The Multistate Trust Does Not Pay Personal Injury or Property Claims

The Multistate Environmental Response Trust (Multistate Trust) was established to clean up Kerr-McGee contamination in soil and groundwater.

Multistate Trust funds can be used **only** to clean up contamination, manage the former Kerr-McGee property, and prepare for safe, beneficial Site reuse.

The Multistate Trust cannot pay personal claims – such as health/medical claims or property damage claims – related to Kerr-McGee contaminants.

Questions About Personal Injury or Property Claims

Anyone with questions about personal injury (health or medical) claims or property damage claims should contact the Tronox Tort Claims Trust at (800) 753-2480 or tronoxorttrust@epiqglobal.com.

Visit the website at www.tronoxorttrust.com.
