:30 am) a differential of four dollars and fifty cents (\$4.50) per hour for each hour worked during night shift.

Sections 1(a) and 1(b) do not apply to RN’s working in the Care Transition CND.

Section 2. Grandfathered Employees hired before November 7, 2008

All employees who were hired prior to November 7, 2008 (“grandfathered employees”) and who were on the payroll as of that date and who work permanent evening or permanent night shift will receive shift differential pay equivalent to their total differentials as of November 6, 2008 converted to a flat amount as set forth below.

(a) All grandfathered RNs’ total differentials as of November 6, 2008 will remain at their November 6, 2008 levels for the term of this Agreement, provided the RN continues to work permanent evening or permanent night shift. If a grandfathered RN moves to another base pay step, his/her total differential will remain at the November 6, 2008 level, provided he/she continues to work permanent evening or permanent night shift. If a grandfathered RN ceases to work permanent evening or permanent night shift, but thereafter works during evening or night shift, he/she shall receive shift differential as set forth in Section 1 above.

(Reference chart to be provided, but not incorporated into the contract, listing the total permanent evening and permanent night shift differentials, by RN job code, as of November 6, 2008).

(b) All grandfathered RNs (including RNs who formerly worked in twelve (12) hour weekend positions as defined in Article 34 (Weekend Differential) of this Agreement)

05/08/2017 SL1 1441373v5 030512.00131

who were not working permanent evening or permanent night shift as of November 7, 2008, but who thereafter transfer into a permanent evening or permanent night shift position during the term of the Agreement shall receive shift differential pay equivalent to the total differentials based on their base pay step as of November 6, 2008.

(Reference chart to be provided, but not incorporated into the contract, listing the total permanent evening and night shift differentials, by name, for all grandfathered RNs as of November 6, 2008.)

Section 3. Shift differentials will be paid for holidays, CTO and vacation time for employees. Overtime calculations shall include shift differential pay.

ARTICLE 33. RETIREMENT PROGRAM

Section 1. Effective January 1, 2017, all eligible bargaining unit employees may participate in the Trinity Health 403(b) Retirement Savings Plan (“403(b) Plan”) as described in the 403(b) Plan documents under the same terms and conditions as those applicable to non-bargaining unit employees employed by MFH.

(a) All bargaining unit employees who are eligible to accrue a benefit under the Pension Plan of Mercy Health System for Collectively Bargained Colleagues (the “Defined Benefit Plan”) for the plan year beginning January 1, 2016 and ending December 31, 2016, will be eligible to continue to accrue a benefit under the Defined Benefit Plan through December 31, 2016, under the terms of the Defined Benefit Plan. Effective December 31, 2016, no additional benefits shall accrue under the Defined Benefit Plan and all participation in and accruals under the Defined Benefit Plan will be frozen.

(b) **Transition Benefit:** The members of the bargaining unit identified as possibly having a benefit reduction of approximately 20% (calculated over a 10 year period) as a result of moving from the Defined Benefit Plan to the 403(b) Plan shall receive a \$750 payment, subject to applicable withholdings, in the first full pay period following January 1, 2017, January 1, 2018, January 1, 2019 and January 1, 2020, if they are employed on each of the dates set forth above, respectively. The \$750 payment is not a contribution by MFH to the 403(b) Plan. MFH has provided the Union with a list of those RNs eligible to receive this transition benefit.

Section 2. MFH agrees that it will not reduce the core contribution or match set forth below during the term of the Agreement. The core contribution shall be 3% of pay or \$1,200 minimum, whichever is greater. Per the terms of the Plan, all MFH contributions set forth in this Agreement require a minimum number of hours worked or scheduled in the calendar year. The MFH match is based upon years of continuous service with MFH and is set forth in the table below.

Years of Service	Matching Benefit
0 – Less than 10 years	25% up to 6%
10 – Less than 20 years	50% up to 6%
20+ years	75% up to 6%

Section 3. MFH and the Union recognize that establishing common plan designs, vendors and other administrative and operating benefit plan rules across a larger base of employees than the MFH bargaining unit alone is beneficial to both MFH and the nurses. In the event of a substantial change, MFH will notify the Union no later than 60 days prior to the effective date of the substantial change. MFH will provide the Union with the reason(s) for any substantial change and meet and discuss (not negotiate) with the Union, upon its request.

