FOOD SERVICE CATALOGUE
2022/2023

ANGEL FOOD

Plant-based product demand is in record growth, with more than 30% of Kiwis aiming to eat plant-based more often.

Established in 2006 by Alice Shopland, Angel Food is New Zealand's original plant-based cheese alternative and still #1.

 **We pride ourselves on being the most authentic alternative in the market.**

For food service operators wanting to cater to this growing market, our products make it easier than ever to adapt your existing recipes to plant-based for your vegan, dairy-free and flexitarian customers.

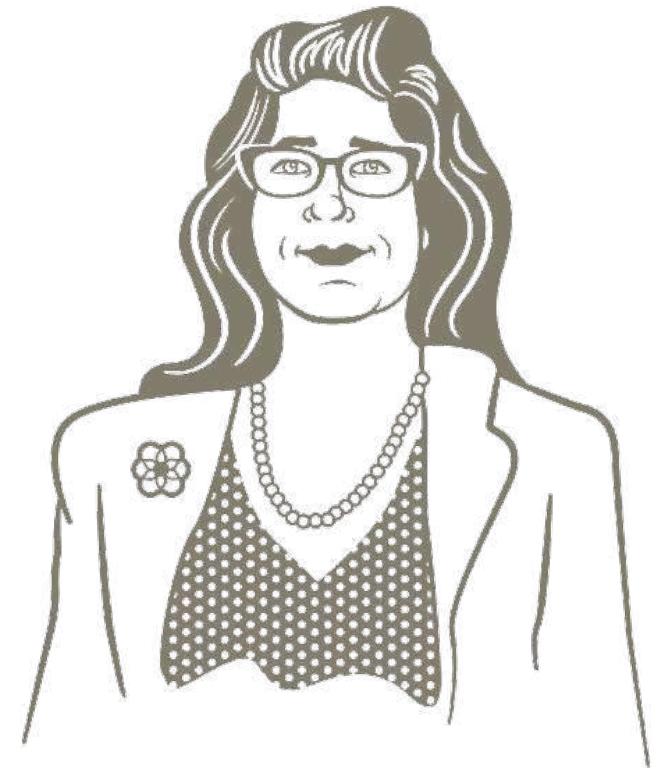

We reckon we've played a part in raising the profile of a vegan diet as a delicious, compassionate and healthy option that doesn't mean forsaking old favourites like pizza and lasagne.
