Student union solidarity is based on the principle that all members should be able to participate equally in their union, recognizing that students have diverse experiences of privilege and marginalization. Report of the Vice President, Internal

Name: Truelee Love

Reporting Period: May 1, 2021 – May 21, 2021

Council Date: May 26, 2021

My name is Truelee Love my pronouns are she /her and I am a third-year student in political science and gender studies. I am very excited to get to know the folks on council and work together to create a better campus for students. We will all be working in the coming months to plan the best possible way to help students return to campus in the fall. Feel free to reach out to me if you have any questions.

Internal Affairs and DSU Committees

- During our first official week in office each executive team member went through several different trainings including anti-oppression, meeting each of the staff and working on our year-long planning.
- On May 6th and 7th the executive team worked on long-term planning. For myself I want to focus on creating a “what is the DSU campaign” in the fall, working to connected student societies which serve specific communities. In the winter I want to find ways to make survey data more useful for societies to help serve the need of students. On May 13th I met with the President to finalize these goals.
- Started approving societies for ratification as of May 1st. We have decided to no longer require every student society to have a constitution in discovering that this was more of a burden than it was worth since every society is held to the standards outlined by the society policy.

University Affairs and Committees

- On May 12th I attended a meeting with Vice Provost Student Affairs, a biweekly meeting that takes place every second Wednesday. During this meeting we were introduced to the function of this meeting and how they would be conducted. We also planned for return to campus in the fall.

**Detailed Meeting Procedures for Teams Meeting**

**Upon Entering the Meeting**
When entering Microsoft Teams, names should be listed as **Position, Name (Preferred Name)** for clarity.

**Moving and Seconding a Motion**
When a motion is proposed, the Chair will seek a mover and a seconder in order to begin debate. “Moving” or “seconding” a motion means you believe it is worthy of debate. Moving/seconding at the request of the Chair will happen using the chat. Type either “[Position]: moved” or “[Position]: seconded” depending on which action is sought by the chair.

Voting:
To facilitate the flow of Council, the Chair may propose that certain non-controversial motions (such as adjournment or the approval of the agenda) be adopted by unanimous consent. Any member who objects to a motion being approved by unanimous consent can type “object” in the chat, and the Chair will proceed with a vote.

The Chair will call for a vote orally (where they will state the motion aloud), and will also send a message in the chat. The message will read: “VOTING: [Motion Number]. Voting councillors only, vote YES or NO below:” Councillors will then type only their position and the word “Yes” or “No” in the chat (e.g. “President: Yes”). Councillors may also type their position and “Abstain” to abstain from a vote, or their position and “Abstain – noted” to abstain and to have their abstention noted in the minutes.

Any attempt to debate or make comments in the chat will be considered “speaking during a vote” and will be prohibited. Only voting members can vote.

The voting will remain open until either: all councillors have voted OR one minute has elapsed. At that point, the Chair will send another message saying: “VOTING CLOSED” and will announce the outcome of the vote orally. Any councillors that do not cast a vote before the close of voting will be counted as abstentions.

Secret Ballot Voting:
If a motion is passed to conduct a vote by secret ballot, the vote will be conducted by email. The Chair will send an email to only the voting members of Council in attendance at the meeting. The email will state the motion in its entirety. Councillors will reply to the email with either “YES” or “NO” and their name and position.

Once the Chair sends out the email, voting will remain open until either: all councillors have voted OR five minutes have elapsed. Any councillors that do not cast a vote before the close of voting will be counted as abstentions.

Speaking:
Anyone who would like to be added to the speaker’s list will send a chat message saying “Add [Position] to the speaker’s list.” The chair will regularly update the meeting with who is on the speaker’s list.

Speakers should only turn their microphone/camera on when they have been acknowledged by the Chair.
At the beginning of the meeting, the Chair will ask if everyone has a working microphone – any attendee who does not should indicate this at that point. If an attendee does not have a functioning microphone, they will be permitted to send their comments in the chat instead of speaking, at which point the Chair will read their comments aloud.

Privileged Points
If any Councillor wishes to raise a motion to recess, a question of privilege, a point of order, or a request for information (or any other privileged point/motion), they can type the type of point or motion being raised in the chat, and the Chair will immediately acknowledge them. The text typed in the chat should be simply the type of point/motion, not the point/motion itself. (i.e. “Point of Order;” “Request for Information”)
Council Chair and Recording Secretary Hiring Committee Report

Committee Composition

The DSU Hiring Policy mandates that part time position hiring committees be composed of a minimum of two individuals, with one being the position’s direct supervisor who serves as Chair. The Oversight Committee policy states that the Oversight Committee will advise Council as to the appointment of the Council Chair and Recording Secretary, and that the same three members of the Committee will sit as a panel with interviewing candidates for any one position. To honour both policies, a hiring committee was composed of the DSU Policy and Governance Coordinator (the direct supervisor of the Council Chair and Recording Secretary, who served as committee chair) and two members of Oversight Committee. The outgoing Recording Secretary was also invited to join the Hiring Committee as an ex-officio member. The members of the committee were Levi Clarkson (Policy & Governance Coordinator), Surbhi Mehta, Emma Miller (Oversight Committee members), and Loukman Ghouti (outgoing Secretary; ex-officio). Because these positions were being hired on the same timeline, the aforementioned members acted as one committee to hire the two positions. The chair ensured that members were trained in hiring, and the committee contained members of multiple designated groups.

Timeline

The job posting for the Council Chair and Recording Secretary positions were uploaded to the DSU website on March 30th, and applications remained open for two weeks, closing on April 13th. The hiring committee completed initial rankings on April 14th and contacted top candidates to schedule interviews. Interviews were conducted on April 19th and 21st, and the committee came to a final decision on April 27th. Offers then went out to the chosen candidates, who accepted. In according with section 4.9 of the DSU Bylaws, which stipulates that Council shall appoint a Chair and Recording Secretary at the first meeting in May, the hiring committee’s recommendation is being brought to Council on May 26, 2021 for ratification.

Hiring Decision: Chair

There were several strong applications for this position, but ultimately the committee is happy to recommend Jamie Samson for the position of Council Chair with the DSU for the 2021-22 year. Jamie demonstrated exceptional experience and enthusiasm through her application and interview, particularly when it comes to guiding respectful discussion and debate while remaining neutral. Jamie is
a fourth year Bachelor of Law student, has previous experience chairing DSU Council, and is well-versed in the policies and structures of the DSU. The committee was particularly impressed with Jamie’s ability to demonstrate her knowledge of Robert’s Rules, and is confident in this recommendation.

**Hiring Decision: Recording Secretary**

The committee is happy to recommend Ore Sodeinde for the position of Council Recording Secretary with the DSU for the 2021-222 year. Ore demonstrated exceptional organizational and communication skills through her application and interview. Ore is a first-year Master of Resource and Environmental Management student, has previous experience in a secretary role with a real estate firm in Nigeria, and is well-versed in taking meeting minutes and other secretarial duties. The committee was particularly impressed with Ore’s understanding of the roles and responsibilities of the Recording Secretary, and the position’s importance to Council, and is confident in this recommendation.

WHEREAS the number of Indigenous children’s lives taken by those who operated residential schools across Turtle Island continues to grow, confirming the knowledge that residential school survivors and communities have consistently attempted to bring to light through their testimony in the Truth and Reconciliation Commission; AND

WHEREAS the Canadian government who is responsible for this genocide and its ongoing effects has failed to implement the 94 Calls to Action that came out of the Truth and Reconciliation Commission’s report; AND

WHEREAS the DSU is located on the unceded and unsurrendered lands of the Mi’kmaq nation and fulfilling our treaty obligations involves not only supporting our Mi’kmaw and Indigenous members but supporting their families, communities and the first peoples of this land more broadly, including residential school survivors; AND

WHEREAS the DSU as a student union is a part of the colonial post-secondary education system and Dalhousie University specifically which has its own unique legacy of colonialism and colonial violence, our treaty obligations also include actively working towards the decolonization of the DSU, Dalhousie University, and the broader post-secondary education system, THEREFORE:

BE IT RESOLVED THAT the DSU reaffirms our commitment to Indigenous students and communities by prioritizing the implementation of the Truth and Reconciliation Commission Calls to Action as well as our commitment to supporting efforts to decolonize Dalhousie University, particularly such efforts which are led by Indigenous students, faculty, and staff.

Calls to Action

In order to redress the legacy of residential schools and advance the process of Canadian reconciliation, the Truth and Reconciliation Commission makes the following calls to action.

**Legacy**

**Child Welfare**

1. We call upon the federal, provincial, territorial, and Aboriginal governments to commit to reducing the number of Aboriginal children in care by:
   i. Monitoring and assessing neglect investigations.
   ii. Providing adequate resources to enable Aboriginal communities and child-welfare organizations to keep Aboriginal families together where it is safe to do so, and to keep children in culturally appropriate environments, regardless of where they reside.
   iii. Ensuring that social workers and others who conduct child-welfare investigations are properly educated and trained about the history and impacts of residential schools.
   iv. Ensuring that social workers and others who conduct child-welfare investigations are properly educated and trained about the potential for Aboriginal communities and families to provide more appropriate solutions to family healing.
   v. Requiring that all child-welfare decision makers consider the impact of the residential school experience on children and their caregivers.

2. We call upon the federal government, in collaboration with the provinces and territories, to prepare and publish annual reports on the number of Aboriginal children (First Nations, Inuit, and Métis) who are in care, compared with non-Aboriginal children, as well as the reasons for apprehension, the total spending on preventive and care services by child-welfare agencies, and the effectiveness of various interventions.

3. We call upon all levels of government to fully implement Jordan’s Principle.

4. We call upon the federal government to enact Aboriginal child-welfare legislation that establishes national standards for Aboriginal child apprehension and custody cases and includes principles that:
   i. Affirm the right of Aboriginal governments to establish and maintain their own child-welfare agencies.
   ii. Require all child-welfare agencies and courts to take the residential school legacy into account in their decision making.
   iii. Establish, as an important priority, a requirement that placements of Aboriginal children into temporary and permanent care be culturally appropriate.

5. We call upon the federal, provincial, territorial, and Aboriginal governments to develop culturally appropriate parenting programs for Aboriginal families.

**Education**

6. We call upon the Government of Canada to repeal Section 43 of the Criminal Code of Canada.

7. We call upon the federal government to develop with Aboriginal groups a joint strategy to eliminate
educational and employment gaps between Aboriginal and non-Aboriginal Canadians.

8. We call upon the federal government to eliminate the discrepancy in federal education funding for First Nations children being educated on reserves and those First Nations children being educated off reserves.

9. We call upon the federal government to prepare and publish annual reports comparing funding for the education of First Nations children on and off reserves, as well as educational and income attainments of Aboriginal peoples in Canada compared with non-Aboriginal people.

10. We call on the federal government to draft new Aboriginal education legislation with the full participation and informed consent of Aboriginal peoples. The new legislation would include a commitment to sufficient funding and would incorporate the following principles:
   i. Providing sufficient funding to close identified educational achievement gaps within one generation.
   ii. Improving education attainment levels and success rates.
   iii. Developing culturally appropriate curricula.
   iv. Protecting the right to Aboriginal languages, including the teaching of Aboriginal languages as credit courses.
   v. Enabling parental and community responsibility, control, and accountability, similar to what parents enjoy in public school systems.
   vi. Enabling parents to fully participate in the education of their children.
   vii. Respecting and honouring Treaty relationships.

11. We call upon the federal government to provide adequate funding to end the backlog of First Nations students seeking a post-secondary education.

12. We call upon the federal, provincial, territorial, and Aboriginal governments to develop culturally appropriate early childhood education programs for Aboriginal families.

LANGUAGE AND CULTURE

13. We call upon the federal government to acknowledge that Aboriginal rights include Aboriginal language rights.

14. We call upon the federal government to enact an Aboriginal Languages Act that incorporates the following principles:
   i. Aboriginal languages are a fundamental and valued element of Canadian culture and society, and there is an urgency to preserve them.
   ii. Aboriginal language rights are reinforced by the Treaties.
   iii. The federal government has a responsibility to provide sufficient funds for Aboriginal-language revitalization and preservation.
   iv. The preservation, revitalization, and strengthening of Aboriginal languages and cultures are best managed by Aboriginal people and communities.
   v. Funding for Aboriginal language initiatives must reflect the diversity of Aboriginal languages.

15. We call upon the federal government to appoint, in consultation with Aboriginal groups, an Aboriginal Languages Commissioner. The commissioner should help promote Aboriginal languages and report on the adequacy of federal funding of Aboriginal-languages initiatives.

16. We call upon post-secondary institutions to create university and college degree and diploma programs in Aboriginal languages.

17. We call upon all levels of government to enable residential school Survivors and their families to reclaim names changed by the residential school system by waiving administrative costs for a period of five years for the name-change process and the revision of official identity documents, such as birth certificates, passports, driver’s licenses, health cards, status cards, and social insurance numbers.

HEALTH

18. We call upon the federal, provincial, territorial, and Aboriginal governments to acknowledge that the current state of Aboriginal health in Canada is a direct result of previous Canadian government policies, including residential schools, and to recognize and implement the health-care rights of Aboriginal people as identified in international law, constitutional law, and under the Treaties.

19. We call upon the federal government, in consultation with Aboriginal peoples, to establish measurable goals to identify and close the gaps in health outcomes.
between Aboriginal and non-Aboriginal communities, and to publish annual progress reports and assess long-term trends. Such efforts would focus on indicators such as: infant mortality, maternal health, suicide, mental health, addictions, life expectancy, birth rates, infant and child health issues, chronic diseases, illness and injury incidence, and the availability of appropriate health services.

Scope

This policy applies to bursary funds distributed by the Union and its Offices.
Policy Statement

1. Bursary Funds

1.1. Bursaries offered by the Union on a permanent basis must be drawn from a specific Bursary Fund established by a referendum or through an agreement with Dalhousie University or another external group.

1.2. Bursary Funds will be restricted to the uses laid out in this policy and in their relevant agreements and/or levy questions.

1.3. The Union may offer bursaries on a temporary basis by allocating monies from the Operating Fund or other appropriate Funds. Such bursaries must be provided for in the yearly budget approved by Council.

1.3.1. Temporary bursaries must be governed by a set of terms approved by Council, which must stipulate the purpose of the bursary, the funding limit per applicant, and any unique eligibility and/or assessment criteria.

1.4. Offices of the DSU may establish their own bursary programs. These bursaries will be offered by the given Office and not the Union and will therefore not be subject to the regulations laid out in this policy except where specifically indicated.

1.5. The International Student Emergency Bursary Fund (“the ISEBF”) is established to provide one-time bursaries to international students in emergency financial need.