ARTICLE 34. WEEKEND DIFFERENTIAL

Section 1. Employees who work two (2) twelve (12) hour shifts every weekend or two (2) twelve (12) hour shifts every other weekend (defined in the Article as “employees in twelve (12) hour weekend positions”) shall be paid at the following rate for weekend work as of November 20, 2016 with negotiated increases thereafter: fifty-four dollars and thirty-three cents (\$54.33) for a.m. and sixty dollars and fifty-six cents (\$60.56) for p.m. Employees receiving sixty-six dollars and forty-four cents (\$66.44) for a.m. and seventy-two dollars and twenty cents (\$72.20) for p.m. (*i.e.*, those nurses who refused benefits) as of November 20, 2016 shall continue to receive the negotiated rates for non-benefitted weekend rate nurses. Effective November 1, 2000, the non-benefitted weekend rates shall not be available to any additional employees. Twelve (12) hour weekend positions that the Hospital decides to fill shall be filled through the contractual job bidding procedure.

“Flex Staff” (*i.e.*, RNs who work weekday and weekend shifts) who work hours on the weekend will be paid at the A.M. weekend rate for all hours worked between 7 a.m. and 7 p.m. on weekends and p.m. weekend rate for all hours worked between 7 p.m. and 7 a.m. on weekends.

Section 2. The weekend shall begin at 7:00 a.m. Saturday and end on 7:00 a.m. Monday.

Section 3. Subject to MFH’s approval, employees in twelve (12) hour weekend positions may switch weekends or weekend shifts with other employees in twelve (12) hour weekend positions, provided the switch does not create overtime pay, and without either employee suffering loss of the weekend rate. Requests to switch weekends or weekend shifts shall be made in writing and MFH approval of such requests shall not be unreasonably withheld. Employees in twelve (12) hour weekend positions may utilize, if available, accrued CTO, vacation or holiday time and shall receive the weekend rate for such time.

Section 4. An employee who rotates to weekend work who is not an employee in a twelve (12) hour weekend position shall receive a two dollars (\$2.00) per hour weekend differential (which shall be in addition to the evening shift differential (\$3.50 per hour) and the night shift differential (\$4.50 per hour)) for all hours worked during the applicable shift as set forth in Article 32 (Shift Differential) of this Agreement for working an eight (8) hour shift. All such rotations shall be done first (1st) on a voluntary basis, and if none are available, then shall be distributed equitably beginning with the least senior RN. If such non-twelve (12) hour weekend shift position employees work a twelve (12) hour shift on a weekend, they shall be paid at the applicable twelve (12) hour weekend position rate of pay [*i.e.*, fifty-four dollars and thirty-three cents (\$54.33) or sixty dollars and fifty-six cents (\$60.56) for benefited employees] and shall not receive any additional differential of any kind. When rotated to a weekend, eight (8) hour shift employees shall work eight (8) hour shifts unless, at the Hospital's request and subject to staffing needs, they volunteer to work twelve (12) hour shifts.

ARTICLE 35. ON CALL

Section 1. An employee who has been called in to work outside of his/her regular shift shall be paid a minimum of three (3) hours at time and one-half (1-1/2).

Section 2. Employees in the Cath Lab, OR, PACU, Interventional Radiology and Endoscopy required to be available on a non-restricted On Call shall be paid four dollars (\$4.00) per hour while On Call. All other employees required to be available on a non-restricted On Call shall be paid three dollars and fifty cents (\$3.50) per hour while On Call.

Section 3. Employees must carry a beeper during On Call.

Section 4. On Call shall be equitably distributed.

Section 5. Employees On Call must be able to be on site within thirty (30) minutes of being called in for Cath Lab, OR, Interventional Radiology and Endoscopy; or forty-five (45) minutes for PACU.

Section 6. Employees who work in the Cath Lab, OR, PACU, Interventional Radiology and Endoscopy on an on-call shift must notify the supervisor of their intent regarding working their regularly scheduled shift prior to leaving MFH.

(a) Nurses in the above areas listed in Section 6(a) who have been called in and who have worked at least one (1) hour in the 8 hour period preceding the start of their scheduled shift may exercise one of the following options:

(1) Start work at their scheduled start time and work their entire shift. Employees shall be paid time and a half (1-1/2) for up to four (4) hours worked; or

05/08/2017 SL1 1441373v5 030512.00131

(2) Start work at their scheduled start time and leave after working a minimum of ½ of their schedule shift; or

(3) Come in up to 4 hours after their scheduled start time and work the remainder of their shift.

(b) Employees can use CTO or vacation time, if available, to cover scheduled time not worked, or take the time as unpaid.

Section 7. If a nurse is unable to fill an assigned call due to illness or circumstances beyond his/her control and cannot find their own replacement, that missed shift will be considered an absence under the Attendance Policy and the shift shall be assigned to the least senior qualified nurse in the department on a rotational basis.

ARTICLE 36. HEALTH BENEFITS

Effective January 1, 2017, employees who become members of the bargaining unit on or after January 1, 2017 will be considered eligible for full-time health benefits at .875+ FTE and eligible for part-time health benefits at .6 - .874 FTE.

