

# HEART CONFETTI JARS

## Lesson of the Day:

Keep the love flowing every day! Not just on Valentine's Day. Make sure you are kind and caring to those around you as often as possible. Spread it to those all around you.

## Materials:

- Mason jar
- Heart confetti
- Glitter
- Light corn syrup
- Water
- Glitter glue
- Measuring cups

## Instructions:

1. Discuss the lesson of the day with your students. Talk about what it means to them.
2. Have students pour about  $\frac{3}{4}$  cup of corn syrup into the jar.
3. Have the students add the heart-shaped confetti/glitter into the jar. Add other glitters as well as glitter glue.
4. Have them add about  $\frac{1}{2}$  cup of lukewarm water to the jar.
5. Once the jar is closed tight, have them shake the jars and watch the heart confetti swirl around.
