

# FINGERPRINT DOVE

## Lesson of the Day:

Doves are a symbol of peace. What does peace mean? Peace means no fighting and everyone getting along well. How can we have peace? We can be kind to other people and help them out whenever we can. We can try our best not to fight, but to talk about our feelings and listen to others when they talk about their feelings.

## Materials:

- Card stock
- Paint in various colors
- Painter's tape
- Pen

## Instructions:

1. Discuss the lesson of the day with your students. Talk about what it means to them.
2. Pre-tape an outline of a dove onto the card stock. Use painter's tape so that it is easier to take off.
3. Have students work together to take turns putting a fingerprint of paint onto the dove until it is filled in. Make sure each student has their own color.
4. At the bottom of the page make a key where you can see which student had each color of fingerprint.
5. Remove the tape and see the dove!
