**\* product delivery form to local archives at Eastside Heritage Center and Redmond Historical Society**

x0 = hard-copy, perhaps available at those local archives, King County libraries, or Adopt-a-Stream-Foundation

x1 = Word, Excel, PPT, or PDF document

x2 = Jpeg or PNG photo

x3 = online or in an electronic "cache" at local archives

x4 = Emails, available in a Word document at local archives

x5 = DVD

This bibliography called "Works Cited," 2022, has some 140 sources referenced in "Bear Creek and the Stewards Who Saved a Salmon Stream, 1970-2020." It includes a variety of books, reports, letters, maps, photos, emails and online resources. Most of them are available online or in Eastside Heritage Center and Redmond Historical Society collections. In the case of web-based references, the spreadsheet shows the URLs in Column E, which should be active links for direct Internet access to the websites in question. For emails and other documents, the managers of those collections have offered to help in researching the sources:

- Stephanie Mohr, [collections@eastsideheritagecenter.org](mailto:collections@eastsideheritagecenter.org)

- Stephanie Mohr, [collections@eastsideheritagecenter.org](mailto:collections@eastsideheritagecenter.org)
- Hallee Turner, [manager@redmondhistoricalsociety.org](mailto:manager@redmondhistoricalsociety.org)

My thanks to them for all their help – GARY SMITH
