3D STEAKHOUSE

Redefine Meat is only available at a handful of restaurants in London, including here at Unity Diner. Redefine Meat's 3d printed steak has been featured in media across the world due to it's mind-blowing realistic texture and taste. The 'new meat' steak is considered the "holy grail" of the plant-based industry.

UNITY DINER

Please see your server to order & pay via QR code when you are ready to leave.

PLEASE NOTE

12.5% discretionary service charge is added to your bill. Currently this is split between our lovely staff and also goes towards Surge Sanctuary + our operational costs from recovering from the pandemic.

ALLERGY NOTICE

If you have an allergy it is essential we are made aware of it before you order, please always ensure that you speak to your server.

If the allergy is life threatening you must be carrying an EPI pen and liaise with our manager. You should only order from the allergen menu but still be aware that there is still a risk of cross contamination.

We take all reasonable precautions to prevent cross contamination in the kitchen but we do not have a dedicated preparation area in our kitchen/bar for nut-free or gluten-free food.

Our products are 100% plant-based and vegan but some are manufactured in a facility that handles whey protein (milk) and we are unable to guarantee the absence of this allergen, or any others, such as nuts, in our menu.

Please always inform us if you have any allergens or intolerances when you place your order.

Ed Winter's new book

"This is vegan propaganda and other lies the meat industry tells you"
