ACADEMIC MISCONDUCT

A student-athlete, who is charged with academic misconduct, as defined by the University of Iowa’s policy on academic misconduct or by the student-athlete’s home college, is required to follow University protocol and is subject to sanctions. Student-athletes are to be informed of academic misconduct charges by their respective collegiate office. Cases of academic misconduct are to be solely managed within individual colleges, involving appropriate faculty and staff. The Associate Athletics Director for Student-Athlete Academic Services should be notified by the respective college of all academic misconduct cases in which a student-athlete is formally charged with academic misconduct. The Associate Athletics Director for Student-Athlete Academic Services will notify the Faculty Athletics Representatives, Associate Athletics Director for Compliance, and the Deputy Director of Athletics of such cases. In cases where an institutional staff member employed by the Athletics Department is involved, the Athletics Human Resources Office will also be notified. It is the responsibility of the Academic Services Office to ensure student-athletes follow proper University protocol. Faculty and staff are encouraged to report any suspected cases of academic misconduct involving a student-athlete to their respective collegiate office immediately.

ADVISING

An Academic Coordinator monitors the academic progress of student-athletes in each sport program. Academic Coordinators obtain academic information during weekly student meetings. Academic information is provided to coaches in a weekly academic report. Such reports can include student performance in individual classes, attendance, and general academic updates. At minimum, Academic Coordinators are required to meet at least three times per term with every student in their designated caseload for the purposes of monitoring academic progress and ensure compliance with institutional, Big Ten Conference and NCAA rules regarding degree progression. Academic Coordinators document their communications with students by logging the date and essence of each meeting in a secure student database management system (Grades First). If a student is absent to a meeting with their Academic Coordinator, coaches are notified of the absence. Academic Coordinators are expected to hold team academic meetings once per month during the regular academic year with each of their assigned sport programs. In addition to Academic Coordinators, student-athletes are assigned a university advisor in the student’s designated degree program. Academic Coordinators consult with both students and University advisors to develop and maintain updated plans of study, set goals, build schedules, provide information on majors and help facilitate a student’s progression toward a degree program.
All current student-athletes must meet with their university advisor once per semester, commencing with their initial registration during summer orientation. Students, in consultation with their advisor, complete a plan of study each semester. The plan of study includes required coursework within their primary program of study, intended graduation date, advisor’s signature and contact information. Plans of study are updated each term and should reflect the course recommendations of the university advisor.

ATHLETIC AID

MEDICAL NON-COUNTERS AND STUDENTS WHO HAVE EXHAUSTED ELIGIBILITY

Athletic aid is available for student-athletes who can no longer compete due to an athletically related injury or who have exhausted their eligibility. The aid is intended to support students with the completion of their primary undergraduate degree program. Students must submit an Athletic Aid Request Form to the Associate Athletics Director for Student-Athlete Academic Services. Such requests are subject to review each term. Aid requests must be supported by the Student-Athlete Academic Services Office, Athletic Compliance Office, Head Coach and Sport Administrator.

Student-athletes who are approved for aid are assigned to a volunteer work experience, which may include an internship, teaching practicum, work within their sports team or assigned tasks within Student-Athlete Academic Services.

Unless otherwise specified within an athletic tender, scholarship student-athletes participating in fall semester sports, who have exhausted their eligibility, and have a conferred degree within their primary undergraduate program of study may request aid (tuition, fees and books) for the spring term only based on the following conditions:

1. If the student is admitted, and enrolled in a graduate program of study.
2. The student is completing a minor, certificate, or concentration area

Student-athletes who transferred to the University of Iowa, are enrolled in a graduate program of study, and have exhausted their eligibility may apply for athletic aid to complete their degree. Students must submit an Athletic Aid Request Form to the Associate Athletics Director for Student-Athlete Academic Services.

Any student who does not meet minimum NCAA/Big Ten/Institutional progress toward degree guidelines may have their aid revoked at semester.

SUMMER SCHOOL AID POLICY

Students requesting summer athletic aid must submit a Summer School Application through ACS Athletics. Athletic aid is available, but is not guaranteed and is reserved for students who are on tender/scholarship. For more information about the summer school policy, see the following website: https://academics.hawkeyesports.com/summer-school-information

WINTER SCHOOL AID POLICY

Students requesting athletic aid for the winter term must submit a written request to the Associate Athletics Director for Student-Athlete Academic Services. Athletic aid is available, but is not guaranteed, and is reserved for students on tender/scholarship.

