

A week where local businesses and government partners come together to inspire students for their future. Eighth grade students from across **Douglas County School District** will visit in person and virtual industry booths to develop an understanding of the cross-section of high demand jobs available to them in the future.

The logo features a large stylized 'C' composed of concentric blue and green arcs. To the right of the 'C', the text '8TH GRADE' is in blue, and 'CAREEREXPO' is in green.
