

SOMBRERO

Lesson of the Day:

Other countries wear different traditional clothing. While it may be beautiful and colorful and a lot of fun, we have to keep in mind that wearing them as a costume when we are not a part of that culture isn't very respectful. However, we can appreciate how beautiful their tradition clothing is and we can celebrate their culture's beautiful traditions.

Materials:

- Paper plates
- Paper cups
- Puffballs
- Markers
- Pipe cleaners
- Sequins

Instructions:

1. Discuss the lesson of the day with your students. Talk about what it means to them.
2. Have students color their paper plate and paper cup. They can do it all one color or in a pattern.
3. Have them glue the paper cup around the top rim of the cup and placed into the center of the paper plate.
4. Have students glue down puffballs and sequins in a pattern on the hat to decorate it.
5. Let them wrap pipe cleaners around the cup to add fun texture and stripes.