ATHLETIC AID APPEALS PROCESS

Athletic Grant Reduction, Cancellation or Non-renewal Process and Appeal Procedures-Student Financial Aid Committee (Revised Fall 2017)

It is the responsibility of the Athletics Compliance Office to notify the Office of Student Financial Aid of the reduction or non-renewal of an athletic grant as soon as the decision is finalized by the coach or, in the case of a voluntary quit, the student-athlete.
It is the responsibility of Office of Student Financial Aid to notify the student-athlete in writing (both letter and email) of the reduction or non-renewal along with the reason. In accordance with NCAA rules, non-renewal notifications are provided no later than July 1 after the period of the award. The student-athlete is also provided a copy of the appeal procedures. A committee comprised of individuals outside of the Athletics Department reviews the appeal. A representative from each of the following units will comprise the Committee:

- Office of the Dean of Students (voting member)
- Office of the Registrar (voting member)
- Faculty Athletic Representative (voting member)
- Office of Student Financial Aid Athletic Liaison (non-voting member)

It is the responsibility of the student-athlete to submit, in writing, to the Senior Associate Director of Student Financial Aid an appeal no later than 15 calendar days of the issuance of the letter/email of non-renewal or reduction. In this written appeal, the student-athlete should outline all issues related to the appeal. The student-athlete must provide an explanation of why he/she believes the athletic grant should not have been reduced or cancelled. The student-athlete should provide as much information as possible, including documentation from outside sources.

Upon receipt of the student appeal, the Senior Associate Director of Student Financial Aid will notify the Associate Athletics Director for Compliance and the Appeal Committee members (listed above) of the appeal and the need for an appeal hearing. The hearing should be scheduled within two weeks of the submission of the appeal.

The sport Head Coach must provide, within one week of the notification of the appeal, written documentation to the Senior Associate Director of Student Financial Aid regarding the circumstances that led to the decision to reduce or cancel the athletic grant. This time frame allows the Appeal Committee members to receive all documentation one week prior to the hearing. The student appeal and coach’s information will be provided to committee members at the same time.

**In-Person Hearing:**

- **Participants will include:**
  - Student-athlete
  - Committee members
  - Athletic Compliance staff representative(s)
  - Sport Head Coach or designee

- **Participants may include:**
  - Family member(s) of the student-athlete and/or advisor. If a family member is not able to be physically present but wishes to participate, he/she may do so electronically through conference call or skype, or other reasonable means.
  - Legal representation for the student-athlete, at the student-athlete’s expense and/or Athletics Department at the University’s expense.

- **Format:**
  - Unless there is a specific, pre-approved request by the student-athlete to meet separately with the Committee, all parties will meet together.
  - Each party (student-athlete and Athletics Department representative – either head coach or compliance staff) will provide opening statements.
  - The University will present evidence first followed by the student-athlete.
  - Committee members may question either party.
  - Each party will present closing arguments.
Time Frame:

• Within 15 calendar days of the issuance of the reduction or non-renewal letter/email, the student-athlete must submit, in writing, and appeal to the Senior Associate Director of Student Financial Aid.

• Within seven calendar days of the receipt of the appeal, the sport Head Coach or designee must provide written documentation regarding the circumstances that led to the cancellation or reduction of the athletic grant.

• Ordinarily, within 14 calendar days of the student appeal, the hearing will be held. Allowances may be made for extenuating circumstances.

• Within seven days of the in-person hearing, the Committee will render a decision in writing to the student-athlete and Associate Athletics Director for Compliance.

Standard of Judgement: The University bears the burden of proving, by the preponderance of evidence, that the action disputed by the student-athlete-athlete was justified. The Committee will determine, based on the verbal and written evidence presented by the student-athlete and the Athletic Representative if the decision was justified. The Committee’s decision is final.