1.6. The Student Accessibility Fund (“the SAF”) is established to provide bursary funding for undergraduate students with a disability enrolled full-time at Dalhousie University.

In the period between the establishment of a new Bursary Fund and the revision of this policy, the new bursary may be distributed by a committee that adheres to both the general regulations of this policy and any specific terms and agreements governing the new fund.

1.8. Distribution of funds from any Bursary Fund must comply with the Union’s Financial Policy.

2. Bursary Committees

2.1. All bursary committees overseeing permanent bursaries will be standing committees of the Union formed each year in accordance with this policy and other relevant governing documents.

2.3. Meetings and minutes of all bursary committees are strictly confidential to protect information about members’ financial circumstances. All meeting minutes and other documents must be securely filed by the Director of Operations in accordance with Union policy.

2.4. Bursary committees will review applications for the relevant bursary and allocate funding in accordance with this policy.

2.5. The ISEBF will be overseen by the International Student Emergency Bursary Committee (“the ISEBC”).

   2.5.1. The ISEBC will be formed by June 30 of each fiscal year.

   2.5.2. Bursary committee chairs will ensure that alternate application options are made available as needed.

3.2. Each bursary committee chair will review and update the relevant application form on a yearly basis, in consultation with the Director of Operations, and will ensure that it is published on the Union’s website.

In the interest of countering the potential effects of unconscious bias or conflict of interest, the chair must remove all names and identifying information from applications before circulating them to the bursary committee. For accounting purposes, the chair of each committee will be able to view applicants’ names and identifying information.

5.3. Applications will be reviewed in the order that they were received.

5.4. In the event that a bursary committee is unable to review all applications submitted up to the most recent submission deadline within one meeting, the chair will schedule a follow-up meeting within two (2) weeks to review any remaining applications.

5.5. The bursary committee chair will update each applicant on the status of their funding within five (5) weeks of the date that their application was submitted.

5.6. Bursary committees will make decisions about the distribution of bursaries based on the amount and urgency of the applicant’s financial need and the availability of funds.

5.7. Priority will be given to first-time applicants.

5.8. Priority will be given to applicants who have attempted to access or exhausted other sources of funding.

5.9. Bursary committees may deprioritize or reject applications in the event an applicant did not provide enough information or did not thoroughly convey their eligibility and financial need. The applicant is welcomed to reapply and may be prioritized upon second submission.

5.9.1. The chair will inform applicants whose applications are rejected of the reason(s) for said rejection upon request.

5.10. Bursary committees may award the full amount of the bursary requested or a part thereof.

5.11. Bursary committees may develop additional assessment criteria in the interest of ensuring fairness and distributing funds in an equitable manner. Such additional criteria must comply with both the provisions and the spirit of this policy.

Purpose

This policy outlines the authority and process for the distribution of bursaries offered by the Union.

Scope

This policy applies to bursary funds distributed by the Union and its Offices.
Policy Statement

1. Bursary Funds

1.1. Bursaries offered by the Union on a permanent basis must be drawn from a specific Bursary Fund established by a referendum or through an agreement with Dalhousie University or another external group.

1.2. Bursary Funds will be restricted to the uses laid out in this policy and in their relevant agreements and/or levy questions.

1.3. The Union may offer bursaries on a temporary basis by allocating monies from the Operating Fund or other appropriate approved Funds. Such bursaries must be provided for in the yearly budget approved by Council.

1.3.1. Temporary bursaries must be governed by a set of terms that align with the values of the organization and are approved by Council. The terms must stipulate the purpose of the bursary, the line of the budget or fund it will come from, the funding limit per applicant, and any unique eligibility and/or assessment criteria.

1.4. Offices of the DSU may establish their own bursary programs. These bursaries will be offered by the given Office and not the Union and will therefore not be subject to the regulations laid out in this policy except where specifically indicated.

1.4.1. Office-administered bursaries must be accounted for in the Office’s yearly budget and approved by the Offices Steering Committee on a yearly basis.

1.5. The International Student Emergency Bursary Fund (“the ISEBF”) is established to provide one-time bursaries to international students in emergency financial need.

1.6. The Student Accessibility Fund (“the SAF”) is established to provide bursary funding for undergraduate students with a disability enrolled full-time at Dalhousie University.

1.7. Should an additional permanent bursary fund be established, this policy will be revised accordingly. In the period between the establishment of a new Bursary Fund and the revision of this policy, the new bursary may be distributed by a committee that adheres to both the general regulations of this policy and any specific terms and agreements governing the new fund.

1.8. Distribution of funds from any Bursary Fund must comply with the Union’s Financial Policy.

2. Bursary Committees

2.1. All bursary committees overseeing permanent bursaries will be standing committees of the Union formed each year in accordance with this policy and other relevant governing documents.
2.2. Any temporary bursaries will be overseen by an ad hoc committee formed in accordance with this policy and other relevant governing documents.

2.3. Meetings and minutes of all bursary committees are strictly confidential to protect information about members’ financial circumstances. All meeting minutes and other documents must be securely filed by the Director of Operations in accordance with Union policy.

2.4. Bursary committees will review applications for the relevant bursary and allocate funding in accordance with this policy.

2.5. The ISEBF will be overseen by the International Student Emergency Bursary Committee (“the ISEBC”).

2.5.1. The ISEBC will be formed by June 30 of each fiscal year.

2.5.2. Membership of the ISEBC will be: the Vice President, Finance and Operations who will serve as chair; one other Executive Officer to be determined by the Executive Committee each year; an international student; and the International Students’ Community Representative or, should they refuse the seat or if the Council seat it vacant, another Community Representative on Council to be appointed by the Executive Committee.

2.5.3. ISEBC members’ terms will continue until new committee members are appointed to ensure that there is no lapse in funding approvals.

2.5.4. A designated full-time staff person will be a non-voting advisory member of the ISEBC.

2.6. The SAF will be overseen by the Student Accessibility Fund Committee (“the SAFC”).

2.6.1. Membership of the SAFC will be: the Vice President, Internal who will serve as chair; two (2) Councillors to be appointed by Council; and two (2) general members of the Union to be appointed by Council.

2.6.2. Students with disabilities will be prioritized for membership on the SAFC.

2.6.3. SAFC members’ terms will continue until new committee members are appointed to ensure that there is no lapse in funding approvals.

2.6.4. A designated full-time staff person will be a non-voting advisory member of the SAFC.

3. Application Process

3.1. Applications for bursaries will be submitted to the chair of the appropriate bursary committee using a standardized online form.
3.1.1. Alternate formats for applications (e.g. audio recording; interview) will be considered for applicants who are unable to complete the standardized form due to disability or language barrier. Bursary committee chairs will ensure that alternate application options are made available as needed.

3.2. Each bursary committee chair will review and update the relevant application form on a yearly basis, in consultation with the Director of Operations, and will ensure that it is published on the Union’s website.

3.3. Each bursary committee chair will work with the communications team and relevant student societies to ensure adequate promotion and advertisement of the bursaries.

3.4. All bursary applications must include:
   
   3.4.1. The applicant’s full name, student number, year of study, and Dalhousie email address;
   
   3.4.2. Proof of enrollment at Dalhousie University;
   
   3.4.3. The amount of funding sought through the bursary;
   
   3.4.4. A description of the reason(s) for seeking bursary funding;
   
   3.4.5. A void cheque or direct deposit form;
   
   3.4.6. The amount of the applicant’s current financial need;
   
   3.4.7. The applicant’s personal budget and/or living expenses;
   
   3.4.8. The applicant’s current income and/or other sources of financial aid.

3.5. ISEBF applications must also include:

   3.5.1. An explanation of the circumstance causing emergency financial need;
   
   3.5.2. Documentation of the applicant’s international student status, for example, copy of a student visa.

3.6. SAF applications must also include:

   3.6.1. Medical documentation of disability and/or self-declaration that the applicant identifies as a Disabled student and/or student with a disability;
   
   3.6.2. Documentation to support the bursary funding request which may include, but is not limited to: receipts, quotes, or invoices for disability-related services and equipment.

4. Eligibility Criteria
4.1. Bursaries may not be used to pay academic or non-academic fees to Dalhousie University or any other post-secondary institution. For further clarity and without restricting the generality of this statement, bursaries may not be used towards the payment of a student’s tuition, ancillary, or auxiliary fees.

4.1.1. In the case that an applicant does not have a bank account in their own name, their awarded funds may be deposited into a Dalhousie University student account, at the discretion of the bursary committee and after all other options have been exhausted.

4.2. Applicants must have a Canadian bank account in their own name.

4.2.1. In the case that an applicant does not have a Canadian bank account, their awarded funds may be deposited into a foreign bank account under their name, at the discretion of the bursary committee. Any and all foreign banking fees will be automatically deducted from the applicant’s awarded bursary amount.

4.3. Only applications submitted by current Dalhousie students will be accepted.

4.4. The ISEBF has the following additional eligibility criteria:

4.4.1. Only applications submitted by full-time international students will be accepted.

4.4.2. The bursary must be requested for a situation of one-time emergency financial need.

4.4.3. No applicant may receive more than two thousand dollars ($2000.00) from the ISEBF within a single policy year. Applicants who have already reached this limit will not be considered.

4.5. The SAF has the following additional eligibility criteria:

4.5.1. Only applications submitted by students with disabilities and/or Disabled students will be accepted.

4.5.2. While applicants are welcome to submit documentation of their disability(ies), the Union recognizes that many students may be unable to access official diagnoses for a variety of reasons. Therefore, determination of eligibility will be based on self-identification and applicants do not need to be registered with the University as students with disabilities in order to be considered.

4.5.3. No applicant may receive more than one thousand dollars ($1000.00) from the SAF within a single policy year. Applicants who have already reached this limit will not be considered.

5. Assessment Process
5.1. Bursary committees will meet at least once every four (4) weeks and will review applications submitted up to one (1) business day prior to each meeting. Submission deadlines will be published on the Union’s website at the outset of each semester.

5.2. In the interest of countering the potential effects of unconscious bias or conflict of interest, the chair must remove all names and identifying information from applications before circulating them to the bursary committee. For accounting purposes, the chair of each committee will be able to view applicants’ names and identifying information.

5.3. Applications will be reviewed in the order that they were received.

5.4. In the event that a bursary committee is unable to review all applications submitted up to the most recent submission deadline within one meeting, the chair will schedule a follow-up meeting within two (2) weeks to review any remaining applications.

5.5. The bursary committee chair will update each applicant on the status of their funding within five (5) weeks of the date that their application was submitted.

5.6. Bursary committees will make decisions about the distribution of bursaries based on the amount and urgency of the applicant’s financial need and the availability of funds.

5.7. Priority will be given to first-time applicants.

5.8. Priority will be given to applicants who have attempted to access or exhausted other sources of funding.

5.9. Bursary committees may deprioritize or reject applications in the event an applicant did not provide enough information or did not thoroughly convey their eligibility and financial need. The applicant is welcomed to reapply and may be prioritized upon second submission.

5.9.1. The chair will inform applicants whose applications are rejected of the reason(s) for said rejection upon request.

5.10. Bursary committees may award the full amount of the bursary requested or a part thereof.

5.11. Bursary committees may develop additional assessment criteria in the interest of ensuring fairness and distributing funds in an equitable manner. Such additional criteria must comply with both the provisions and the spirit of this policy.

6. Funding Limits and Restrictions

6.1. Bursaries may be awarded in amounts of up to:

6.1.1. Two thousand dollars ($2000.00) for bursaries drawn from the ISEBF.

6.1.2. One thousand dollars ($1000.00) for bursaries drawn from the SAF.
6.1.3. For short-term bursaries, an amount set out in the bursary terms approved by Council.

6.2. A member may be awarded multiple bursaries within the same fiscal year, provided:

6.2.1. A separate application is completed for each bursary requested;

6.2.2. In each instance, the financial need meets the criteria laid out in this policy and is assessed according to this policy;

6.2.3. The total amount of bursary funding awarded to the member throughout the policy year does not exceed any funding limits laid out in this policy.

6.3. Being awarded or denied any bursary offered by the Union will not impact an applicant’s eligibility for other bursaries or funding opportunities offered by the Union or its Offices.
Chief Returning Officer Hiring Committee Report

Committee Composition

The DSU Hiring Policy mandates that part time position hiring committees be composed of a minimum of two individuals, with one being the position’s direct supervisor who serves as Chair. The Oversight Committee policy states that the Oversight Committee will advise Council as to the appointment of the Chief Returning Officer, and that the same three members of the Committee will sit as a panel interviewing candidates for any one position. To honour both policies, a hiring committee was composed of the DSU Policy and Governance Coordinator (the direct supervisor of the CRO, who served as committee Chair) and three members of Oversight Committee. The members of the committee were Levi Clarkson (Policy & Governance Coordinator), Daria Oanes, Stephen Abbott, and Anna Gaudet (Oversight Committee members). The Chair ensured that members were trained in hiring. The committee contained members of designated groups as per policy.

Timeline

The job posting for the Chief Returning Officer position was uploaded to the DSU website on July 22. Applications were intended to remain open for two weeks but were extended to see if a more diverse pool of candidates could be found. Applications closed on August 16th and were open for just over 3 weeks. The hiring committee completed initial rankings between August 17th and 20th and the chair contacted top candidates to schedule interviews on August 20th. Interviews were conducted on August 25th, and the committee completed their final ranking of all candidates based on their interviews. The committee came to a final decision and offered the position to the chosen candidate, who promptly accepted, on August 26th. On September 13th, the hiring committee’s recommendation will be brought to Council for ratification.

Hiring Decision

The hiring committee is happy to recommend William Mann for the position of Chief Returning Officer with the DSU for the 2021-22 year. Will is a fifth year Bachelor of Industrial Engineering student with substantial interest in and experience working with policy in his time on the
Executive of the Dalhousie Undergraduate Engineering Society and the Dalhousie Diploma of Engineering Society. Earlier this year he worked with the Sextant Publishing Society as their Policy Analyst and Elections Officer, where he ran a successful election and supported candidates in understanding elections policy and procedures during the campaign. Will has held leadership roles in multiple student societies on campus and has shown a keen interest in DSU governance, particularly when it comes to educating members about elections policies and procedures. Will also has experience planning complicated logistics and delegating tasks in a team setting through his role as Co-Chair of the Engineering Leadership Summit.

Will demonstrated exceptional experience and enthusiasm through his application and interview. The committee believes Will’s skills and understanding of the CRO role, DSU structures, and policy will make him a wonderful CRO and is confident in this recommendation.

