Intermittent Fault Detection & Isolation System™ (IFDIS™) Tested LRUs/WRAs

F-16 AN/APG-68 Radar System Modular Low Power Radio Frequency (MLPRF)
F-16 AN/APG-68 Radar System Programmable Signal Processor (PSP)
F-16 AN/APG-68 Radar System Azimuth Elevation (Az/EL) ribbon cable
F-16 AN/APG-68 Radar System Digi-bus Matrix Plate Assembly
F-16 AN/APG-68 Radar System Antenna
F-16 AN/APG-66 Low Power Radio Frequency (LPRF)
F-16 Central Air Data Computer (CADC)

F/A-18 Generator Convertor Unit (GCU) – all three variants: G1, G2 and G3

EA-6B Airborne Intercommunication System (AIC-45)

EA-18G Integrated Airborne Electronic Attack Suite (AEA) – all seven LRUs, still in development have not been delivered to customer yet

CH-47 Automatic Flight Control System (AFCS)

S-92 Radio Altimeter (RA)

Voyager Intermittent Fault Detector™ (VIFD™) Tested Aircraft Wiring
