A thousand kudos to the NHS! You have no idea how much it cheers me up to see the historical society going to such careful lengths to add Indigenous voices to our understanding of New England history. When I was in college it was all Puritans, all the time. It's wonderful to see how much the norms are shifting. Thank you so much for providing us with these opportunities to learn.

- Indigenous Histories and Futures Series

The speaker did a fantastic job. She was very knowledgeable and inspired many questions from the audience. Please give us more programs like this!

- Natick in King Philip's War, July 2022

The speaker brought to life actual events I had learned about over the years. I learned about resources in the state and in Natick. I want to thank her for being so transparent and making the event so personal.

- Indigenous Natick Today

I so enjoyed hearing about Washington's ride from three different historians from three towns. I'm planning to follow the map you provided with my grandchildren. History in their own backyard!

- Along the "Indifferent Road"

What a terrific tour! I learned so much everyone engaged. The guide knew her subject thoroughly. I would definitely attend again.

- Oldtown Walking Tour

This is amazing! I love seeing my ancestors' stories coming together in little bits at a time. Thank you so much for researching my family history for me.

- Research Request, Family History
