

HELPING HANDPRINT WREATHS

Lesson of the Day:

We have to reach out to those all around us and lend a helping hand when we can. We should help everyone- not just our friends and family and people who look like us or believe the same things as we do, but everyone. Think of ways that you can help others and do whatever you can!

Materials:

- Paper plate
- Colorful construction paper
- Scissors
- Markers
- Glue

Instructions:

1. Discuss the lesson of the day with your students. Talk about what it means to them.
2. Brainstorm ideas of ways you can help others. Write them on the board.
3. Have students trace their hands on various colors of paper.
4. Tell students to carefully cut their hands out from the paper.
5. When they're done cutting they will cut the center out of their paper plate.
6. Have students write a way to help in the center of some or all of their hands.
7. Have them glue the hands around the paper plate.
