READY, SET, KINDERGARTEN!

SPARK PROGRAM

SUPPORTING PARTNERSHIPS TO ASSURE READY KIDS™ (SPARK) is a family-focused school readiness program. SPARK works with families to help get their children ready for kindergarten by building reading, language and social skills, and seeks to create a seamless transition into school for preschool-age children.

Do you have a child who will be starting kindergarten in 2019 or 2020? Do you want to learn some ways to help your child get ready for kindergarten? Do you want to learn how to help your child learn how to read? If so, let us help you!

If you are a parent, guardian, or grandparent of a three or four-year-old child, let us help you be your child’s first and forever teacher! Our program is provided at no cost to you and in the comfort of your home.

Q: “What is included in the SPARK program?”
FREE storybooks and activities, an educational plan for kindergarten readiness, 1:1 guidance from a caring and supportive Parent Partner, information and screenings on your child’s development, linkages to health and nutrition services and more!

Q: “What does it mean to be ready for Kindergarten?”
Ready children are healthy and strong, get along and play well with others, and find new ways to learn and communicate.

Do you know that the studies of SPARK children showed that they not only had a good start to school but also performed better on school readiness tests than their peers who were not enrolled in SPARK?
