DASCOM®

DC-240: Value-Priced Direct-to-Card Printer Bundle

Identification Card Printer with Bundled Solutions

- 300 image print ribbon and 100 cards included
- Free card editing software
- Productivity of up to 155 cards per hour
- Photo print quality
- 100 card feeder
- Obscure sensitive information from the used ribbon

DASCOM's innovative technology allows the DC-240 to deliver more value to your work, generating more cards at the best possible value.

The DC-240 produces bright, high-resolution prints, with all the necessary supplies included in the box to get you up and running as soon as you receive the printer.

DASCOM security features help mitigate the chance that your organization's identification process is compromised. You can focus on other areas while the DC-240 handles the integrity of your identification processes.