BOOK POLICY

The Compliance Office will purchase all required textbooks for student-athletes on a book scholarship. Required textbooks will be ordered for the student-athletes based on their schedule in MAUI and they will receive an e-mail (to their uiowa.edu email account) from the bookstore when the books are ready. All textbook orders and request for books must be complete within the first three weeks of the term. No textbooks will be purchased or reimbursed for students after the start of the fourth week of the term. Student-athletes must pick-up their textbooks from the bookstore within this time frame, otherwise the books will be returned and not available for the student-athlete. Exceptions will be made for classes added late or mid semester classes. Purchased books for classes dropped during the drop/add period must be returned to the bookstore by the bookstore return deadline (at the conclusion of the third week of class). Student-athletes will be charged the cost of the textbook when not returned by the deadline. At the conclusion of the semester, the student-athlete will retain all textbooks. They will not return any items to the Athletics Department.

CERTIFICATION MEETINGS

Certification meetings are held each fall prior to the first day of classes as part of the student-athlete certification process. The Academic Services and Compliance Offices Staff provide information to students regarding athletics department, NCAA, Big Ten, and University of Iowa rules and policies. The meetings are mandatory for all student-athletes. In the event a student-athlete has a scheduling conflict, he/she must arrange a time to meet with the Academic Services and Compliance staff.
CLASS ATTENDANCE

The Athletics Department has a class attendance policy that encourages student-athletes to prioritize class attendance on a daily basis. Student-athletes are expected to attend every class session. When a student is unable to attend class due to team travel or health related concern, the Academic Services staff will work with students to ensure their instructors are notified. If a student is unable to attend a designated class due to illness, injury or personal reasons, the athletic training staff, team physician or approved department staff member will provide the Associate Athletics Director for Student-Athlete Academic Services and the respective Academic Coordinator with documentation to excuse the student from class or tutorial appointments. A student’s Academic Coordinator is responsible for notifying student’s instructors. Academic Coordinators must copy the Associate Athletics Director for Student-Athlete Academic Services on all email correspondences to instructors regarding missed class time.

The Academic Services Office may closely monitor a student’s class attendance if a student has been identified as at-risk by an instructor or when an academic concern is reported by a staff member. Student class attendance may be monitored if one or more of the following circumstances occur:

1. Student is identified by their instructor as having excessive class absences unrelated to travel or illness.

2. Student does not regularly bring their class notes to tutorial sessions.

3. A student has failed to submit assignments on time.

4. Student is reported through the Office of the Registrar or Student Financial Aid Office as not attending class.

The Associate Athletics Director for Academic Services will compile a list of students whose class attendance will be monitored. Class attendance checks may be conducted at random at any point during a designated class period. Students are encouraged to sit in the first two rows of class to ensure they can be identified in class. Students should alert their Academic Services Coordinator immediately if they are unable to attend class and the absence is not due to sport competition or health related concern. Students will not be notified prior to the attendance check. Coaches and Academic Coordinators will be alerted via email by the Associate Athletics Director for Student-Athlete Academic Services of any student reported as absent. Students with multiple class absences will be required to meet with the Associate Athletics Director for Student-Athlete Academic Services. Student disciplinary action for non-attendance is the responsibility of UI Athletics and each sports program in accordance with team policies. Students who incur multiple class absences are in violation of departmental policy on class attendance and disciplinary action can include, but is not limited to revocation of athletic aid or sport participation.

DECLARATION OF MAJOR

Student-athletes must have a declared major on file by the start of their 5th full-time semester in school. Students may only declare their major with the permission of an assigned university advisor. Academic Coordinators, coaches or athletics department staff members are not permitted to declare a major for a student-athlete. The Associate Athletics Director for Student-Athlete Academic Services reviews the percentage of student-athletes in a declared major each semester. This report includes the number of student-athletes in a declared major or college, by sport, and is reviewed by the Presidential Committee on Athletics Academic Achievement Subcommittee.
DRUG TESTING

It is the goal of the University of Iowa and the Department of Intercollegiate Athletics to maintain a drug-free environment in which competitive intercollegiate athletics programs are conducted. More information about the University of Iowa Department of Athletics Substance Abuse and Drug Testing Program can be found here: https://academics.hawkeyesports.com/additional-resources

ELIGIBILITY

Students should use the following academic progress standards during the advising and enrollment process. Failure to adhere to these guidelines may result in a student being academically ineligible.

NCAA ACADEMIC REQUIREMENTS:

At all times students must pass a minimum of 6 credit hours each term (a minimum of 9 hours completed for football student-athletes during the fall term).