Dalhousie Student Union Report to the Board of Governors
October 19, 2021
DSU President, Madeleine Stinson

A Thank You
As I begin my second year with the Board of Governors, I want to take time to thank those who support student voices in decision-making spaces. Your contributions are appreciated beyond measure. I am grateful for the opportunity to continue working with you all to represent the Dalhousie student community.

For those of you who I haven’t yet had the chance to meet, hello! My name is Madeleine (the French spelling, but not pronounced like the French children’s character). I’m a fifth-year Bachelor of Management, major in Sustainability Studies and minor in Security Studies. Originally from London, Ontario, but now very happily rooted in Halifax. My professional experience is in hospitality and my academics focus on cultural and environmental sustainability, and the nexus between those topics and security. My latest work has focused on the CAF’s Operation HONOUR and exploring policy changes that will protect survivors and marginalized individuals inside the forces. I also believe very strongly in bridging the gap between students and the institution without compromising the integrity of student rights and access to education. If you’re ever curious about what’s going on with students, what’s happening at the DSU, or why I think the way I do – let’s chat! I can be reached at dsupres@dal.ca or by phone at (226)-377-3703.

2021-22 DSU Executive Goals

Governance
- A review of all governing documents and the creation of additional policies such as a sexualized violence policy and international students’ issues policy.
- Revision of the DSU’s Strategic Plan.
- Creation of additional informative resources for students to better understand the DSU and Dalhousie.
Student Experience
- Programming such as Trick or Eat, Winter Pride, the Racial Justice Symposium, Exam Wellness Weeks, and a Women’s Week.
- Launch of the DSU Survey and dispersant of relevant data to groups across campus to better inform student activities, services, and supports.
- Development of an engagement plan to increase student involvement in on-campus activities
- Cross-campus collaboration and planning to facilitate student-oriented events, decisions, and policies.

The executive will also focus on advocating for and providing supports that address several key student issues this year, as identified by our membership:

- The student housing crisis and inaccessible housing resources
- Mental health and general wellness, both in relation to the pandemic and generally
- Accessible education, lowered tuition, and tuition waiver programs
- Harm reduction through many means: food access, safe drinking habits, sexualized violence prevention, etc.

Board Governance Models
As was noted in Board Orientation this Fall, the Board of Governors seeks to represent the best interests of Dalhousie University. This objective, however, is challenging to meet when the Board, at times, does not reflect the University’s larger goals, values, or representation. For example, of the 24 standard members of the Board of Governors, only 6 represent students or faculty members of the university. This representation places the Dalhousie Board as the least inclusive of students and faculty in Nova Scotia, and when compared to similar sized institutions across Canada. The Board’s membership is not proportionately representative of our community, or reflective of the fact that universities rely on students and faculty to function. These groups of stakeholders are not given the ability to have a meaningful impact in university decision-making spaces, when, the power those spaces hold would, in fact, cease to exist without them.

Across multiple industries and institutions, Boards of Governors most commonly change and reform because their structures fail to be effective. Much of this ineffectiveness comes from separation between the Board and the community it serves. To address this gap, which has been discussed at the Dalhousie Board since at least Summer 2020, more student and faculty members must be added. Reform of the Board, and the principles on which it operates, is suggested to remedy existing tension, and ensure that the Board prevents further disillusion.
University Financial Planning & Tuition Meetings

The annual Board of Governor’s “tuition meeting” occurs every April. There’s long been a discussion about what happens at this meeting, but less frequently about when this meeting occurs. Student concerns have risen over the timing of the meeting, as it occurs during exam period. Since the consequences of this meeting impact students in a direct (often negative) manner, they often feel that the meeting’s timing has been organized purposefully to keep them out of the conversation. Students want to be a part of the discussion, and they deserve to be meaningfully enabled to participate. Moving the timing of this meeting would give students the capacity to engage with Dalhousie’s governance in a manner that empowers them, rather than fuelling the separation between the institution and students.

It’s recognized that the timing of the “tuition meeting” is tied to the fiscal year and Dalhousie’s financial planning. Thus, it opens the door to a larger conversation on our financial planning, how it happens, who’s involved, and how it is communicated. Across Canadian universities, a relatively similar model for budget outreach is followed, with varying degrees of length, transparency, and community involvement. The DSU will continue discussion on this topic throughout the year but presents it at this time for consideration and thought.
Decolonizing the Institute

As October is Mi’kmaq History Month in Nova Scotia, we must all reflect as Treaty People, working and learning on stolen land. A Council motion in Winter 2021 reaffirmed the DSU’s commitment to prioritizing the Truth and Reconciliation Commission’s calls to action. We believe that with the privilege of higher education comes the responsibility of contributing to a more equitable future. To help educate students on the TRC calls to action, the DSU created an installation in the SUB to highlight the calls to action that pertain to higher education, students, and academia. They are as follows:

The underlined phrases indicate a call to action that calls directly on post-secondary institutions, and which can be fulfilled solely by the university, in consultation and collaboration with Indigenous Peoples, should it choose to do so.

07: We call upon the federal government to develop with Aboriginal groups a joint strategy to eliminate educational and employment gaps between Aboriginal and non-Aboriginal Canadians.

11: We call upon the federal government to provide adequate funding to end the backlog of First Nations students seeking a post-secondary education.

16: We call upon post-secondary institutions to create university and college degree and diploma programs in Aboriginal languages.

24: We call upon medical and nursing schools in Canada to require all students to take a course dealing with Aboriginal health issues, including the history and legacy of residential schools, the United Nations Declaration on the Rights of Indigenous Peoples, Treaties and Aboriginal rights, and Indigenous teaching and practices.

28: We call upon law schools in Canada to require all law students to take a course in Aboriginal people and the law, which includes the history and legacy of residential schools, the United Nations Declaration on the Rights of Indigenous Peoples, Treaties and Aboriginal rights, Indigenous law, and Aboriginal-Crown relations.

62: We call upon the federal, provincial, and territorial governments, in consultation with Survivors, Aboriginal peoples, and educators, to:

i. Make age-appropriate curriculum on residential schools, Treaties, and Aboriginal peoples’ historical and contemporary contributions to Canada a mandatory education requirement for K-G12 students.

ii. Provide the necessary funding to post-secondary institutions to educate teachers on how to integrate Indigenous knowledge and teaching methods into classrooms.

iii. Provide the necessary funding to Aboriginal schools to utilize Indigenous knowledge and teaching methods in classrooms.

iv. Establish senior-level positions in government at the assistant deputy minister level or higher dedicated to Aboriginal content in education.
63: We call upon the Council of Ministers of Education, Canada to maintain an annual commitment to Aboriginal education issues, including:

i. Developing and implementing K-G12 curriculum and learning resources on Aboriginal peoples in Canadian history, and the history and legacy of residential schools.

ii. Sharing information and best practices on teaching curriculum related to residential schools and Aboriginal history.

iii. Building student capacity for intercultural understanding, empathy, and mutual respect.

iv. Identifying teacher-training needs related to the above.

65: We call upon the federal government, through the Social Sciences and Humanities Research Council, and in collaboration with Aboriginal peoples, post-secondary institutions and educators, and the National Centre for Truth and Reconciliation and its partner institutions, to establish a national research program with multi-year funding to advance understanding of reconciliation.

66: We call upon the federal government to establish multi-year funding for community-based youth organizations to deliver programs on reconciliation and establish a national network to share information and best practices.

77: We call upon provincial, territorial, municipal, and community archives to work collaboratively with the National Centre for Truth and Reconciliation to identify and collect copies of all records relevant to the history and legacy of the residential school system, and to provide these to the National Centre for Truth and Reconciliation.

86: We call upon Canadian journalism programs and media schools to require education for all students on the history of Aboriginal peoples, including journalism programs and media schools to require education for all students on the history of Aboriginal peoples, including the history and legacy of residential schools, the United Nations Declaration on the Rights of Indigenous Peoples, Treaties and Aboriginal rights, Indigenous law, and Aboriginal–Crown relations.
What’s In A Name?
As a university, Dalhousie has roots as a colonial institution. We are located on unceded, unsurrendered, traditional land of The L’nu or Mi’kmaq People. The way we take up space on this land must be carefully considered, including how we choose to name spaces on it – or rather, whom we choose to name those spaces after. A student at Dalhousie and DSU staff, Abbie Winters, has suggested bringing forward a conversation on the building names at our institution. They have compiled research and historical information that may enable us to determine if the individuals whose names are on our campus continue to represent the values of our community. This conversation is especially important as we look towards developing a Master Campus Plan in 2022. We cannot be separated from our colonial history, identities as colonizers, or actions that perpetuate colonial structures and systems. However, we can choose to make a statement about what kinds of actions and values Dalhousie will choose to honour in our spaces. The re-naming of buildings on campus with violent history is a meaningful action with significant value to those who are reminded every day of the fact that, historically, Dalhousie is not a safe space for all.

The following buildings were suggested for consideration:

Alexandra Hall: named after Queen Alexandra of the United Kingdom, a colonizer and colonial power, responsible in part for the historical and ongoing genocide of Indigenous Peoples in North and South America.

Forrest Building: named after Revered John Forrest, with ties to the Residential School System in Canada. While he did not work in one, he failed to condemn them.

Tupper Building: names after Sir. Charles Tupper, a colonist, responsible in part for the historical and ongoing genocide of Indigenous Peoples in Canada.

Kellogg Library: named after W.K Kellogg, a known eugenicist and racist.
Assessment Assistance Ad Hoc Bursary

Committee Terms of Reference

Term: 2021 Fiscal Year

Purpose:

Students at Dalhousie have identified that the cost barrier associated with diagnostic testing has prevented them from accessing essential diagnostic services for learning disabilities, attentional disorders, and other cognitive conditions. We also know that the status of a student’s diagnoses directly impacts their ability to seek academic accommodations at Dalhousie, as well as their general ability to access education and the quality of their education. This in turn, has a significant mental health impact.

This bursary will exist to support those students requiring testing services to seek diagnoses that impact their access to education. Because of the typical cost ($2,500.00) of these services, they are often inaccessible for many students. This bursary will help alleviate those costs so that students may seek essential services.

The DSU has partnered with Dalhousie Health and Wellness to facilitate and streamline this bursary. Students who are recommended to seek psychoeducational assessments, and who identify a need for funding, will be directed by their psychologist to this fund. The committee will be notified at the time an application is submitted so that it can be reviewed, and a decision made.

Membership:

- The DSU President (Chair)
- Students with Disabilities Council Representative, or if they are not available, 1 Councillor
- 1 Member at Large

Operation:

Budget - $15,000.00, from Student VIP Fund

Maximum/Person - $1000.00

Eligibility Criteria

Only those students who are evaluated by a Dalhousie Health and Wellness staff member, and who identifies to that staff a financial need, will be referred to the bursary. Both domestic and international students are eligible. Any additional criteria will be added as dictated by the Bursary Policy.

Timeline:

When an application is received, committee members will receive an email with all relevant information to render a decision on whether to award funding. Committee members will have 5 business days from the time of the email to make their e-vote, and the applicant will be notified as soon as possible.

DSU President, Madeleine Stinson

Student Board Representatives

With the culmination of the 2021 DSU By-Election, we welcome two new student representatives to the Board of Governors. I am very pleased to be joined at the Board by student representatives Murray Lyu and Jonathon Frontain.

Murray Lyu (he/him) is a fourth-year business co-op student in the Faculty of Management, Commerce program. He has served as an executive on the Dalhousie International Students Association and held several staff positions at Dalhousie, all focused on student services. He is passionate about affordable education, maximizing student potential, promoting cross-campus conversation, and centering marginalized voices. Murray will be joining the Community Affairs Committee and is excited to continue his work advocating for students and working with the Board to learn more about university operations. Murray can be reached at Muyu.Lyu@dal.ca.

Jonathon Frontain (he/him) is pursuing his Juris Doctor, which is his third degree at Dalhousie. He has a history of society involvement and community service, including time volunteering with Halifax Pride. He is passionate about affordable education, improving student health services, and environmental sustainability. Jonathon will be joining the Capital Projects and Facilities Committee and is hopeful that his history at Dalhousie and perspective on student issues will contribute to a better, more inclusive, student experience. Jonathon can be reached at Jonathon.Frontain@dal.ca.

The Opportunity for Divestment

November 12, 2021, marks the end of COP 26 – The United Nations Climate Change Conference. COP 26 has been optimistically dubbed, “the world’s last best chance...”. Among the goals ratified by 200 nations, is an emphasis on the role finances play in mitigating climate change. Nations have agreed to mobilise their finances and raise at least $100bn in climate finance per year. These finances are vital to funding the private and public sector initiatives required to secure a global net zero (carbon neutrality). Climate finance refers to financial
activities that aim to reduce emissions and increase the resiliency of human and ecological systems. Divestment is one of those financial activities. With the challenges associated with divestment, which the Board must consider, also comes a wealth of opportunity to invest in alternative organizations that are sustainable, responsible, and that add Dalhousie to a group of leading universities that have also made the choice to divest. In recent months, the following institutions have chosen to divest to some degree:

### In Canada:
- University of Toronto
  *U15, QS 21’ Ranked #1 in Canada*
- University of British Columbia
  *U15, QS 21’ Ranked #3 in Canada*
- University of Waterloo
  *U15, QS 21’ Ranked #7 in Canada*
- Université du Québec à Montréal
  *QS 21’ Ranked #4 in Canada*
- University of Guelph
- University of Victoria
- Simon Fraser University
- Lakehead University
- Concordia University

### Globally:
- Rutgers University, USA
- Harvard University, USA
- American University, USA
- Yale University, USA
- Brown University, USA
- Columbia University, USA
- Georgetown University, USA
- Middlebury College, USA
- University of Southern California, USA
- University of Cambridge, UK

Other universities including Oxford University and McMaster have created plans to divest and reduce their emissions. In 2019, there were 38 campaigns across Canada for universities to divest – the majority are student led. The conversation on divestment has existed at Dalhousie for quite some time. In 2018, the Board voted in favour of a search for fossil fuel-free investments and the development of an investment strategy that aligns with the recommendations of the Senate Report on Fossil Fuel Divestment. In 2020, the university re-committed to adopting a responsible investment framework with ESG (environmental, social and governance) values, along with 14 other universities – UBC and UofT included. However, the results of this search and policy have failed to meaningfully impact the university’s investment portfolio. To date, Dalhousie continues to hold investments in companies that support environmental degradation and with egregious allegations of environmental infractions (Cenovus, Suncor, Chesapeake, Transocean, ExxonMobil, Enbridge, etc.). UBC and UofT have both since moved to divest on top of the commitment they made to an ESG investment policy, but Dalhousie has not.