Employees who are members of the bargaining unit as of December 31, 2016 will be considered eligible for full-time health benefits at .6+ FTE as long as they remain members of the bargaining unit.

Employees who are members of the bargaining unit and less than .6 FTE and enrolled in MFH provided health plan as of November 7, 2016 will retain part-time health benefits eligibility as long as they remain members of the bargaining unit and continuously enrolled in a MFH provided health plan.

Section 1. Effective January 1, 2017, any eligible bargaining unit employee who is hired or rehired on or after January 1, 2017, or becomes a new or returning member of the bargaining unit on or after January 1, 2017, shall be offered the same health, dental, vision and employer-paid basic life insurance plans that are offered to non-bargaining unit employees of the Hospital under the same terms, conditions and cost sharing offered to non-bargaining unit employees of the Hospital.

Effective January 1, 2017, MFH shall continue to offer the following plans to eligible bargaining unit employees who were hired by MFH prior to January 1, 2017 or became members of the bargaining unit prior to January 1, 2017 (referred to herein as “Pre-2017 Bargaining Unit Members”): POS, High PPO, Low PPO. There will be no changes to the plan designs for these three plans for Pre-2017 Bargaining Unit Members through December 31, 2017 unless otherwise legally required. Effective January 1, 2017 no new enrollment will be permitted

05/08/2017 SL1 1441373v5 030512.00131

in the POS plan.

Effective January 1, 2017, the Pre-2017 Bargaining Unit Members cost sharing for each plan is set forth in the below chart.

Section 2. Effective January 1, 2018, the High PPO and Low PPO plans will be permanently discontinued. The POS plan will remain in effect until December 31, 2019 for eligible Pre-2017 Bargaining Unit Members with no changes to plan design unless otherwise legally required. Effective January 1, 2020, the POS plan will be permanently discontinued.

Section 3. Effective January 1, 2018 (January 1, 2017 for bargaining unit employees who are not Pre-2017 Bargaining Unit Members), all eligible bargaining unit employees shall have the following Trinity Health plans available to them: Traditional Plan, Health Savings Plan, and Essential Plan. These plans will be available to bargaining unit employees under the same terms and conditions as those applicable to MFH’s non-bargaining unit employees. These plans may include well-being incentives. Employees are able to access documents for these plans on MFH’s on-line website.

The cost sharing for each health plan that will be offered to bargaining unit employees who are Pre-2017 Bargaining Unit Members is set forth in the chart below. The cost sharing for each health plan that will be offered to bargaining unit employees who are not Pre-2017 Bargaining Unit Members will be the same as the cost sharing for MFH’s non-bargaining unit employees. Cost sharing reflects the base cost share for each plan. Additional cost sharing requirements may be applicable to bargaining unit employees with a base annual salary at or above the Social Security Wage Base. Contributions may be tiered based on employee and spouse/eligible adult (where applicable) participation in well-being programs. Bargaining unit employees may retain the base contribution through completion of well-being activities by the employees and their spouses/eligible adults. Employees and their spouses/eligible adults who do not complete well-being activities will not continue to be eligible for the well-being incentive resulting in an increase in the employees’ contributions for the Hospital provided health plan coverage.

Section 3.A.: POS Transition.

The POS Plan is available only to Pre-2017 Bargaining Unit Members who were enrolled in the POS Plan on or before December 31, 2016. RNs moving from the POS Plan to a Trinity Health group health plan (which does not include the High PPO or Low PPO) will receive a one-time transition bonus as follows: those electing single coverage - \$750, subject to all applicable withholdings; those electing any other tier of coverage - \$1,250, subject to all applicable withholdings. The bonus will be paid in the first full pay period following the date that the RN becomes covered under a Trinity Health group health plan.

Section 3.B.: Labor and Delivery Services. For the Trinity Health standard plans MFH agrees that no later than January 1, 2018, it will identify a Tier 1 facility for labor and delivery services in addition to the existing Trinity Health facilities in Tier 1. MFH retains the right to evaluate Tier 1 labor and delivery facilities, and make a change if additional Trinity Health or Tier 1 facilities become available within the term of this Agreement.

Section 4. Health Care Reform. It is recognized that MFH is permitted to make changes to its health and welfare benefits programs in order to comply with legal requirements or to exercise the options under the Patient Protection and Affordable Care Act (P.L. 111-148), as amended by the Health Care and Education Reconciliation Act of 2010 (P.L. 111-152), and as subsequently amended from time to time thereafter (“Affordable Care Act”) passed on March 23, 2010. MFH will provide the Union with advanced written notice of such changes.