Students are expected to pass a minimum of 18 credit hours between the fall and spring terms.

BIG TEN ACADEMIC REQUIREMENTS:

Students in their first year must complete a minimum of 12 credit hours per term and 24 hours at the certifying institution during the academic year.

Grade-Point Average Calculation – Incompletes or Conditional Grades count as zero grade points in a student’s UI grade point average used for eligibility and certification. Students cannot become eligible to compete during a term if the student is not academically eligible on the first day of classes of that term.

UI ACADEMIC PROGRESSION GUIDELINES:

To help assure that student-athletes remain on a four-year graduation track, all student-athletes are encouraged to successfully complete 30 credit hours each academic year (the Fall, Spring, and Summer terms). Student-athletes enrolled at mid-semester will be required to complete the 30 hours prior to the start of the following spring term. An exception to the completion of 30 credit hours per academic year is a student-athlete who is in their last year prior to graduation.

The Associate Director for Advising and Eligibility will be responsible for a yearly audit of all student-athletes’ credit hour completion. Student-athletes who have not met the 30 credit-hour minimum per academic year will be notified. Beginning with a student-athlete’s third year of enrollment, credit hours must be degree applicable. Student-athletes who are unable to complete 30 hours per academic year must submit an appeal at the conclusion of the academic year.

Appeal Approval criteria:

• The student-athlete is ahead in progress toward degree (PTD) requirements. These criteria may be used once during a student’s academic career.
• Limited course offerings.
• The student-athlete is unable to take coursework due to practice or competition schedule
• It is recommended that the student-athlete might benefit from Student Disability Services (SDS).

The Associate Director for Advising and Eligibility will notify student-athletes of the status of their appeal. Student-athletes who fail to complete 30 hours during the previous fall, spring, and summer terms must be enrolled in the credit hours necessary to remain on a 4-year graduation track.
END OF YEAR SURVEY
The End of Year Survey is a yearly assessment tool that evaluates student-athlete experiences at the University of Iowa. The goal of the survey is to ensure they have a quality experience, address student-athletes concerns with a team, unit, or facility, and to improve departmental policies and procedures. Survey results are compiled and reviewed by members of the Senior Athletic Administration as well as the Faculty Athletic Representatives and members of the Presidential Committee on Athletics. Sport Administrators are responsible for providing End of Year Survey feedback to coaches as part of their yearly performance evaluation.

Key areas of evaluation:
• Overall student-athlete experience
• Campus and classroom experience
• Community experience
• Relationships with faculty
• PCA policies
• Student-athlete time demands including practice and travel
• Level of student engagement
• Student-athlete programming
• Athletic Administration
• Student-athlete well-being (psychological, social, interpersonal, educational)

ENROLLMENT
Students requesting to enroll in an Independent Study course must complete a Non-Traditional Course Form provided by Student-Athlete Academic Services Office. A syllabus or signed agreement between the instructor and the student that outlines the requirements and due dates for the course must be submitted with the form. The form is to be signed by the Registrar’s Office, The Associate Athletics Director for Student-Athlete Academic Services and the Faculty Athletics Representatives.

GUIDING PRINCIPLES
1. Student-athletes should not request that an instructor excuse them from class, or from an exam, quiz, or assignment, because of a conflict with regularly-scheduled athletic practices. If it becomes apparent that such conflicts will occur regularly during a semester, the student-athlete should consider dropping a course, or otherwise alter her/his academic schedule to avoid excessive absences.
2. Student-athletes should notify coaches as soon as possible of any conflict that arises between an academic obligation (such as a common exam) and regularly-scheduled practices, when such conflicts cannot be resolved first through consultation with the course instructor involved.
3. The coach shall have the option of excusing a student-athlete from a scheduled practice for academic reasons. Coaches are encouraged to be flexible in considering conflicts that occasionally arise between the academic and athletic obligations of the student-athlete. Except during final exams, no athletic coach shall be required to alter his/her regular practice schedule, or excuse an athlete from practice, to accommodate the academic schedule of a student-athlete.
4. In the event of an unresolvable problem, ultimately the student-athlete is responsible for deciding what is in her/his best interest, and accordingly determining the outcome of all conflicts between academic and athletic obligations.
TRANSFERABILITY FORM

