THE SLOPPY JOSE

*In 1960, a Cuban clothing merchant
and his family fled to Miami escaping
the Castro regime. Losing most of what
they had, a hearty ground meat stew
called picadillo was often a favorite
meal to feed the whole family. With
the visit of an artist friend from Key
West in 1963, it brought the arrival of
a soft, chewy bread that would forever
change the landscape of the perfect
midnight snack. The Sloppy Jose was
born. This is their original recipe and
we serve it proudly.*
