DEMOCRATIC ENGAGEMENT
FACULTY TOOLKIT

Voter Engagement Resources

Faculty are the most direct and consistent pathway for students to get information on campus. It does not require a large commitment on your part to have a large impact on your students. The following campaign has been designed with influences from Campus Vote Project, Scholars Strategy Network, Campus Election Engagement Project, ALL IN Campus Democracy Challenge, and The Big Ten Voting Challenge. Please use these resources as you see fit as you engage with your students this semester.

Contents

Flyers & Slide Templates
Please use the flyer & slide templates in your course materials and communications with students this semester. You can include them in your course Power Points or host them in your D2L or other learning platform. Click below to access:

- Make a Plan

Democratic Engagement One-Pager (2-sided)
This document highlights the six core-components of teaching democratic engagement, and provides links to support faculty in each of those six components.