Student-athletes who enroll in coursework at institutions outside of the University of Iowa are required to complete a Transferability Form with their Academic Coordinator to ensure all coursework is degree applicable and will count toward degree progression within a student’s declared primary program of study. Students may request a form from their Academic Coordinator. The Transferability Form can also be found on the UI Office of the Registrar website. https://registrar.uiowa.edu/forms

LESS THAN FULL-TIME ENROLLMENT FORM

Student-athletes may compete while enrolled less than full-time (i.e., less than 12 credit hours) if the student is in his/her final semester and enrolled in the coursework necessary to complete the degree requirements within his/her primary program of study. Students who enroll in less than 12 credit hours and do not graduate at the end of the term will have their remaining eligibility forfeited. Eligible students should work with the Academic Coordinator and submit a Less Than Full-Time Enrollment Form found on the UI Office of the Registrar website. https://registrar.uiowa.edu/forms

GRADE CHANGE GUIDELINES

Purpose
To ensure student-athletes are adhering to both University of Iowa and NCAA policies relating to academics and to monitor any suspected cases of impermissible academic assistance.

Process
• An end of semester (EOS) report detailing student-athlete academic eligibility is processed by the Office of the Registrar, and reviewed by Athletic Compliance as well as Student-Athlete Academic Services.
• Student-athletes who are deemed academically ineligible are sent a deficiency letter, which outlines academic criteria for athletic reinstatement. Faculty athletics representatives are sent a copy of the letter.
• A grade change report is accessible by the faculty athletics representatives, the Office of the Registrar, Student-Athlete Academic Services, and Athletic Compliance. Any student who has a grade change after final grades are submitted, deemed eligible due to the change in grade, are subject to an academic review by the faculty athletics representatives. This includes both incomplete grades and request for grade corrections.
• The Office of the Registrar will send a list of incomplete grades to the faculty athletics representatives, Student-Athlete Academic Services, and Athletic Compliance. Any student whose eligibility may be determined once the final grade is posted will be highlighted.
• The Office of the Registrar is responsible for notifying Student-Athlete Academic Services, and Athletic Compliance of any grade changes that deem a student-athlete academically eligible. In such cases, faculty athletics representatives will consult with Student-Athlete Academic Services to determine whether further inquiry is necessary. If necessary, the role of the faculty athletics representatives is to ensure the change of grade is in line with course policy, departmental protocol, and the change was not due to eligibility reasons.

Principles
• Student-athletes are permitted to request a grade correction or re-evaluation of coursework. However, student-athletes may not justify a grade correction for the purpose of athletic eligibility.
• Student-Athlete Academic Services staff may discuss and advise students regarding re-evaluation of coursework. However, staff may not initiate contact with the instructor and ask for a change of grade on behalf of the student.
• Student-Athlete Academic Services staff are permitted to contact an instructor for the purpose of determining a student’s overall performance in class.
• Students must copy their Academic Coordinator on all correspondences to instructors regarding grade corrections.
STUDENT-ATHLETE PARKING POLICY

Purpose
Athletic parking permits were established to help students while working or attending practice and/or training in adjacent facilities. The Athletic Department pays a portion (currently paying half the cost) of the permit and the student athlete is responsible for the remainder of the charge. The Athletic Compliance Department supplies Parking & Transportation Department a list of eligible athletes who qualify for the discounted program.

Eligibility
- Permits are sold on a first come first serve basis.
- Students living in university residence halls and housing are not eligible.
- Students having permits for Hawkeye Storage or Commuter Parking (Lots 55, 65, 85) are not eligible.
- Student must have a student day permit or student night permit to use in conjunction with the AM/PM permits. These free permits fulfill the Board of Regents vehicle registration requirement.
- AM/PM Permits are valid only for time printed on the permit. If used outside times allowed, student is required to pay hourly fee.
- If you have an all-day meter or Arena parking permit you are not eligible for any other permit.

