IF YOU VISIT GLORIA WILSON'S  
WOODWORKING AND RETAIL SHOP  
IN WAITSBURG, CHANCES ARE  
YOU'LL END UP TAKING A PIECE OF  
THE AREA HOME WITH YOU.

Much of what she makes at **Simply Sawdust**, 101 Main St., comes from reclaimed pieces of the region's barns and other structures. But it's what she can do with it that draws visitors to the downtown Waitsburg treasure. And sometimes, guests get to do stuff with it, too. Wilson specializes in custom woodworks, laser engraved with family recipes and messages from loved ones, as well as items with designs reflecting the region. The shop is also known for helping with community projects and featuring local artists. She occasionally offers pop-up woodworking classes to the public.