Now is the time for Dalhousie to revisit divestment; to strongly consider its position as a leading institution, with the future in mind. The argument for divestment is not just a discussion on
ethics, but a proactive conversation about sustainable finances. The oil & gas sector placed at
the bottom of the Standard & Poor 500 for five of the years between 2014 and 2021 – it placed
second-to-last in another one of those years. Hanging on to fossil fuel investments will become
a financial liability for Dalhousie if it has not already. Divestment alone won’t solve the climate
crisis, but for a university like Dalhousie, divestment makes sense when combined with our
sustainability related research and academic programs, the funding into campus sustainability
projects, participation in the STARS program (and our gold rating), and our emissions reductions
goals.

Divestment is difficult for many reasons. The investments Dalhousie holds in fossil fuel
corporations are tied to many portfolios, and the work to financially divest will be significant.
But the call for divestment at Dalhousie is not a rally cry – it’s a push for integrated, measured,
and socially beneficial responses to climate change. Divestment is about more than a symbolic
financial decision, it’s an alignment of our university’s values with our actions. Focusing on the
challenges of divestment is a short-term perspective that cuts Dalhousie off from long-term
benefits. If our mission as a university is to lift the social and economic vitality of our
communities, divestment should be a part of our plan. Dalhousie’s Third-Century Promise gives
us multiple reasons to consider divestment:

**Equity, Diversity, Inclusion and Accessibility**
Fossil fuel corporations impact our communities in many ways. Pipelines tear through unceded
territory and the impacts of climate change are most felt by marginalized communities. By
contributing to the system that perpetuate these inequalities, Dalhousie is a part of larger
mechanism for fueling issues like environmental racism, colonization, misogyny, and classism.
Fossil fuel corporations may contribute to the economy and create jobs, but they also
contribute to the genocide of Indigenous peoples, among other things. If Dalhousie is
committed to EDIA and reconciliation, divestment makes sense.

**Future-Ready Leaders**
A holistic approach to giving students the tools to succeed includes preparing them for the
realities of a future in climate crisis. It means working with students, like the activists in Divest
Dal, to create solutions that make sense for the future. If as an institution we decide it’s too
difficult or not worth it to engage in green finance, how can we prepare our students for a
world where green finance activities are the norm?

**Impactful Community Engagement**
Becoming a civic university with global impact means that Dalhousie must address the interests
of the community. Student activists have been pushing for a larger conversation on divestment
since 2013. Students want action so much that almost 300 of them have signed a petition to
divest in the past two weeks (see Appendix I). A few years ago, they camped out on our Studley campus Quad for a week for the chance to speak to the Board about the importance of divestment and addressing climate change. Our students shouldn’t have to beg for their university to pay attention to their interests. Meaningful engagement starts with listening to students; local impact comes from watching how divestment positively impacts marginalized communities and our coastal environment; and the global reach starts with joining a group of renowned institutions that are choosing divestment.

*Social Responsibility and Sustainability*

Divestment is an expansion of our adherence to the core principles of sustainability – it’s a step above and beyond, putting Dalhousie on a list of the most excellent institutions across the globe. Divestment is evidence-based, and it is consistent with the actions of other universities that have committed to the *Charter for Canadian Universities*.

Based on this information, the Dalhousie Student Union and student activists believe it is time to revisit Dalhousie’s endowment investment portfolio. We must:

- Re-examine the search for sustainable investments &
- Amend the Endowment Investment Policy to divest from fossil fuel corporations.

Appendix II: Student Comments

“In the wake of so many Canadian universities waking up and divesting from fossil fuels, it is way past time for Dalhousie to do better! Will we be on the right side of history?” – Ellen

“Dalhousie should 100% stop investing into fossil fuels. we need to make a change in this world.” – Katie

“Dalhousie University is shaping the minds and the futures of the world’s next generation of scholars. How could this university say they even believe in our future if they continue to burn copious amounts of fossil fuels.” – Sabrina

“It’s time for Dalhousie University to become a climate leader and divest from fossil fuels!” – Caroline

“Dal markets itself as a place, like all universities, that cares about the future of its students. If Dal really cares about our collective future, it would have divested when Divest Dal started 8 years ago!!” – Emma

“I advocated for Dalhousie to divest from fossil fuels for the four years of my undergraduate degree from 2014-2018. There is absolutely no reason why Dalhousie should continue to invest in fossil fuel corps that are actively destroying the future of its graduates. As a school with a Sustainability department, it is time for Dalhousie to put its money where its mouth is and divest. If universities like U of T and SFU can, it should be an absolute no-brainer. (good luck divest dal-ers!)” – Monica

“Dalhousie claims to care about their students but have asked to divest for almost a decade. Stop using funds from students to destroy the planet.” – Gabrielle

“I am so shocked by this, thank you for this information- I had no idea about these investments and am obviously disgusted. Especially as an international student- It is good to see some transparency into where our money is actually going.” - Ciara

Based on the below details, no meeting was held. Online discussions were conducted to prepare the new student representatives for their first board meeting.

Student members of the Board determined there were no items of significant interest or action on the agenda for the upcoming meeting. Ex-camera topics for the meeting include: a presentation on Dal Innovates, reports from the Chair, President, DSU President, and standing committees, and a vote to approve the establishment of a Black Studies Research Institute and to approve the facilities renewal preliminary budget for 2022-23.
CFS Prospective Membership Update

The DSU became prospective members of the Canadian Federation of Students (CFS) in 2019, after DSU Council voted to enter into a prospective membership. The goal of prospective membership was to hold a referendum vote in which all Dalhousie students could vote yes or no, as to whether they wanted the Union to become members of the CFS.

Since then, the DSU Executive has been in discussion with the CFS on how to hold a referendum vote on campus. However, due to contradiction between the governing documents of the two organizations, we have concluded that a referendum vote cannot take place in a way that does not contradict with both organizations. Hosting a CFS referendum would necessitate the DSU to amend its Bylaws in relation to external organizations, as well as its Elections and Referenda Policy in relation to voting mechanisms. To amend its Bylaws, the DSU would need to do so at an Annual General Meeting (AGM); however, the DSU has not been able to reach quorum at an AGM since 2016.

At this stage, we believe it is in the best interest of the DSU and its members to no longer pursue membership until members show interest in making the necessary bylaw and policy changes required to join this and any other external organization.

For these reasons, the DSU Executive voted on October 06, 2021, to inquire with the CFS about ending the prospective membership. On October 22, 2021, the DSU President emailed the Chairperson of the CFS to ask that instead of moving a motion to extend the DSU’s prospective membership, the CFS National Executive move a motion to cancel our prospective membership at their upcoming National General Meeting.

The CFS responded to this request on October 27, 2021, confirming that the DSU is no longer a prospective member of the Federation. They have indicated on November 23, 2021, that they are following up shortly to provide the DSU with formal meeting minutes from their National General Meeting, to further confirm this decision.

Report on Auditor Selection

In September 2021, the firm PwC resigned from auditing the Union after 8 years for economic reasons. The Financial Controller promptly drafted an RFP (request for proposals), which was sent to seven (7) auditing firms. One (1) firm responded with a bid, 3 firms responded that they could not take the Union on as a client at this time, and 3 firms did not respond to the request for proposals.

The Vice-President Finance and Operations, Director of Operations, and Financial Controller came together to form a selection committee. One (1) bid was received from BDO Canada. After a virtual meeting to ask some thorough questions, BDO was determined to be a qualified auditing firm and a good choice of firm for the Union. They represent other Student Unions as well a member of the team that would work the file for the DSU is a previous VP finance of Acadia Students Union. It is the recommendation of the selection committee that BDO be appointed as the DSU’s auditor for a term of 2021-2023. After that time upon review, a renewal could be possible.

In accordance with the Financial Policy, the selection committee’s recommendation will go to Budget and Finance Committee for approval before going to DSU Council for appointment. Under ordinary circumstances, the selection committee might wait until they have received more bids before proceeding with a recommendation. However, because of the timing in which the Union’s previous auditors resigned, it is crucial that an auditor be appointed by the end of 2021 so that they have sufficient time to be oriented to inner workings and the accounting systems of the DSU and appropriately prepare for this year’s audit. To ensure a successful audit, it is in the Union’s best interests to appoint an auditor before the end of the 2021 year.

14. Announcements
14.1 The Students with Disabilities Representative title will be known as the Disabled Students Representative moving forward. This change was brought forward by the current rep, Victoria Slipp, based on feedback from her constituency. Members of the constituency feel that changing the title to Disabled Students Rep more adequately represents the perspective of their community and that this change would make them feel better heard by their rep on council and by the DSU more generally. Other titles of community rep positions on council have also changed in the past, to reflect the most accurate and appropriate language for each community. A motion will be brought forward at the next General Meeting to officially update the councillor titles in the DSU Bylaws, based on current practice.

14.2 The DSU is engaging in a conversation around the in-house services of the Grawood, with hopes to increase turnout to events and make the space more engaging and inviting. Since the restructuring in 2019, the Grawood has not been as busy and we are looking to better understand students’ perceptions and desires for the space!

Please share this survey link with your constituents! We’ll share findings next semester for interest; operational decisions for the Grawood are under the purview of the DSU Bar Manager. Thank you!

14.3 The next meeting of Council will be held on Monday, January 10, 2022.

DSU Governance Review Update

Madeleine Stinson, DSU President

December 13, 2021

In Spring of 2021, the DSU engaged the law firm Wickwire Holm to complete a two-part governance review. The first part of the review was meant to focus on enshrining survivor-centric principles into the DSU’s policies and ensuring that members have mechanisms through which to bring forward complaints and have them adequately and consistently dealt with.

The review and recommendations will aid the DSU in ensuring there are responsive, survivor-centric, trauma-informed, and just systems in place for members to submit complaints regarding the Union and the conduct of Union elected representatives and staff.

This section of the review was completed in Summer 2021, and members of the DSU have been working to review the provided analysis, examine the nature of related policies in other students’ unions, and determine next steps. Policies, procedures or suggested amendments to existing policies and procedures will be developed alongside recommendations from the second half of the governance review.

In Summer 2021, the DSU’s legal representative stepped away from Wickwire Holm to begin their own firm – the DSU followed our representative as a client. The second part of the governance review was put on hold until November of 2021.

The second part of the review is a broader review of the DSU’s bylaws, policies, and operating procedures. The review will highlight inconsistencies and problematic elements in these documents and will support the DSU in revising governance to suit best practices and the needs of DSU membership. The goal of this review is to improve clarity and consistency throughout the DSU to allow the Union to better fulfill its objectives.

This review will take place over the Winter 2022 semester, beginning with an initial review of our governing documents (which has already begun and is supported by our history with our current legal representative). After the initial review, our legal representative will meet with the Bylaw and Policy Review Committee to present their assessment and consult with the Committee to develop a strategy and priorities for achieving the review objectives. The meeting will be an opportunity to discuss any gaps or shortcomings in the current by-laws and policies identified in the Initial Review. During this meeting with the Committee, the schedule for the review will be finalized. At the latest, the Project is anticipated to be completed by March 2022.
The second half of the review will also include a training session with Council to review the new governing documents and their impact on DSU governance. The DSU Council will then vote on proposed changes.
DSU Strategic Planning Update

Madeleine Stinson, DSU President

December 13, 2021

Overview of the Consultation Process

Consultation for the DSU’s strategic planning has run two rounds thus far: one in Summer 2021 term and another in Fall 2021 term. The first round of consultation was open to students, community, staff, and faculty. The second round of consultation was closed to students, student senators, and members of the DSU Council. Consultation utilized a survey, which received a total of 20 responses. A targeted consultation with the DSU executive team and DSU Council also occurred in the Fall 2021 semester.

Consultation Demographics

Survey respondent breakdown: 17 students, 2 faculty, 1 staff.

Of the 20 survey respondents, 18 self-identified as belonging to a designated community group. 13 identified as women, 9 identified as 2SLGBTQIA+, 7 identified as living with a disability, and 6 identified as holding a racialized identity of some kind.

- No respondents self-identified as international students.

Ad Hoc Emergency Housing Bursary

Terms of Reference

Name of Bursary: Ad Hoc Emergency Housing Bursary

Term: 2021 Fiscal Year

Background and Purpose: The housing crisis in Halifax / Kjipuktuk is deeply affecting our members in a number of ways, and particularly financially. This bursary will exist to support those students who are facing a one-time financial need associated with a housing situation, particularly those needs which are tied to equity and/or accessibility issues and particularly students whose financial need is most severe and who have the least access to other resources and supports.

On November 29, 2021 the Vice President, Finance and Operations presented a revised budget to Council to be voted on at the following meeting on December 13th, 2021. The revised budget included an allocation of funds for the creation of an Emergency Housing Bursary. This document, as well as the DSU Bursary Policy, outline the terms governing this bursary.

Funds Available: The Ad Hoc Emergency Housing Bursary consists of $10,000 to be distributed as twenty-five (25) individual bursaries of $400. This money has been allocated from the Bursary line of the Service department (line 6251 of department 112) in the revised Operating Budget.

Committee Membership: As per section 2.2 of the DSU Bursary Policy, applications will be reviewed and funds will be allocated by an ad hoc committee, hereby called the Ad Hoc Emergency Housing Bursary Committee. Normal procedures for approval of spending will apply as per the Financial Policy and Bylaws. Committee membership will be as follows:

- The DSU Vice-President, Academic and External (Chair)
- One (1) additional Executive Officer, as determined by the Executive Committee
- Two (2) members of DSU Council
- Two (2) Members at Large

Eligibility Criteria: Any Dalhousie student experiencing a one-time housing emergency situation is eligible to apply for funding through this bursary. No applicant may receive more than a total amount of four hundred ($400.00) through this bursary. The status of the applicant’s application for other bursaries offered by the DSU or its Offices will not impact eligibility.
Applicants must also meet the eligibility criteria outlined in sections 4.1-4.3 of the Bursary Policy.

**Application:**

Applications will be made using a web form available on the DSU website. Applications must include:

- The applicant’s full name, student number, year of study, and Dalhousie email address;
- Proof of enrollment at Dalhousie University;
- The amount of funding sought through the bursary (a maximum of $400 may be sought);
- A description of the reason(s) for seeking bursary funding, specifically describing the housing circumstances causing emergency one-time financial need;
- A void cheque or direct deposit form;
- The amount of the applicant’s current financial need;
- The applicant’s personal budget and/or living expenses; and
- The applicant’s current income and/or other sources of financial aid.

Students may apply more than once if their initial application is rejected or if they only receive a portion of the total amount of funding available to them, but they may only receive a total of $400 through the Emergency Housing Bursary.

