

QUEER LIBERATION MARCH & RALLY

SUNDAY ▶ 6/30/19
NEW YORK CITY

The Queer Liberation March is a people's political march—there will be no corporate floats, and no police in our march. Our March is a truly grassroots action that will mobilize the community to address the many social and political battles that continue to be fought locally, nationally, and globally.

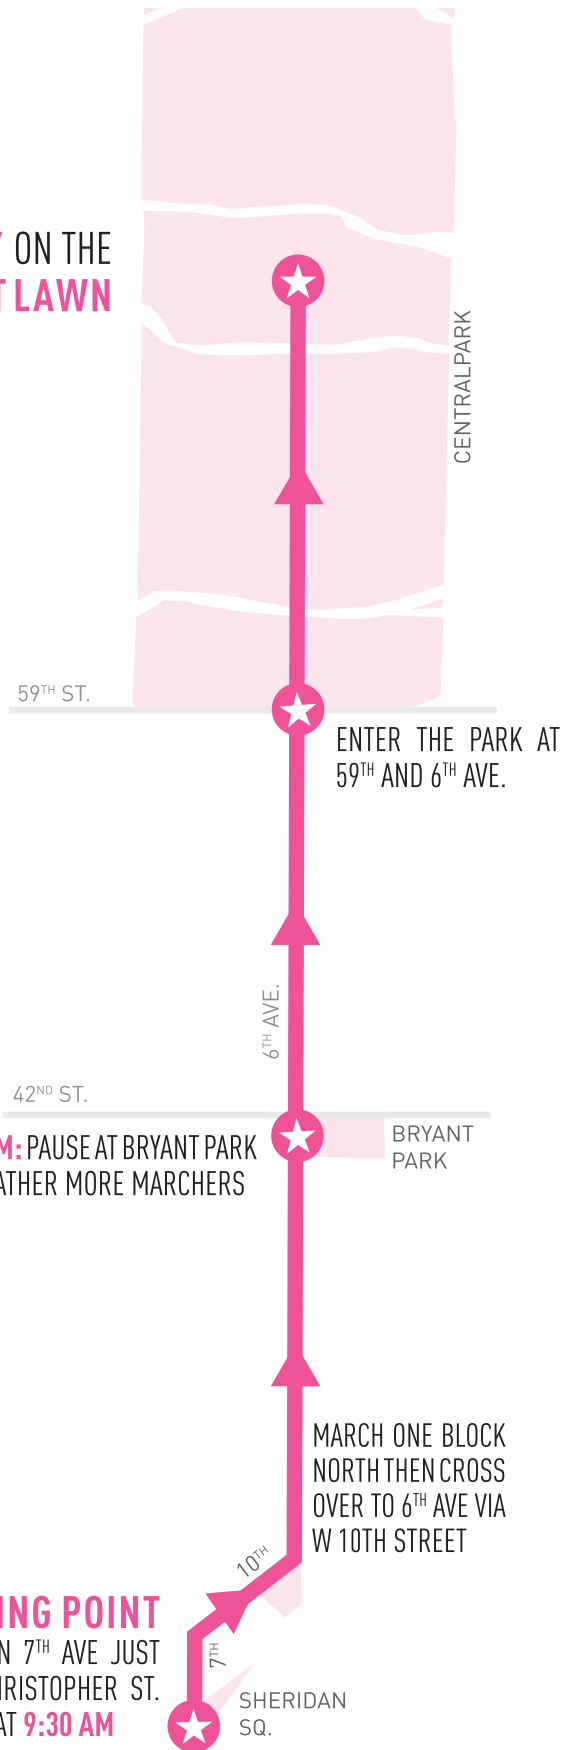

Marking the 50th anniversary of the Stonewall Rebellion, our March will be a protest that honors that powerful legacy, celebrates our hard fought victories, and is a commitment to the ongoing fight for LGBTQIATSNBGNC+ rights worldwide.

Ours is a March that anyone can join, including from the sidewalks—everyone will have an equal place.
