

Your
**CHAPTER
VENDOR
GUIDE**

ASSISTING YOU IN YOUR FUNDRAISING EFFORTS

About THIS GUIDE

This guide is designed to streamline your process for researching, engaging and paying vendors. At the time of print, all vendors listed in this guide are approved and active in the district's system. This means that by hiring one of these vendors you can skip several steps, including securing a W9. Please note that the status of a vendor can change at any time. The Foundation cannot guaranty that all vendors in this guide will maintain their active status with the district.

You'll notice that the guide highlights Preferred Partners of the Foundation. These partners are selected based on a combination of several factors. They may offer discounts to Foundation Chapters, or may come highly recommended by several Chapters. If your Chapter knows of a vendor that provides exceptional service or is willing to offer a discount please notify us at sbriggs@foundationdcs.org. Preferred Partners are indicated throughout the guide by a gray box.

PREFERRED PARTNERS

- W9 on file
- For vendors that come onto school property or interact directly with students, an Independent Contractor agreement is completed which assures that all workers have passed a background check and have agreed to the districts code of conduct.
- Signed Partnership Agreement with Foundation; or
- Promised discount for Foundation Chapters in writing; or
- Comes highly recommended by several Foundation Chapters

APROVED VENDORS

- W9 on file
- For vendors that come onto school property or interact directly with students, an Independent Contractor agreement is completed which assures that all workers have passed a background check and have agreed to the districts code of conduct.