**Assessment Criteria:** The Ad Hoc Emergency Housing Bursary Committee will prioritize funding for those applicants who are experiencing a one-time financial need associated with a housing situation, particularly those needs which are tied to equity and/or accessibility issues. The Committee will also prioritize funding for those applicants whose financial need is most severe and who have the least access to other resources and supports, as stipulated in the Bursary Policy. The Committee will adhere to all further assessment criteria established in the DSU Bursary Policy.

**Timeline:** There will be two rounds of applications for this bursary, one in January/February and one in February/March. The Emergency Housing Bursary Committee will meet twice to review applications: once in February to review applications submitted on or before February 11, and once in March to review applications submitted on or before March 11. The Vice President, Academic and External (or their designate) will update all applicants on the status of their application within ten (10) business days of the Committee’s meeting to review applications. Funds will be distributed to approved applicants via direct deposit according to the DSU’s internal accounting schedules and will be paid out as soon as possible following approval.
Advisement and Promotion: The Ad Hoc Emergency Housing Bursary will be promoted using all official DSU channels, including the newsletter, website, and social media.

Internal Affairs and DSU Committees

Dec 03: International Student Emergency Bursary Committee meeting

Some follow up ongoing regarding current policy preventing access to funds for students who mention tuition in their application. This could be the difference between a successful and unsuccessful applicant according to current practice, even if the student can demonstrate the transitory / emergency nature of their funding request and fits all other criteria. Looking into whether these applicants can apply again and have their application reconsidered, and will be proposing a policy change if not.

Dec 07: Housing bursary design meeting with Policy and Governance Coordinator

- Design phrasing of motion (now passed) regarding emergency housing bursary and clarifying available funds / relevant restrictions tied to bylaws.

University Affairs and Committees

Dec 01, 06, 20: Ratification of Academic Integrity cases

- Large number of cases, with attempts to process further work during holiday period.
  - Some uniquely bleak student statements should make the psychological strain students are under readily apparent to anyone affiliated with this process.
  - Expectations regarding disciplinary action are wildly non-standard across departments, unclear methodology for determining severity of response.

Dec 01: Senate Learning and Teaching Committee (SLTC) meeting

- Student Feeback on Learning Experiences Questionnaire (SLEQ) subcommittee made for trying to rework the questions.
Through the works of local reps, we moved from only one student rep to one undergraduate and one graduate rep present on this subcommittee.

If any councillor is interested or knows any student that would be interested in sitting on this committee, please refer them my way. Please note that this committee will have a significant amount of readings regarding methodology.

Dec 02: Another SLEQ meeting (question phrasing / specifics for subcommittee)

Dec 07: Executive / student affairs meeting

- Discussion of aiming to adjust timeline for university budget approval.

Dec 15: Executive / senior admin meeting

- Predominantly focused on the recent COVID-19 outbreak and speculation regarding measures and communication regarding exams.
- Some discussion regarding vaccine hesitance and current travel advisories.

Jan 05: SLTC meeting

- Two significant discussions:
  1) Protocols for exams / discussion of online proctoring
  2) Yet more SLEQ conversations
- Online proctoring discussion was a follow up on a subcommittee which highlighted contemporary contention surrounding online proctoring, student concerns, current negative feedback and media attention, as well as more practical / logistical concerns regarding data management and privacy.
- Regarding SLEQ: Functionally the third iteration of the same acknowledgement of limitations of the questions. Some highlight of unfortunate behaviour from students end that is still shaping the discussion.

External and Broader Community

Nov 30: Provincial Sexual Violence Prevention Committee

- Attended Provincial Sexual Violence Prevention Committee as DSU rep to a sitting committee of NS Legislature.
- Highlighted barriers to access for the designed “bystander intervention” modules for general public.
- Through follow up: obtained access to full “Waves of change” module files for open redistribution among interested members (contains general “spectator intervention” focused coaching / educational materials).

Dec 09: Government Student Roundtable
• Meeting with provincial Advanced Education Minister.
  o Predominantly follows party line (Supply side approach to remedying housing / cost of living issues facing students IE: Divert public funds to private business rather than direct funding for students / training and use companies as intermediaries in the forms of subsidized employment.)
  o Highlighted the government’s choice of a fixed election date in June coinciding with the absence of full-time students from out of province / students with summer placements, and the choice’s resultant disenfranchisement of students in NS elections.

Senate Caucus Updates

Dec 13: Senate Meeting

• Predominant discussion focused on “Opt in vs Opt out” for sharing results of student feedback from the SLEQ.
  o Remarkably robust amount of faculty complaints on an issue which most senators could not clarify or elaborate on the specifics / mechanisms of feedback, but rather were tied to sentiment regarding how things were read or perceived.
  o After discussion at least a quarter of voting members abstained, which was unique in my tenure.
    ▪ It is still being discussed in SLTC. Feedback process requires extensive revision.

Upcoming Dates

Emergency Housing Bursary

• Students interested in joining the Emergency Housing Bursary Committee can submit an interest form by January 20th. Interest forms can be found at dsu.ca/committees.
• Promotion of the Emergency Housing Bursary will be included in the DSU Newsletter on January 14th and will be promoted on social media during the following weeks.
• Deadline for students to apply for the first round of bursaries is February 11th.
Winter 2022 DSU VPAE Goal

January 7, 2022

Vice-President, Academic and External

Position filled during Fall By-Election and as such is only required to set a Winter Term goal.

1) Winter: Initiate contact between the DSU and other local unions with shared recipients of advocacy (IE: unions directly under the purview of the Minister of Advanced education, unions which negotiate with departments within Dalhousie, or directly with Dalhousie administration).

Attempt to identify and foster collaborative approaches to lobbying on shared priorities, and potential solidarity in student action and advocacy / labour advocacy to collectively amplify the influence of student voices in bargaining and provincial legislature.

MOTION 2022-01-24-11.1

WHEREAS in 2009, the membership of the Dalhousie Student Union voted in favour of the following referendum question: “Do you support stabilizing the DSU Health and Dental plans by allowing yearly adjustments in premiums only when necessary, based on inflationary costs and prior claims experience? Any other adjustments not related to inflationary costs or claims experience must be approved by a referendum”; and
WHEREAS current Health and Dental claims paid almost exceed premiums collected from the members; and

WHEREAS the DSU is required to keep a certain level of reserve funds in order to maintain a self-insured plan, and a self-insured plan allows the DSU to maintain lower overall rates for our members; and

WHEREAS in the past, the DSU Council has approved sudden and steep increases to the Health and Dental plan that were not sustainable for students, in order to compensate for years of poor Health and Dental plan management; and

WHEREAS this situation is best mitigated by year-to-year fee adjustments of several dollars at a time that prevent unsustainable plan costs for students; and

WHEREAS a fee adjustment of several dollars per student effectively spreads the cost of student medical care among our many members, subsidizing the cost of care for those who need it most; and

WHEREAS this fee adjustment would enable the DSU to continue to support its most vulnerable members during the Covid-19 pandemic by continuing to provide physical and mental health coverage to those that rely on it; and

WHEREAS all students are required to have health insurance coverage in order to attend Dalhousie; and

WHEREAS all students at Dalhousie, international and domestic, are enrolled in the DSU Health plan unless opted-out;

THEREFORE:

BE IT RESOLVED THAT the Health Plan single student fee be increased 1% ($2.83), and;

BE IT FURTHER RESOLVED THAT the Health Plan family fee be increased 1% ($2.83), and;

BE IT FURTHER RESOLVED THAT these increases will take effect September 2022.

MOTION 2022-01-24-11.2

WHEREAS in 2009, the membership of the Dalhousie Student Union voted in favour of the following referendum question: “Do you support stabilizing the DSU Health and Dental plans by allowing yearly adjustments in premiums only when necessary, based on inflationary costs and prior claims experience? Any other adjustments not related to inflationary costs or claims experience must be approved by a referendum”; and

WHEREAS the DSU executive committee continues to receive feedback from members detailing their experience with the Central Nervous System (CNS) stimulants claims cap (currently $500.00 per annum) being too low to support their needs; and

WHEREAS CNS stimulants can be used to mitigate the symptoms of cognitive conditions like narcolepsy, depression, attention deficit hyperactivity disorder, and others that impact an individual’s quality of life and ability; and

WHEREAS the DSU believes that the Health plan coverage should be reflective of the wishes of its membership; and
WHEREAS the DSU believes that healthcare should be accessible to everyone; and
WHEREAS CNS stimulants are the DSU Health Plan’s most commonly claimed medicine; and
WHEREAS the DSU’s Health plan provider, Student VIP, estimated that a 3% fee increase to the Health Plan will put the DSU on a financially sustainable path to removing the CNS cap entirely in the near future; and
WHEREAS increasing the CNS stimulant claims cap to $1000.00 per annum would lower the out-of-pocket cost for the many members requiring these medications, increasing their quality of life; and
WHEREAS a 3% increase to the Health plan fee would allow the DSU to increase the CNS stimulant claims cap to $1000.00 per annum for the 2022-23 academic year;
THEREFORE:
BE IT RESOLVED THAT the Health Plan single student fee be increased 3% ($8.48); and
BE IT FURTHER RESOLVED THAT the Health Plan family fee be increased 3% ($8.48); and
BE IT FURTHER RESOLVED THAT these increases will take effect September 2022; and
BE IT FURTHER RESOLVED THAT unless the claims for CNS stimulants during the 2022-23 academic year necessitate a further increase to the Health plan fee, that the DSU executive shall exercise their power to remove the CNS cap entirely by the end of 2023, if appropriate.

MOTION 2022-01-24-11.3

WHEREAS in the 2021-21 academic year the DSU created a one-time wellness bursary, aimed at providing finances to enable students to engage in wellness activities; and
WHEREAS this bursary was very popular and applied to by many students, not all of whom received funds; and
WHEREAS the ongoing impacts of the Covid-19 pandemic and latest Omicron variant wave continue to take a toll on the health and wellbeing of students;
THEREFORE:
BE IT RESOLVED THAT an ad-hoc wellness bursary is struck; and
BE IT FURTHER RESOLVED THAT the bursary is a total of $15,000.00, allocated from Student VIP funds, a pool of monies provided by the DSU’s health insurance provider on an annual basis that must be used for mental health initiatives; and
BE IT FURTHER RESOLVED THAT the funding per limit applicant is $500.00; and
BE IT FURTHER RESOLVED THAT the wellness bursary committee shall consist of the DSU President, one Councillor, and one Member at Large; and
BE IT FURTHER RESOLVED THAT the bursary’s term extends until March 31st, 2022, or the time that the fund is exhausted, whichever occurs first; and
BE IT FURTHER RESOLVED THAT the ad hoc wellness bursary will follow all other conditions as outlined in the Bursary Policy and the attached Terms of Reference for the wellness bursary committee.

Reporting Period: January 06, 2022- January 19, 2022

Internal Affairs and DSU Committees

- Ongoing work to develop council motions for adjusting the Health Plan fee.
- Ongoing preparation for DSU Pride Week.
- Organization of executive committee meetings for the semester.

Executive Committee Meetings

January 17: executives were sent a letter to determine the best time to hold council prep meetings and executive committee meetings for the remainder of the semester (all but VPSL replied). Discussion on Dalhousie Agricultural Students Association’s interest in holding a referendum to increase their levy, DSU Policy & Governance Coordinator is working with them to provide information and support. Executive approved the decision to use some of the Sno Week funds, since programming was cancelled due to Covid-19. Photography company is interested in partnering with the DSU for graduation portraits, they have been passed on to the Sponsorship Coordinator. VPFO and VPI presented an idea to sponsor general interest societies to improve engagement, they are connecting with staff and returning with a full proposal for the executive committee later this term.

- The VPSL has been largely absent from internal DSU work since January 5th, barring an email on January 10th, a slack message to me on January 10th indicating that he was still in the UAE, and a slack message to me on January 17th sending regrets for the executive committee meeting and indicating a bad internet connection. An email was sent to the VPSL on January 12th checking in and offering support, with no response. The VPSL’s internal absence (without regrets) has included a council meeting, multiple senior admin meetings, meetings with Student VIP and to make decisions regarding the health plan, and resulted in the postponing of the January Mental Health Forum.
Additional Meetings

January 07, 9am: DSU staff meeting. Updates on DSU operations.

January 07, 2:30pm: meeting with Oversight Committee for Fall 2021 term executive review.

January 07, 4pm: Student senate caucus meeting. Regrets sent due to having Covid. Assistance provided to VPAE to prepare for the meeting.

January 10, 7pm: DSU Council. Update on DSU operations provided.

January 12, 2:30pm: meeting with the Director of Research & Outreach, VP Internal, and the facilitator for the DSU Pride Week Pronoun Workshop. The workshop will be open to students, staff, faculty, and community.

January 12, 3pm: meeting with the Policy & Governance Coordinator and Director of Research & Outreach to prepare for an upcoming meeting with Student Affairs regarding the fee timeline for the DSU and the DAL Board of Governors. Dalhousie is hoping to move the approval of student fees to an earlier Board meeting in the Winter semesters and would like any changes to DSU fees to be approved at the same meeting, but this is not necessarily feasible given the DSU’s current elections and referenda timelines. We are working with them to see what is possible, considering students’ interest in moving the meeting date as well so that it occurs when students are still on campus.

January 12, 12pm: meeting with the DSU executive and Student VIP representatives to discuss updates to the Health plan fee and coverage. Regrets sent in advance for the latter 30 minutes of the meeting due to a 12:30 class.

January 14, 2:30pm: meeting with the DSU executive to determine what motions would move to Council to adjust the DSU Health plan fees.

January 17, 2:30pm: meeting with the Directors to discuss updated DSU operations for February, considering the announcement for a large return of students to campus next month. DSU full-time staff and executives will continue to have the option to work from home, barring staff who are required on site to do their jobs or fulfill obligations to staff/students/clients. DSU service and business operations updates will be available on the DSU website and socials in the coming week.

University Affairs and Committees

January 10, 3pm: Senate meeting. Motion for credit/no-credit grading option approved. Credit/no-credit will replace PASS/ILL as the grading option accessible to students dealing with extenuating circumstances, including the impacts of Covid-19. The DSU will be working with Senate and the Registrar’s Office to share information to students regarding credit/no-credit and its applications.
January 13, 4pm: meeting with Policy & Governance Coordinator, Dalhousie Accounts, and the Vice-Provost, Student Affairs to discuss DSU and DAL fee timelines.

January 18, 11am: meeting with the DSU executive and Student Affairs team, the Registrar, and the Assistant Vice-Provost, Academic to discuss supports for students during the Winter 2022 term (increased mental health supports, leniency from professors, support for sick students, academic accommodations), and DAL plans (in development) for engaging students in a discussion on unsanctioned street parties. Updates on a potential Meningitis B vaccine campaign, fee timeline discussion and administrative deadlines postponed to next Students Affairs/DSU meeting.

