

1,038
respondents

Representative of adult Australian population by age, state and gender.

Conducted online June 23 to June 30, 2021.

Results are compared with questions asked in August 2019, to a sample of 1016 respondents, representative of the Australian adult population by age, state and gender.

At the moment, do you think a Charter of Human Rights sounds like an idea you would support?

TOTAL*	Yes			No			Not sure		
	Change	2021	2019	Change	2021	2019	Change	2021	2019

QLD	73%	27%
WA	74%	26%

**Results for smaller states and territories were not statistically significant.*

* The sample size for this question is 603. It is comparable to the previous slide, which offered 435 respondents a "Not sure" option. When "Not sure" is not available, the 43% of unsure respondents choose "Yes" by a ratio of 2:1

Australia should have a document that sets out in clear language the rights and responsibilities that everyone has here in Australia.