PARKING PASS POLICY FOR LOT 14

The Student-Athlete Academic Services Office provides 1-hour parking passes for Lot 14 to student-athletes who utilize the Gerdin Athletic Learning Center. Parking passes may be requested from the first floor front desk staff and all requests must be signed by the student-athlete. Since parking in Lot 14 is free for the first 30 minutes, passes will not be distributed to those who utilize the Gerdin Athletic Learning Center for under an hour. Student-athletes who have a registered vehicle with both the UI Parking Department and Athletic Compliance Office may qualify. Students are allotted one parking pass per visit to the Gerdin-Athletic Learning Center. Freshmen students are exempt from this policy. Parking privileges will be revoked for the misuse of such parking privileges.
P.A.S.S. PROGRAM

The Personalized Academic Support System (P.A.S.S.) allows student-athletes to work with their Academic Coordinator and/or the Director for Student-Athlete Retention to create an individualized academic support plan tailored to meet the individual academic needs of each student-athlete. Students will be allowed to choose from a wide list of academic resources offered by Student-Athlete Academic Services, as well as other campus resources. Such services may include, but are not limited to:

- Attending a tutoring session arranged by Student-Athlete Academic Services
- Attending a professor’s office hours
- Attending Engagement Initiatives
- Attending a campus tutoring, writing or math lab session

Each academic support plan will vary by student and may require students to complete weekly tasks. If weekly tasks are not completed, the Academic Coordinator and that students’ Head Coach will be notified.

Academic Coordinators and sport coaches may have additional requirements for their respective teams.

TUTORING POLICY

Tutoring is available free of charge to all student-athletes, managers, student trainers and spirit group members. If a tutor is unavailable for the requested subject, the student-athlete is referred to alternative tutoring resources provided on campus.

All tutoring sessions arranged by the Academic Services staff are held in the Gerdin Athletic Learning Center. The Tutoring and Retention staff reviews all student-athlete requests and communicates tutoring schedules to students, tutors and academic coordinators. Each tutoring session is logged by the tutor at the end of each appointment. The information is reviewed daily by the Director for Retention and a copy of each tutoring log is sent to respective coaches and Academic Coordinators.

Student-athletes are required to attend all meetings with Academic Services staff members, including tutorial appointments. Students must provide the Tutoring and Retention staff 24 hours’ notice if the student needs to be absent from an assigned tutorial appointment. Students are given a warning for their 1st absence. A $10 fee will be charged to the student’s Ubill account after two or more missed tutoring sessions. Students with four or more absences are required to meet with the Associate Athletics Director for Student Athlete Academic Services. A student’s tutoring privileges may be revoked after their fourth tutorial absence.

More information on the Tutoring Policy can be found here:

TEAM TRAVEL

The Department of Athletics is committed to the health and safety of Iowa student-athletes. The University of Iowa has a travel policy in place that will provide guidance for fair, equitable and safe travel. It outlines general expectations including permissible modes of transportation, expectations for drivers, hotel accommodations and safety guidelines.

*See your coach or sport administrator for a complete copy of the Team Travel Policy.*

Absences due to university or athletics sponsored events are considered excused, per the University Operations Manual – Part IV. However, students must adhere to the attendance policies as outlined in their course syllabi. Non-collegiate outside competitions are not considered excused absences and students must arrange with their instructors to make up missed classwork. Non-collegiate outside competitions must be approved by the Faculty Athletic Representatives, Sport Administrator, Athletics Compliance, and Academic Services.

For team related competitions away from campus, the Academic Services staff is responsible for communicating with instructors about missed class time. Instructors receive notifications at the beginning of each semester regarding the travel schedule for all student-athletes who will compete during the course of the semester. Instructors are sent a reminder notification the week of each competition alerting them that a student-athlete will be absent from class due to a team competition. Travel notifications to instructors are sent once the Academic Services staff receives the travel itinerary. Students should communicate with their instructors prior to traveling about potential missed classwork and must make up work in a timely fashion. For additional information about student absences, visit the following link:

https://opsmanual.uiowa.edu/students/absences-class

TIME MANAGEMENT PLAN POLICY

In conjunction with an annual playing season declaration, every sport program must develop a time management plan (TMP) to provide student-athletes with greater predictability and transparency in their athletic schedules for the upcoming academic year. TMPs are intended to provide student-athletes adequate advance notice of future athletically related activities in order to effectively plan their academic and non-athletically related activities. The following website has the full time management policy: [http://compliance.hawkeyesports.com/](http://compliance.hawkeyesports.com/)