January 18, 3pm: meeting with the DSU executive and DAL senior administrators. The agenda included an update on the return to campus – we asked for clearer Covid-19 reporting information, an update on campus check system compliance, and how the university was considering the use of hybrid model teaching in the future. Additionally, the university provided an update that they are planning a survey for students to give feedback on student fee proposals from the DAL Budget Advisory Committee (BAC). The DSU invited senior leadership to engage with DSU Women in Leadership Week (name to be changed) programming this March.

External and Broader Community

January 10, 2:30pm: interview with the Gazette regarding covid & classes, housing bursary, and DSU student employment.

January 13, 4pm: interview with the Signal discussing return to campus for Winter 2022 semester. Link to article.

Board of Governors Caucus Updates

- Ongoing discussion with the Board Secretariat to determine how to re-adjust the staggering of student board representative positions after a mid-term resignation of a student representative has un-staggered the positions. The staggering of Board Rep 1 and Board Rep 2’s terms are important for knowledge succession and continuous strength in student representation at the Board level.

Performance Evaluations Summary Report

In completing the review, the committee examined several sources of information to ascertain a full picture of the executive committee’s performance. From that, we formulated questions to clarify areas of concern or unclear information. Those questions were posed to each member of the executive committee. Using the information from the interviews, DSU governing documents, along with other information submitted to the committee by Director of Policy and Governance, the Executive Review template was completed by the committee.

The following is a summary of each executive’s review.

President

Overall, the Committee did not identify any serious of concern that it would recommend council to act on. In addition, the committee strongly commends the President for her response to Homecoming and her willingness to discuss with the committee how both the DSU and University could improve their response in the future. The Committee was also impressed with her overall leadership abilities so far in the term. Areas of concern that were addressed by the committee with the President include her lack of attendance at Senate meetings (as a result of a mandatory class conflict) and the lack of progress on the Governance Review (due to issues with the contracted lawyer). We were impressed with her responses to our concerns and believe she has so far followed the duties laid out in the bylaws.

Vice President, Internal

The Committee recognizes the worthwhile goals of the VPI to restart Collaborative+, although she found it to be more difficult than initially expected. We also applaud her efforts to introduce more students to the DSU in a tangible way. More work is needed to restart the Collaborative+ effort, which she acknowledged to the Committee. We are concerned that some of her portfolio is being worked on by other members of the executive team, and we encourage the VPI to maintain control of her portfolio to the best of her ability. In addition, we commend her work on the society expo. By all accounts, the society expo was extremely well-run and well-attended. Moreover, she ratified a significant number of societies. We do take issue with the frequency of meeting of the Student Accessibility Fund Committee, which stopped meeting near the end of the term. The VPI acknowledged that the committee work fell behind, which is concerning considering the importance of the fund to many students.

Vice President, Student Life

The Committee is concerned about several issues regarding the conduct of the VPSL this term. Firstly, it is unclear what exactly his mental health initiatives have accomplished and the purpose of his meetings with Healthy Minds NS is also unclear. He also did not engage the Disabled Students Representative as he worked on these initiatives. His other main area of work this semester was on food insecurity, but it quickly became clear to the committee that exactly what he accomplished needs to be scrutinized. Action is needed by council (see recommendations) to determine if he misled union members as to the work he undertook on this issue. Far more transparency is needed on the work he allegedly completed.
There are also concerns regarding his lack of attendance at executive committee meetings. According to accounts discussed by Oversight, O-Week appeared to be run successfully.

**Vice President, Finance and Operations**

Generally, there are no serious concerns regarding the work of the VPFO that is required of him as the VPFO, except for some confusion regarding specific audit procedures of union services. However, there are extremely serious concerns regarding the attendance of the VPFO. He missed more meetings than any other executives. This requires scrutiny and we recommend council acts (see recommendations). Our main concern regarding the VPFO is his work on areas outside of his portfolio. He presented us many plans for society engagement, an area that is not under his purview. He did complete an update of the society audit process, however. But overall, the work of the VPFO needs to be refocused.
Recommendations

Recommendation 1: There was a noted lack of engagement with some executives and policy changes. The Committee recommends that all executives take a more active role in policy development.

Recommendation 2: The overarching theme of the review undertaken was that there is significant overlapping of work done by executives. The Committee recommends that the executives focus solely on work directly related to the guidelines set out by the bylaws. To ensure compliance, the Committee recommends the adoption of a template for executive reports to council that require executives to directly relate their work to the bylaws, so that the executive committee members are working on their portfolio.

Recommendation 3: Resulting from review of documents from this term and the conversation with Oversight Committee, more information and transparency is required regarding the actions of Vice President Student Life with respect to their work on mental health and wellness this term. The Committee recommends that council adopts a motion to request a complete report from the Vice President Student Life regarding the contents of meetings with Healthy Minds NS and a detailed overview of their plan to work on mental health and wellness, with specific goals and outcomes.

Recommendation 4: Following committee discussions, the Committee recommends council request a report on the nature of accessibility in DSU programming. The committee is specifically interested in activities that could be exclusionary towards people with physical disabilities. There is a concern that adequate efforts have not been made to engage in accessible programming, including in beginning of this year programming for example. Efforts should be made to increase accessibility in a systemic manner, which should first commence with an analysis, which is why we recommend council requests a report.

Recommendation 5: Overall, there were serious concerns regarding the content of meetings held between executives and various organizations. The Committee recommends more reporting on the nature of meetings held with external organizations, so union members can better understand what is being advocated for. This could be accomplished through a standardized reporting process to council (in executive reports, for example) on the contents of meetings.

Recommendation 6: Also, a significant area of concern is the work allegedly completed regarding food insecurity among students by the Vice President Student Life. It features prominently in their year-long goal report, but after an interview it is unclear as to exactly what work was done and whether their description accurately describes their work. The Committee recommends council request all documents and work related to food insecurity to determine what work the VPSL accomplished.

Recommendation 7: Following concerns regarding exactly who completed the work on restarting the bike center, the Committee recommends not only instituting recommendation 2, but requesting a report from both the Vice President Internal and the Vice President Finance and Operations to understand who worked to restart the bike center. The Committee is concerned this issue of multiple executives taking credit for a project speaks to a wider cultural issue among the executives. The reports should be scrutinised by council to determine if an executive intentionally misled the council in any of their reports regarding the work they completed.
Recommendation 8: The Committee notes serious issues with attendance among some executives. The Committee recommends council take a more active role in monitoring the attendance of executives at their committee meetings.
Appendices

The following must be submitted along with this report as appendices:

- Performance Evaluation Sheets for all Executive Officers
- Executive Goal Plans
Appendix A: Executive Performance Evaluation Template

Oversight Committee

Date: 14/01/2022

Name of Executive Officer: Madeleine Stinson

Position of Executive Officer: President

Date of Meeting Between Oversight Committee and Executive Officer: January 7th, 2022

To develop the content included in this performance evaluation, Oversight Committee has met with the Executive Officer and has thoroughly reviewed the following:

- The Executive Goal Plan for the year
- Fulfillment of duties as outlined in the Bylaws and Policies of the Union
- The Officer’s attendance at Council and Union Committees
- The Officer’s attendance at University committees of which they are a member

Adopted Goal Plan’s Clearly Defined Outcomes and Timelines

The president’s plan for the summer was to work on the union’s governance review. The President was forthcoming with explaining the delay and her plan to continue work on the review. Working with the bylaw and policy review committee was also noted in her summer goals. Oversight notes that there was a limited amount of work done by the bylaw and policy and review committee. Issue was raised regarding lack of suggestions for bylaw and policy suggestions by executive committee. Oversight recommends increased engagement with executive and council regarding bylaw and policy updates and changes (see recommendation 1).

Bylaw and Policy Compliance

Compliance with bylaws and policies of the Union was assessed and the President was deemed to be compliant. Oversight Committee specifically noted the President’s actions regarding unsanctioned off-campus events on ‘Homecoming’ weekend. The Committee commends the President’s response and follow-through as the official spokesperson of the Union. Her response demonstrated excellent leadership abilities, which she spoke to during her meeting with the Committee. In addition, she addressed several opportunities for improvement with regards to both the University’s and Union’s response to ‘Homecoming’.

Meeting Attendance

Oversight commends the President for stellar attendance. No issues were noted with the President’s attendance and no issues were raised regarding the availability of the President. The President was
unable to attend the majority of Senate meetings due to a class conflict. However, she did make efforts to attend when necessary to advocate for student issues, but Oversight notes the importance of executives to attend and advocate for students on University committees/boards.

**Reporting Obligations**

No issues were noted with the President’s reports to council. The reports reviewed by Oversight were thorough and clear.
Oversight Committee

Date: 14/01/2022

Name of Executive Officer: Trulee Love

Position of Executive Officer: Vice President, Internal

Date of Meeting Between Oversight Committee and Executive Officer: January 14, 2022

To develop the content included in this performance evaluation, Oversight Committee has met with the Executive Officer and has thoroughly reviewed the following:

- The Executive Goal Plan for the year
- Fulfillment of duties as outlined in the Bylaws and Policies of the Union
- The Officer’s attendance at Council and Union Committees
- The Officer’s attendance at University committees of which they are a member

Adopted Goal Plan’s Clearly Defined Outcomes and Timelines

The Committee notes the Vice President Internal’s main goals was to work to restart the Collaborative+ Initiative. However, the Committee found limited work completed, but Vice President Internal addressed concerns appropriately and did have a plan to address issues, along with continuing to work on the project. One of her main summer goals was to create a pamphlet to introduce new students to the DSU, which was carried out successfully and given to all O-week attendees. Goals were specific and clear, but work should be continued on the Collaborative+

Bylaw and Policy Compliance

No significant issues were noted with bylaw and policy compliance. Oversight notes that the Vice President Internal made efforts to follow through on bylaws with their goals, despite some lack of completion. We also note as a general theme (see recommendation 2) that there is a significant issue regarding portfolio of each executive. Situations were identified where certain executives worked on projects not directly related to their portfolio, in many cases working on projects that should be assigned to the Vice President Internal. The Vice President Internal should be the main executive working on society-related projects and serve as the “main liaison between the Union and Societies.” The Vice President Internal should be sure to continue to maintain control of their portfolio.

The VPI is also to assist societies with coordinating their activities. We note her significant work on the bike center. From one of her reports to council,

“Organized and chaired the Bike Centre Annual General Meeting on August 10th in order to elect a new executive who can continue operations and the ratification process for the Bike Centre Society.”

(Taken out of VPI’s report at the Council Meeting on August 18th)
We commend the VPI for a significant number of societies ratified.

In addition, the Committee notes the excellent work of the VPI on the Society Expo. The expo was incredibly well-organized and well-attended, especially during the pandemic. The committee notes her “phenomenal job” on the expo.

Finally, the Committee notes her work with ResLife on Residence Councils.

**Meeting Attendance**

No significant issues were noted with attendance of executive committee meetings. There were issues raised regarding the meeting of the Student Accessibility Fund Committee. The committee did not meet often in the fall term, and VPI admitted that she fell behind in her work by the end of the term. Work should be done to improve the frequency and efficiency of the committee’s work.

**Reporting Obligations**

Reports to council were clear and contained pertinent information.
Oversight Committee

Date: 14/01/2022

Name of Executive Officer: Mazen Brisha

Position of Executive Officer: Vice President, Student Life

Date of Meeting Between Oversight Committee and Executive Officer: January 7th, 2022

To develop the content included in this performance evaluation, Oversight Committee has met with the Executive Officer and has thoroughly reviewed the following:

- The Executive Goal Plan for the year
- Fulfillment of duties as outlined in the Bylaws and Policies of the Union
- The Officer’s attendance at Council and Union Committees
- The Officer’s attendance at University committees of which they are a member

Adopted Goal Plan’s Clearly Defined Outcomes and Timelines

The goals of the Vice President Student Life centered mainly on issues relating to mental health/wellness. In the Summer, the VPSL stated they would work on creating a mental health committee, a mental health forum, and hosting a health and wellness campaign. We note that a mental health campaign was created, and forums were held. However, the committee found several, serious issues in relation to the wellness initiatives. Firstly, the Disabled Students Representative was not involved in any of these initiatives. A significant issue, considering these issues’ implications on disabled students. We also note a general vague-ness regarding all of these initiatives. There was a significant lack of clear outcomes and goals. Oversight recommends more transparency on the mental health work completed by VPSL (see recommendation 3). Oversight committee also noted a significant issue regarding accessibility to student life programming, despite claims by the VPSL to Oversight that there were accessible options to student life programming (see recommendation 4).

Bylaw and Policy Compliance

As noted in the evaluation of the VPI, Oversight Committee found issues regarding the overlapping of work done by executives, which extends to the projects worked on by the VPSL.

We note the success of the O-Week event, despite the complications because of the pandemic.

He was also involved with Dalhousie athletics, as prescribed in the bylaws.

He stated that he was involved with Residence Life, working to mitigate risk factors of drinking, sexualized violence, and COVID-19. However, it is unclear to the committee exactly the work completed or advocate for after our interview. More clarity is required to understand if these projects follow the bylaw (see recommendation 5). Oversight Committee also notes that he did not include off-campus
students in his work to reduce the risk factors of binge-drinking, sexualized violence, and COVID-19, which excludes a large portion of the student body at Dalhousie.

Also appearing to not follow the bylaw guidelines for the VPSL, was the supposed significant work done on food insecurity. The Oversight Committee is concerned there is no, or limited, evidence of actual follow-through on this project. Meetings that were stated to have occurred are in question as to their legitimacy and relevance. This is a very serious area of concern for Oversight Committee requiring further action by council (see recommendation 6).

**Meeting Attendance**

Oversight Committee noted serious issues regarding the attendance of VPSL. The VPSL did not attend several executive committee meetings (5), most without regrets. He was also late for two meetings. He was absent from one council meeting, with regrets.

**Reporting Obligations**

Oversight Committee noted no serious issues regarding the VPSL’s reports. We do note that many reports say he attended meetings with Healthy Minds NS. However, our review raises concerns about what exactly occurred in those meetings. Further transparency is required regarding the specific purpose of those meetings (see recommendation 3).
Oversight Committee

Date: 14/01/2022

Name of Executive Officer: Mohab Brisha

Position of Executive Officer: Vice President, Finance and Operations

Date of Meeting Between Oversight Committee and Executive Officer: January 14th, 2022

To develop the content included in this performance evaluation, Oversight Committee has met with the Executive Officer and has thoroughly reviewed the following:

- The Executive Goal Plan for the year
- Fulfillment of duties as outlined in the Bylaws and Policies of the Union
- The Officer’s attendance at Council and Union Committees
- The Officer’s attendance at University committees of which they are a member

Adopted Goal Plan’s Clearly Defined Outcomes and Timelines

The summer goal for the VPFO was to complete a student engagement plan to be implemented. Oversight Committee viewed a draft of the engagement plan, and it raises some questions regarding portfolio overlapping (which are addressed below and in the recommendations). However, it does not appear that this engagement plan has been followed through on. The fall goal for the VPFO was to advocate for more student representation and lower tuition fees. They acknowledge in their report to the AGM that work has not begun on this, and it does not appear to Oversight Committee that there have been significant developments on behalf of the VPFO with respect to those advocacy issues.