(a) **Federal Excise Tax.** The value of health care benefits (which include the collective value of medical, pharmacy, health care spending account contributions, employee assistance plans and discounted services provided through on-sit clinics, etc.) negotiated in this

05/08/2017 SL1 1441373v5 030512.00131

Agreement shall not exceed the value set by federal law which triggers the assessment of the forty percent (40%) excise tax on high value plans scheduled to become effective under the ACA in 2020. If MFH anticipates the value of health care benefits will exceed the trigger value any time after January 1, 2020, it may initiate a change in benefits so the forty percent (40%) excise tax is not assessed in 2020 or any time thereafter. For purposes of complying with the employer shared responsibility provisions of the ACA, as set forth under Section 4980H of the Internal Revenue Code and the guidance issued thereunder, as amended from time to time (the “Employer Mandate”), bargaining unit employees who do not satisfy the eligibility criteria outlined in this Agreement to participate in a group health plan offered by MFH that is subject to the Employer Mandate, but who must be offered coverage under such a group health plan in order to avoid a penalty under the Employer Mandate, may be offered the opportunity to participate in such a group health plan. Bargaining unit employees in this classification will be required to pay the full cost of coverage under the group health plan.

Section 5. The Hospital or the entity or person authorized to amend Trinity Health’s retirement and health and welfare plans may change plans, plan designs, carriers, vendors, and any other aspect of the plans as set forth in this Section 4. MFH and the Union recognize that establishing common plan designs, vendors and other administrative and operating benefit plan rules across a larger base of employees than the MFH bargaining unit alone is beneficial to both the MFH and the nurses. In the event of a substantial change, MFH will notify the Union no later than 60 days prior to the effective date of the substantial change. MFH will provide the Union with the reason(s) for any substantial change and meet and discuss (not negotiate) with the Union, upon its request.

Section 6. Effective January 1, 2018, eligible Pre-2017 Bargaining Unit Member may participate in the same MFH provided dental, vision and employer-paid basic life insurance programs, under the same terms and conditions, as those provided to non-union employees of MFH.

Section 7. An employee who retires at age sixty (60) or older and who has worked twenty (20) or more years for MFH and who retires in good standing, may continue such coverage under the same health care policy for active employees until age sixty-five (65) Provided the employee pays the full cost. In no event, however, shall such coverage for any retired employee exceed past the age sixty-five (65) except as may be required by law.

Section 2.

(b) All employees would move up to the appropriate rate on the anniversary date of this Agreement, not the employee's hiring anniversary date.

Section 3. Employees when assigned to charge duty on any shift shall be entitled to one dollar and fifty cents (\$1.50) per hour differential. Charge RNs duties will be assigned by the Patient Care Manager to nurses who have expressed an interest in the charge role and demonstrate consistent competence in the skills required for the role, as set forth in documented, department-based charge RN expectations.

Section 4. RNFAs shall receive a differential of seven dollars (\$7.00) per hour when functioning as an RNFA.

(1) The Union representatives on the Committee shall be paid for time spent at the Committee meetings at the applicable straight-time rate as set forth in Appendix A of the contract. Such time shall not count as "time worked" for purposes of computing overtime or for any other purpose.

(2) The Committee shall meet on a monthly basis. The Head of the Nursing Department (or his/her designee) and the Union President (or his/her designee) shall prepare an agenda for all Committee meetings, which shall determine the issues to be addressed.

RNs working on the Float Team shall be paid an additional two dollars and twenty-five cents (\$2.25) for each hour worked after successfully completing nursing orientation. Nurses will not be expected to float and take patient assignments on units where they have not demonstrated competence to care for the patient populations on those units. Nurses shall be oriented to all units where they are expected to be assigned.

B. The members of the Float Teams shall be used for relief to cover nurses for transportation of patients, response to codes and rapid response calls, in-services, participation on hospital committees, hospital meetings and Union-Hospital meetings pursuant to the following schedule:

Section 6. Staffing shall take into account projected admissions over the course of the shift and acuity.

Section 7. MFH will care for patients requiring continuous observation determined by regulatory requirements with unlicensed staff assigned to observe the patient(s). AGREEMENT ON COMBINING SHIFTS

A bargaining unit RN who wishes to increase their FTE status must do so by bidding for another position. They can do this in one of two (2) ways: (1) they can bid for a higher FFE position and, if they are successful and awarded the position, give up their current lower FTE position; or (2) they can bid on a position and, if awarded the position, they can accept the new position and keep their current position, thereby combining the FTEs of both positions. The combined FTE cannot be higher than one (1.0). An RN may only bid on and maintain two (2) positions if they are able to fulfill all requirements of both positions. If the requirements of the two (2) positions conflict in any way, the RN must either give up their current position or not accept the new position, but in no case may an RN hold two (2) positions concurrently whose requirements conflict. Position requirements may not be tailored in order to avoid a conflict with another position. Position requirements shall be determined solely based upon the staffing needs of the department.
