End of Year Issue! Delivering on our promises!

Universal Teletherapy, Foco Late Night, 24/7 Dorm Access, Campus Shuttle Expansion, Zoning, and Structural Changes!

“About a year ago, I was elected to be Student Body President, with Jess Chiriboga ’24 as our amazing Vice President and the rest of our incredible Senators. I am so proud of all of the work that we’ve done, and that we have been able to deliver on each and every of our campaign promises, including late-night and teletherapy! One central part of our mission was reimagining what Student Government, and by extension a form of student activism, can do to concretely help people in our community. I truly feel that the more people that believe in Student Government, the more people that treat it as something truly impactful, the more power it has to make a real impact. And we’ve seen that happen this year. I’m so excited to see what Jess, Kiara, and all of DSG accomplishes next year. Thank you all so much for trusting me with this position; it has been an honor to serve you all in this way.”

- David Millman ’23, Student Body President

DELIVERING OUR PROMISES.

Last year, we wanted to reimagine what Student Government could do. Below are our 2022 Campaign Promises. We are so pleased to be able to say that we have delivered on each and every item this year.

Late Night Dining
We successfully advocated for the return of Late Night Dining! FOCO Late Night has been running from 9:30 PM-1:30 AM, 7 days a week.

Universal Teletherapy
We led the effort to bring free Uwill Teletherapy Services to campus in the fall, and helped direct its rollout which has resulted in over 3,500 counseling appointments in the service!

Safe Rides
We worked with SPCSA, Dartmouth Transportation, and DOSS, and succeeded in expanding the Campus Connect Shuttle to loop around campus, adding in additional stops near all major dorm locations for free. Service until 2:30 AM, every 30 minutes.

Rewritten Hanover Zoning Law
The Main Wheelock District (MWD) passed 775-565 in the Hanover Town Meeting this past May 2022, and we have worked hard in 2023 to fight for rental protections and more accessible zoning, contributing to laws that also passed this past Town Meeting.

Student Board of Trustees Member
We have been intimately involved with the Board of Trustees Student Experience Committee this year and have worked to expand our role in that capacity.

Wi-Fi on the Green
Working with ITC, WiFi on the Green will be installed in Summer 2023, in addition to improvements of WiFi capacity across campus.

A Student Government Responsive to Your Needs
We worked to conduct our first-ever Student Issue Census, which received 1,331 responses, and we have rewritten our constitution, developed a new structure, conducted town halls, coffee hours, and events, created a new website, and made this newsletter!
As we finish this transformative year, we have so many people to thank for everything, from the departments, staff, faculty, administration and everyone who has worked with us to make change happen.

We’ve worked with hundreds of amazing people this year, and it's hard to put into words how grateful we really are to see so much happen.

Most importantly, we want to thank the student body, for trusting us with these positions, and enabling us to fight on your behalf.

Working for You,
Your Dartmouth Student Government (DSG)