While not stated in their goals, much of their work this term appears to have focused on improving society audit processes. Descriptions provided to the committee appear to show significant improvements and work on society-related finance projects seem to have been worthwhile.

Bylaw and Policy Compliance

As already noted, there is a large concern over the overlapping of portfolios, specifically related to this position. We note that the bylaws state the VPFO should focus on budgetary issues, however, there appears to be a general theme where executives work on issues not necessarily related to their portfolios (see recommendation 2).

The VPFO stated in their interview and goal plans that they worked/planned to work on society engagement. This includes idea for a forum of societies. The engagement plan submitted to the Committee concerned work that is not specifically related to the role of the VPFO.

In addition, we have concerns regarding exactly who completed work on restarting the bike center, as claims made by VPFO were echoed the work that the VPI stated they completed (see recommendation 7).
Besides issues regarding overlapping portfolios, there were no issues raised by the Committee regarding performance related to bylaws regarding budgetary proceedings. Although there is some concern regarding the VPFO’s understanding of society and services and their audit responsibilities as they appeared to be unsure of the status of services such as Loaded Ladle.

Meeting Attendance

There are serious concerns regarding the attendance of VPFO to executive committee meetings. He did not attend nine of meetings of the executive committee (see recommendation 8). That is around one third of all meetings of the executive committee. He also missed a council meeting.

Reporting Obligations

No serious issues were noted in their reports to council.

DSU Council Statement on Dalhousie’s 2022-23 Draft Operating Budget Plan

01-24-2022

On January 19, 2022, Dalhousie University Budget Advisory Committee released their draft operating budget plan for the 2022/2023 year. Within the document they outlined recommendations for tuition and fee increases that will impact students attending Dalhousie in the upcoming semester. Within the proposed budget tuition fees account for Dalhousie’s largest pool of revenue sitting at 45.8%, while provincial opening grants sit at 44.2%. In 2011 60% of the university's revenue was from provincial funding and only 31% of the revenue was obtained through the collection of tuition.

Since last 2020, amid a global pandemic, students have continued to express their growing concerns around the rise in tuition fees paired with frustration with a lack of services and financial support from Dalhousie University. We called on Dalhousie University to not only stop this increase in fees but to freeze tuition and make the necessary changes to develop a budget that moves towards a universally accessible post-secondary education system. Instead, Dalhousie University has developed a budget that outlines students as its main source of revenue but only allocates 7.9% of its operating budget to student assistance services.

Within Dalhousie University’s budget memo, they also mentioned working with the DSU to host virtual sessions for students looking to provide additional feedback on the budget. Although we are more than happy to create platforms to ensure that all students can provide feedback on its proposed budget, this statement from Dalhousie misrepresents the current state of the DSU’s involvement in the BAC’s student consultation efforts. The DSU has encouraged the BAC to provide opportunities for the whole student body to engage in consultation on the budget, including providing a better understanding of how student fees are used within the operating budget. The BAC has not included the DSU, nor made us aware of any such efforts. It is crucial that student suggestions are considered in Dalhousie’s budgeting process. Year after year, student consultation on budgets is constantly solicited from the administration, yet students' recommendations are rarely reflected in amendments made to the budget.
Students are in a financially precarious time. With the cost of housing drastically increasing and food insecurity continuing to be a growing problem among students, our needs have not changed. The urgency to address these issues has only increased. We encourage students to submit their budget recommendations to BAC@dal.ca by February 16th. We remind Dalhousie University that in order to adequately support students, we must:

- Remove all tuition increases, including differential fees, and freeze tuition for both domestic and international students
- Develop a sustainable budget model that prioritizes student services and moves towards universally accessible education
- Lobby the provincial and federal government to increase funding for the Advanced Education sector, specifically to reduce tuition costs and provide direct-to-student funding.

**Announcements**

On February 2nd, a letter was sent to the Dalhousie Budget Advisory Committee with the statement passed by the DSU Council on January 24th attached. Appendix I: Letter to the Dalhousie BAC, delivered 02-02-2022

02-02-2022

Dear members of the Budget Advisory Committee,

On behalf of over 20,000 students studying at Dalhousie University, we are sharing our concerns regarding Dalhousie University’s proposed 2022/23 budget. The DSU and its members have continuously voiced our concerns about the 3% tuition increase and the additional $1473 increase for international students that has been in place for the last four years. We have advocated for adequate support for students whose finances and wellbeing have been negatively impacted by Dalhousie’s sky-rocketing tuition, and further exacerbated by the COVID-19 pandemic. Yet, Dalhousie has continued to create Operating Budgets that do not prioritize students or address their needs. Students are frustrated with a lack of services and financial support from Dalhousie University.

The DSU is recommending that Dalhousie implement the following:

- Remove all tuition increases, including differential fees, and freeze tuition for both domestic and international students
- Develop a sustainable budget model that prioritizes student services and moves towards universally accessible education
- Lobby the provincial and federal government to increase funding for the Advanced Education sector, specifically to reduce tuition costs and provide direct-to-student funding

Removing Tuition Increases

Students are deeply concerned about the rising cost of tuition and financial barriers attached to accessing post-secondary education. With COVID-19 restrictions constantly changing, students continue to face loss of employment, food insecurity and increasing anxiety given the global uncertainty.

International students in Nova Scotia continue to pay upwards of $19, 000 and climbing each year, more than double the amount of tuition that their domestic peers pay. Additionally, these students have significantly less health care coverage, and do not qualify for federal COVID-19 relief programming such as CESB (Canada Emergency Student Benefit), CWLB (Canada Worker Lockdown) and other financial assistance programs. Dalhousie prides itself on claiming to create a fair, diverse, and accessible community. Raising international student fees exorbitantly and defending the decision by comparing these fees to others in the country directly contradicts these claims. If Dalhousie wants to create a fair and accessible community on campus and online for the international community, they must prioritize the wellbeing of their current students who cannot continue to pay these rising fees.

A Sustainable Budget Model
Each year the University receives feedback from students about how precarious our financial situations are, and the needs of students remain unaddressed in the proposed 2022/23 Operating Budget. Imposing yet another increase in tuition fees during a pandemic shows that Dalhousie University has not taken the necessary steps to address the financial concerns faced by all students.

Tuition currently makes up over 45.8% of Dalhousie’s current revenue, meaning students are now the institution’s largest investor. To ensure our campus is equipped with the support and services needed to create a healthy learning environment, Dalhousie must work alongside students, Faculty and staff to ensure the budget is reflective of our needs.

In this year’s budget draft, 7.8% of the operating budget accounts for scholarships, which must be maintained to assist groups who face systematic barriers when accessing post-secondary education. However, blanket scholarships intended to bridge the divide created by rising tuition fees are insufficient, largely because they can only be obtained by a fraction of the student population and at-risk students are falling through the system’s cracks. The budget needs to be re-evaluated and re-worked so that funds can be put towards stabilizing and then decreasing current tuition and ancillary fees for all students. Budgets are about priorities, and students need a budget that prioritizes accessible education and student services.

Government Advocacy

We can work alongside each other and lobby the federal and provincial governments to increase their funding to post-secondary institutions, specifically to make post-secondary education more affordable for students. The current memorandum of understanding between the Province of Nova Scotia and the province’s universities states that each institution’s Operating Grant will increase by “not less than (1%) from the previous year” on a yearly basis. This mandated 1% increase is insufficient when faculty salaries, expenses, and inflation increase at faster rates.

In 2010/2011, 60% of Dalhousie University’s revenue was from government sources, with only 31% of revenue coming from tuition and fees, but this year government funding makes up only 44% of this revenue. More and more of the costs of running and maintaining our universities are being offloaded onto students. Education is both a right and a necessity within today’s society. We need public investment in our public education system. For us to maintain the development of innovative technology, we must ensure the institutions that fund them are adequately funded, and not at the expense of students.

Student Consultation

Each year the University solicits student feedback on its proposed Operating Budget, after its development. And each year, student feedback is rarely seriously considered and included in the final version of the budget. It is crucial that student suggestions are considered in Dalhousie’s budgeting process. Dalhousie’s budget creation process needs student involvement.
and consultation from the very beginning, and the broader student body needs to be consulted
during the fall semester before the budget proposal is finalized. Students want to see a
meaningful consultation process and a commitment from the University to work towards a
student-centric operating budget.

In conclusion, we call on the Budget Advisory Committee to develop a 2022-2023 draft
operating budget that does not include tuition and fee increases. Students need Dalhousie
University to step up and seriously consider a new path forward with this operating budget and
their budgeting process as a whole—one that is reflective of the long-term wellbeing of
students and the need for accessible post-secondary education in our province. A statement,
produced and passed by the DSU Council is attached to this letter for your review.

Sincerely,

Madeleine Stinson

Implementation Plan for Fall 2021 Oversight Committee Recommendations

02-03-2022

Chair of Oversight Committee, Stephen Abbott
DSU President, Madeleine Stinson

In their Executive Review Report from the Fall 2021 Term, the DSU Oversight Committee gave eight (8) recommendations to improve the efficiency and effectiveness, accountability, and professional development of the Executive Officers in the following areas:

- Adopted Goal Plan’s clearly defined outcomes and timelines
- Bylaw and Policy compliance
- Meeting attendance
- Reporting obligations

On January 24, 2022, DSU Council voted in favor of the following motion:

MOTION 2022-01-24-11.4
BE IT RESOLVED THAT the Executive Committee and Oversight Committee work together to develop a plan for how the Executive Committee will implement Oversight Committee’s Recommendations from the Fall 2021 Executive Review Report; and
BE IT FURTHER RESOLVED THAT the DSU President and Chair of Oversight Committee develop this plan, in consultation with their respective committees; and
BE IT FURTHER RESOLVED THAT this plan be presented to DSU Council for final approval at the next council meeting on February 7th.
Moved by Chair of Oversight Committee
Document attached
The Recommendations

**Recommendation 1:** There was a noted lack of engagement with some executives and policy changes. The Committee recommends that all executives take a more active role in policy development.

**Recommendation 2:** The overarching theme of the review undertaken was that there is significant overlapping of work done by executives. The Committee recommends that the executives focus solely on work directly related to the guidelines set out by the bylaws. To ensure compliance, the Committee recommends the adoption of a template for executive reports to council that require executives to directly relate their work to the bylaws, so that the executive committee members are working on their portfolio.

**Recommendation 3:** Resulting from review of documents from this term and the conversation with Oversight Committee, more information and transparency is required regarding the actions of Vice President Student Life with respect to their work on mental health and wellness this term. The Committee recommends that council adopts a motion to request a complete report from the Vice President Student Life regarding the contents of meetings with Healthy Minds NS and a detailed overview of their plan to work on mental health and wellness, with specific goals and outcomes.

**Recommendation 4:** Following committee discussions, The Committee recommends council request a report on the nature of accessibility in DSU programming. The committee is specifically interested on activities that could be exclusionary towards people with physical disabilities. There is a concern that adequate efforts have not been made to engage in accessible programming, including in beginning of this year programming for example. Efforts should be made to increase accessibility in a systemic manner, which should first commence with an analysis, which is why we recommend council requests a report.

**Recommendation 5:** Overall, there were serious concerns regarding the content of meetings held between executives and various organizations. The Committee recommends more reporting on the nature of meetings held with external organizations, so union members can better understand what is being advocated for. This could be accomplished through a standardized reporting process to council (in executive reports, for example) on the contents of meetings.

**Recommendation 6:** Also, a significant area of concern is the work allegedly completed regarding food insecurity among students by the Vice President Student Life. It features prominently in their year-long goal report, but after an interview it is unclear as to exactly what work was done and whether their description accurately describes their work. The Committee recommends council request all documents and work related to food insecurity to determine what work the VPSL accomplished.

**Recommendation 7:** Following concerns regarding exactly who completed the work on restarting the bike center, the Committee recommends not only instituting recommendation 2, but requesting a report from both the Vice President Internal and the Vice President Finance and Operations to understand who worked to restart the bike center. The Committee is concerned this issue of multiple executives taking credit for a project speaks to a wider cultural issue among the executives. The reports should be scrutinized by council to determine if an executive intentionally misled the council in any of their reports regarding the work they completed.

**Recommendation 8:** The Committee notes serious issues with attendance among some executives. The Committee recommends council take a more active role in monitoring the attendance of executives at their committee meetings.

Implementation Plan
Recommendation 1: No tangible action items could be identified to encourage executives to take a more active role in policy development. The president will continue to promote the pathway for bringing policy amendments to the Bylaw & Policy Review Committee, and involvement in the government review.

Recommendation 2: The executive report templates have been edited (see Appendix I) to include the date and times of meetings and an added section for executives to report on the progress of their individual goals. The Executive Policy will also be reviewed by BRPC during the governance review to ensure that executive goals are relevant to respective portfolios.

Recommendation 3: A request (see Appendix II) was sent to the Vice President, Student Life to provide agendas and a summary of discussion for the Healthy Minds NS meetings he has attended during his term, as well as documentation of the work done so far to create the mental health committee and the Fall health and wellness campaign.

Recommendation 4: A request (see Appendix II) was sent to the Vice President, Student Life to provide a list of accessible events/programming he ran, and agenda and minutes from Student Life Committee meetings where accessible programming was discussed, OR record of other consultation with students on accessible programming.

Recommendation 5: The executive report templates have been edited (see Appendix I) to include more guidelines for executives on how to properly report on external meetings.

Recommendation 6: A request (see Appendix II) was sent to the Vice President, Student Life to provide documentation of the work done so far on food insecurity.

Recommendation 7: Based on the 01-24-2022 Council meeting, we consider the concerns under this recommendation resolved.

Recommendation 8: No tangible items could be identified to encourage councillors to take a more active role in reading executive reports to confirm committee attendance. The executive report templates have been edited (see Appendix I) to include a defined sub-section for reporting the dates and activities of all committee meetings. The President’s report template will also include record of the attendance of executives at the executive committee meeting. The executive will brainstorm informal methods to improve councillor engagement with reports.

