

# YOUR PERIMETER SECURITY PARTNER

1

## EXPERIENCED

- ✓ With over 50 years experience providing premium perimeter security solutions, our team brings a wealth of knowledge, experience, and industry contacts to every project.
- ✓ We have successfully delivered thousands of perimeter security projects up to \$8m+ across NZ and the Pacific.
- ✓ Consulting with leading industry specialists globally gives our customers access to the best perimeter high- security designs, products, and methods.

2

## TRANSPARENT

- ✓ Detailed quotes with clear pricing and a breakdown of supporting information, tailored to your budget. We are committed to transparency and reliability.
- ✓ Detailed exclusions ensure you don't have any nasty surprises and unexpected costs.
- ✓ Alternative product options are provided if we see opportunities for gains in quality, time, or costs. You can make informed decisions and get the best value for your money.

3

## CAPABLE

- ✓ End-to-end perimeter security solutions, including consulting, design, fabrication, and installation. Our team has the capability to handle all aspects, working closely with you ensuring requirements, schedule, and budget are met.
- ✓ The breadth of our experience in perimeter security solutions enables us to take on wide-ranging scope and deliver this within one package.
- ✓ We value our relationships with local suppliers, but we are also happy to work with reputable overseas suppliers to source, ship and install their products as required.

4

## PROFESSIONAL

- ✓ Thorough assessment of large scale project requirements, risks, material, and funding needs. Our size and experience enables us to take on complex large-scale projects giving you peace of mind you're in safe hands.
- ✓ We will only undertake projects that we know we can fund, comply with specification, deliver safely, and execute professionally.
- ✓ We are partnered with a qualified and reputable automation & access control company, Trilect. Enabling us to provide fully integrated perimeter security system solutions.

5

## CONFORMANT

- ✓ We conform to both project specifications, and, compliance requirements e.g., HSE, Quality Assurance, Warranties, O+M, Insurances, Clearances and Medicals.
- ✓ Staff have current SiteSafe and many are MoJ, DoC, NZ Police, and/or NZDF cleared.
- ✓ Installation crews are led by experienced team leaders, and are supported by our operations and management teams.
- ✓ We are PreQualified with SiteWise (Gold), Impac, and are members of SiteSafe.
