BUILDING BRIGHTER FUTURES

COMMUNITY SUPPORT SITE PROGRAM

EARLY CHILDHOOD RESOURCE NETWORK+

YMCA OF CENTRAL OHIO

The Early Childhood Resource Network+ (ECRN+), a program of the YMCA of Central Ohio, operates the Community Support Site Program (CSS). CSS provides individual and group speech therapy sessions to children 18 months to 3 years of age who are enrolled in Ohio Early Intervention (EI).

Once a referral has been made to our program by a child’s EI Service Coordinator, our team will contact the family to schedule the first visit. Families are able to schedule up to two appointments per month for either individual or group therapy. Individual CSS appointments are 30 minutes and group CSS appointments are 45 minutes.

Upon completion of each session, parents/guardians will receive written coaching information.

Please note: There is no childcare provided; parents should not bring siblings to the appointments. In addition, interpreting services are available & requests must be included with the CSS referral packet from the child’s EI Service Coordinator. Interpreters will be requested, but are subject to availability.
