

## Pipe & Mesh Chainlink Fencing

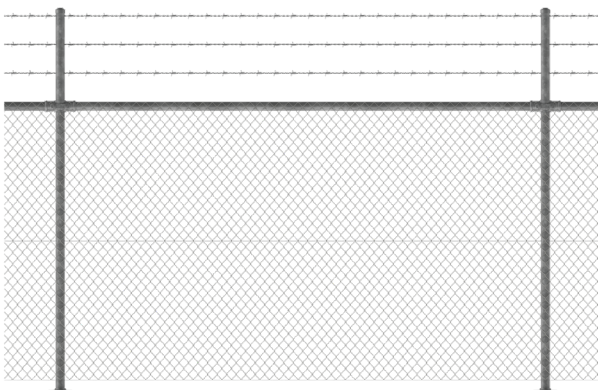

Pipe & Mesh Chainlink fencing is an industry staple and represents a large proportion of all completed fencing projects in New Zealand. Hampden's Pipe & Mesh Chainlink fencing is made using high quality manufactured components. A cost effective, entry level perimeter security solution.

### A Versatile Fencing Solution

Hampden's Pipe & Mesh Chainlink fencing is a highly versatile perimeter fencing option. It is easy to install, extremely cost effective and many options are available to enhance the security level of the standard Pipe & Mesh security fence.

**These include:**

- Increase mesh height from 1800mm up to 3600mm+
- Increase wire diameter to 3.15mm for stronger screens
- Decrease mesh aperture from 50mm to 25mm
- Add barb wire / razor wire tube / rings top & bottom
- Add bottom rail to prevent low penetration
- Add top rail for tighter mesh and balanced look
- Add electric security fence to inside of fence

### Superior Corrosion Resistance

Superior quality corrosion resistant Bezinal 2000 wire ensures our product is durable and meets the strict requirements of the AS/NZS 4534 standard for;

- **Zinc Alum** - 380 to 550Mpa, 135g/m2 as zinc-aluminium, wire diameter 2.5 & 3.15mm.
- **Fusion Bond** - 400 to 550Mpa, standard galvanising W02, wire diameter 2.5mm (overall diameter 3.0mm) bonded with high adhesion PVC coating.

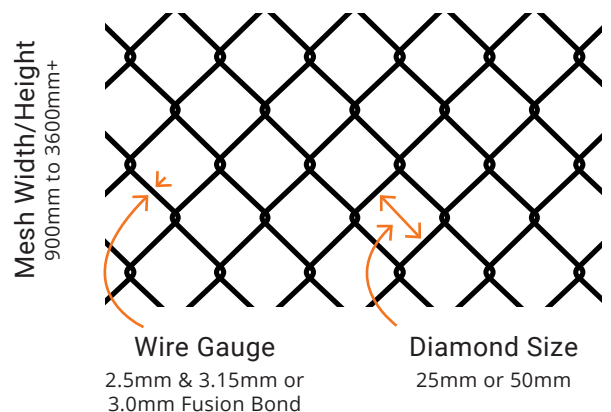

### New Zealand Made Chainlink Mesh

The Chainlink mesh used in our Pipe & Mesh Chainlink fencing solutions is manufactured in New Zealand using a specialised Bergandi Chainlink Weaver from the USA. This market-leading technology and strict quality control ensures our Chainlink knuckles are tight and links are not missed as sometimes happens with inferior weaving machinery.

- Gauge: 2.5mm & 3.15mm or 3.0mm Fusion Bond
- Diamond : 25mm or 50mm
- Heights: 0.9m to 3600mm+

Custom configuration up to 10m+ is possible with consultation.

Zinc Alum or Fusion Bond (Black)

### Ideal Application

- Sports Enclosures
- Commercial Properties
- Cages & Enclosures
- Animal Management
- Internal Warehouse Partitions
- Schools
- In Conjunction With Electric Security Fence
