Pacific Partnership for the New Urban Agenda (PP-NUA) presents:

Webinar on Local Economic Development in the Pacific Islands - Framework for a Blue and Green Economy

The ability of local government to shape and create an enabling environment for Local Economic Development (LED) is essential to achieve the SDGs and implement the New Urban Agenda in the Pacific. Learn about the key outcomes of action-based LED training piloted by local governments in Kiribati, the Cook Islands and the Marshall Islands, including through the strengthening of local government associations and authorities to support community engagement in this webinar as a launching event of PP-NUA.