Based on the implementation status of recommendation 3, 4, and 6, and an absence of response from the VPSL, we recommend Council move a motion to set a deadline for the VPSL’s response.

**Goal Progress**

Goal progress this reporting term has been largely on the governance review and arrangement for BPRC to meet. It has also included planning for Women, Non-Binary, and Trans Leadership Week (starting 03-28), as a part of the DSU’s Women’s History Month programming. We have brainstormed programming ideas and set a budget and are now in the stage of seeing what partnerships and ideas are feasible. Work on the strategic plan is underway, I have been reviewing other comparable strategic plans.

| Agendas & a summary of discussion for every Healthy Minds NS meeting attended since the beginning of their term. | A total of 59 documents were submitted, some duplicates, both screenshots and word documents. | - Agendas for Healthy Minds NS committee meetings were included.

<th>The meeting agenda provided did not include meeting minutes, or an explanation of how this meeting was related to the VPSL’s work for the DSU related to food insecurity. It is unclear what UASU refers to. The pdf did not provide documentation of the VPSL’s work for the DSU related to food insecurity, other than to support evidence of some research on the topic. The documentation presented provides no evidence of efforts to include diverse student voices. The VP previously explained during a Council meeting that their work on food insecurity would be evident in an honours thesis project they were working on. We are concerned that the only evidence of this is a literature review and study outline (which we were unable to view), when there should be more progress, or updates, on an honours study at this point in the academic year.</th>

There was one piece of submitted documentation, a screenshot of an email that did not include a date, subject line, or who the email was sent by or to. The email included an overview of provincial resources related to health that Nova Scotia Health provides. We were unable to determine what this documentation was intended to support.

Based on our analysis of the documents provided by the VPSL, we do not feel that the VPSL has provided sufficient documentation, as mandated by Council, to respond to the Oversight
Committee’s Fall executive performance evaluation. We are requesting the following from the VPSL by February 24th at 5pm AST:

- An explanation of the discrepancy between your recorded absence at Healthy Minds NS Committee meetings and your reports to Council stating your attendance.
- An explanation of why work on the Mental Health Committee did not start until 12-2021.
- Documentation for your work on the mental health & wellness campaign hosted in the Fall term.
- Access to the two unreadable documents, as well as details on how and when your work on food insecurity will be brought to the rest of executive and Council, including what impact or action items will result from this work.
- A list of accessible events/programming you planned and ran, and an explanation for why Student Life Committee has not met yet this year.

We will meet again on the 25th to review the VPSL’s submitted documents and will then send them to Council for review, as well as Oversight Committee for any further response.

Board of Governor’s Caucus Meeting

Date: February 11, 2022

Board Date: February 15, 2022

Present: Madeleine Stinson (DSU President), Murray Lyu (BoG Rep 1), Jonathon Frontain (BoG Rep 2).

Discussion on the Upcoming Agenda

Divestment

- At the November 2021 Board meeting, the DSU President’s report was focused on divestment, and presentation of that report included a request for the university to provide a report on the outcomes of past decisions at the Board regarding divestment. Dalhousie President, Deep Saini, noted that he would take lead in bringing further discussion to the FAIR and investment committees. At a January meeting of the Dalhousie and DSU Presidents, Dr. Saini assured this work was in progress.

The Dalhousie President’s Report

- No items of significant interest, student representatives will ask questions if they arise.

DSU President’s Report

- No items of significant interest, student representatives will speak to the importance of accessible education and responsible budget management.
- DSU President will ask for an update on the university’s report on divestment work after the presentation of their report.
Budget Advisory Committee Report LXII

- Student representatives will request a report on where the $1 million allocated to bursary and scholarship support goes.
- Student representatives will request a report on how student feedback was reviewed, considered, and integrated into the final report.
- Representatives discussed the need to advocate for Dalhousie to take a stronger stance on the province’s funding for post-secondary, and how this should become a much larger priority moving forward.
  - A tradition of increasing fees has not been matched with a traditional of increasing student supports and services.
  - Past tuition increases have often been higher than the rate of inflation for that year, so arguments for raising tuition based on inflation are not consistent. We need a broader conversation on how to manage inflation in the budget.
  - The constant increases build a divide on campus.

Dalhousie Accessibility Plan Report

- No items of significant interest, student representatives will ask questions if they arise.

Informal Discussion

- Divest DAL will be camping out on the Quad on February 14th before the Board meeting to advocate for divestment [this campout was later cancelled due to weather].
- The DSU is going to explore bringing a motion to Dalhousie Senate for Senators to re-endorse divestment (considering the previous 2016 report from Senate on fossil fuel divestment).
- The DSU will be bringing a report to the Board HR & Governance Committee to explain why Board Rep 2, Jonathon Frontain will be reappointed by the DSU for the 2022-23 academic year (in line with the results of the 2021 DSU By-Election), meaning during the Spring 2023 DSU election, both Board Rep seats will be open. To ensure that Boar Rep seats are staggered moving forward (so students can pass forward knowledge), Board Rep seat 1 will be a two-year term and Board Rep seat 2 will be a one-year term.

Equitable Education and Rising Fees

In response to the continual increase of student fees at Dalhousie, students propose three alternatives to rising tuition:

Remove ALL tuition increases and FREEZE tuition for both domestic and international students.

The global pandemic has only highlighted the precarious nature of students’ financial realities. Many students face loss of employment, food insecurity and increasing anxiety given the global uncertainty. International students have been further burdened with unfair quarantine costs and extra tuition hikes. Imposing tuition fee increases during a pandemic shows that the University has not taken the necessary steps to address the financial concerns faced by students.

Develop a sustainable budget that moves towards universally affordable and accessible education.

Tuition currently makes up over 45.8% of Dalhousie’s revenue, meaning students are the university’s largest investors. In this year’s budget draft, 7.8% of the operating budget accounts for scholarships, which must be maintained to assist groups who face systematic barriers when accessing post-secondary education.

Blanket scholarships intended to bridge the divide created by rising tuition fees are insufficient, largely because they can only be obtained by a fraction of the student population and at-risk students are falling through the system’s cracks. These funds should be used to decrease or stabilize current tuition and ancillary fees for all students.

Lobby the provincial and federal government to increase funding for Advanced Education Sector, specifically to reduce tuition costs and to provide direct to student funding.

In 2010-11, 60% of Dalhousie’s revenue came from government sources, with only 31% coming from tuition and fees. In 2019, government funding (49%) barely edged out tuition and fee revenue (42%). In Dalhousie’s proposed budget, tuition fees account for Dalhousie’s largest pool of revenue sitting at 45.8%, while provincial opening grants sit at 44.2%.
More and more of the costs of running and maintaining our universities are being offloaded onto students. Education is both a right and a necessity within today’s society. For us to maintain the important contributions students and Dalhousie graduates add to our society, we must ensure the institutions that fund them are adequately funded, and not at the expense of students. We need public investment in our public education system.

**Student Testimonials**

“The education is extremely poor for the money that we pay... Many people can’t afford continuous tuition hikes.” – B.

“Shows how money hungry the [Board] is, the lack of care of students... no understanding of international students and how much their parents work to pay for already high enough fees” – R.

“Dalhousie should be decreasing its expenses instead of placing the greatest financial burden on the students, the least financially secure population involved in the situation. This is a step backwards in making education and social mobility possible for all wealth classes.” – Anonymous

“I have attended this school for 6 years now, through a bachelor’s and a Masters. Seeing how the tuition has continually increased but I have not witnessed any marked change in what the university has claimed to have improved. This is disgusting. I used to advocate for Dal as a "good school" but I can't do that anymore because it is the exact same as every other institution out there. There is no excellence in robbing your students in exchange for an adequate degree. I cannot wait to actively dissuade prospective students from attending Dalhousie.” – B.

“Dalhousie does not consider students as stakeholders. Evident by constant lack of action on numerous issues. I do not recommend the school when people ask me.” – M.

“The additional fee increase for International students is insane. It will make sure that many students do not choose Dal as their educational destination anymore while also putting a lot of stress on current international students already impacted by the pandemic and related costs in Halifax.” – Anonymous

“...Dal does little to advocate for student’s wellbeing at a policy level but expects them to shoulder increasing costs with only a small number of bursaries and grants.” – A.

“I have paid over 250,000 to this university for my degrees and while I am privileged to be able to access loans and funds to support this learning, I will be paying this back and feeling this weight of anxiety for many years to come and am fully disillusioned with higher education. My Dal Tiger pride has long faded, but my loan payments and regret will endure.” – J.
“What exactly is this money going to, can we see the exact, honest full cost breakdown? Are we not paying enough...It is getting to the point where it seems like we are not cared for at this University and that we are simply pawns to give the people at the top more money. I have not received an education worth the price of this tuition let alone an increase. Overall, I am extremely disappointed with this tuition increase.” – L.

“...the University does not care about students.” – U.

**A Reflection**

Over the past two years, I have been extremely fortunate to continue to have the opportunity to represent students at the Board level. In this time, I have continued to advocate on behalf of students for more transparent communications regarding Dalhousie’s budget, fees, and where student tuition funds go in our university.

This Winter term will be the third tuition fee vote I have been present for, but no changes to the way Dalhousie interacts with students regarding fees have been made. It is unacceptable, that with over a year’s time to roll out better communication regarding fees, no progress has been made. This Spring an email was sent to students indicating that the university had been working with the DSU to organize an event for students to provide feedback regarding the proposed budget from the BAC. I would like to make it clear that this has not happened, nor has the DSU been asked to partner on any such event. Many students are still waiting for an opportunity, aside from emailing BAC, to present their feedback to the university.

Thank you,

Madeleine Stinson

- Predominantly faculty facing resource discussions with a focus on centralized teaching resource (CIRTL: https://www.dal.ca/dept/clt/programs/CIRTL.html)
- Holistic evaluation of teaching framework discussed which seems an offshoot of contemporary dialogic rather than pedagogical teaching approaches
  - IE not unidirectional (From teacher-> student framework), but integrating and being open to / observing for feedback and learning moments from students to faculty)
- Brief discussion re: masking guidelines

Feb 14, 12-1: Senator meeting

- Discussion of religious/cultural observances subcommittee, potential missed outreach opportunities w/students
- Discussion of current EDI frameworks (departmental / Dal wide)

room for appealing. Please contact the Student Health Plan office to inquire further if you have been denied coverage (Clarification: Medical coverage, not accommodations, not flights, nor other non-medical expenses).

Mar 02, 12:30-4, 2:30-4:30 (Concurrent meetings): Student rep / background Senate Learning and Teaching Committee (SLTC) prep & SLTC meeting
  - Emphasized coercive framing of student "consent" with regards to rescheduling of nursing syllabi, short turnaround, concurrent with midterms, functionally that Dalhousie had chosen to "beg forgiveness rather than ask permission"
    - Found what room there was for critique, but functionally ethos / duty / execution critique out of scope for SLTC
    - Various TORs for subcommittees / Program admission modification

Mar 04, 12-1: Senate Discipline Committee Ratification / review

Mar 08, 11-12: DSU Executive / Student Affairs meeting

Mar 09, 9-10:30, 11:30-12: Senate package review, Senate Caucus prep

External & Broader Community

Feb 10, 8-9, 9-9:30, 2-3: Background readings / prep meeting with Exec / meeting with Liberal Advanced Education Critic
  - Messaging prep from pre-exec meeting was initially focused on Nova Scotia Needs Students campaign / general Nova Scotia student talking points
  - Highlighted current unique legal circumstances of students / disparities between rhetoric and results in NS' approach to labour gaps / drawing students
    - Legal tenant / landlord framework not applicable to residence students (Ex: January's abrupt rescheduling of return and impacts).
Pointed to federal precedent which treats students analogously to seniors in assisted living [LTC/Long term care] (with emphasis on denied agency, autonomy and personhood in the eyes of the law)

Census skewing which results from "LTC" treatment of students (Census not delivered to residence residents. May be erasing queer / disabled / otherwise marginalized identities based off whether or not a student decided to self-disclose to a university vs a government census.

- Funding for programs / causes determined by outlooks thus erasure has significant knock-on effects)

Residence in NS requires significantly more time as a student to become NS resident, vs 1 single year for non-students. This disparity is direct protectionism of provincial supports offered to students (such as this year's COVID benefit). Dalhousie has a significant out of province student population. This decision directly alienates out of province students and sends a clear and coherent message that they are on a different tier from "domestic" applicants.

Reiterated / clarified details regarding the order of events (Advanced Education minister Brian Wong / admin / Nova Scotia Nurses Union (NSNU) "volunteering" nursing students, then releasing press release, then actually communicating with students)

Supplied additional insights from union outreach and networking with NSNU general membership in LTC.

Feb 15, 1-2:30: REES Online Reporting System Info Session / Discussion

- External invitation highlighting externally funded framework for sexual violence reporting currently active at St Francis Xavier University

Feb 24, 1:30-3:30: Sexual Violence Prevention provincial taskforce meeting

- End of funding period for some aspects of task force
- Predominantly highlighting / showcasing aspects of rollout / Waves of change module / how to improve / discussion
- Reiterated imperfect access is better than no access, and all available materials should be freely accessible / public facing / aggregated on government websites for use of any societies / clubs / advocacy groups
- Note: Full Google Drive of all "waves of change" observer intervention modules accessible via request. Unable to host it but permitted to freely distribute.
- Some debate (other members, abstained from discussion) regarding role of educating potential aggressors of sexual violence centered around the point of funding running out of current mandate.

Goal Progress
Broadly over the reported timeline, I've reached out to members / reps of other unions as pertinent to trying to support student Issues. Notably during Nursing students issue: NSNU. Correspondence received no reply, but I personally know workers in the area and spent a few hours chatting with general members to get the full perspective regarding distribution of decision making regarding the Nursing students LTC Issue.

General outreach to external unions is frequently returning null response. I believe efforts would be more productively focused into ensuring a robust transition package / continuing to perform my duties without interruption during examinations / presentations / condensed research schedule. I am happy to discuss this decision with Oversight Committee. I would suggest a pivot of my goal from "coalitions with other unions" to "attempt to provide a thorough transition document with suggestions to ensure manageable workload distribution and improve retention for VPAE position.”

Land Acknowledgement

The Dalhousie Student Union acknowledges that Dalhousie University and the Dalhousie Student Union Building are located on traditional, unceded and unsurrendered Mi’kma’ki territory. The Dalhousie Student Union seeks to honour the relational treaty process in its programming, events, and meetings.

Equity Statement

Student union solidarity is based on the principle that all members should be able to participate equally in their union, recognizing that students have diverse experiences of privilege and marginalization. As members of the students’ union, mutual respect, cooperation and understanding are our goals.
