

EVERY BIT IS POWERFUL

Techaya is a global leading designer, developer and manufacturer of rugged MIL-STD solutions for ground, air and naval applications. Our advanced military grade solutions are customer based from board level to fully rugged products, complemented by off the shelf solutions as well. Our line of products includes Ethernet switches, routers, USB hubs and media converters/network taps.

Techaya stands on the front-line of technology in supplying reliable miniature solutions that operate in harsh environments, meeting the highest military standards. Techaya is an active member in Military Vectronics Association (MILVA) which establishes NATO networking standards for Vectronics application (STANAG 4754).

All our manufacturing facilities are ISO9001:2015 and AS9100D certified.

Miniature portable tactical communication switches

MILTECH 304
Compact Military
FastEthernet Unmanaged
Switch - 4 Port

MILTECH 308
Compact Military Fast
Ethernet Switch - 8 Port

MILTECH 402
Rugged Miniature PoE
Ethernet Switch with Power
Distribution Capabilities

MILTECH 904
Compact Military Gigabit
Ethernet managed Switch -
4 Port

MILTECH 907
Compact, Portable Military
Managed Ethernet Switch -
5 Ports and 1 D-Type 44 Pin
Connector

MILTECH 918
Compact Military Gigabit
Ethernet Managed Switch -
8 Port

Integrated soldier power and data solutions and USB HUBs

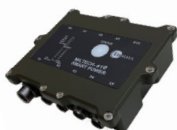

MILTECH 303
Military Rugged USB 3.1
Smart HUB

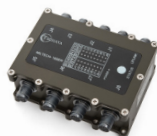

MILTECH 306
Small Form-Factor Rugged
USB HUB

MILTECH 406
Military Rugged Portable
Communication Grid

MILTECH 410
Integrated Soldier Power and
Data Management System
(ISPDS) With USB 3.0 and 1G
LAN Capabilities

MILTECH 16SER
Compact IP68 Military
Rugged Cyber Proof Serial
over USB Unit

MILTECH 8P
Military Rugged 8 Ports USB
Charger

MILTECH 404
Integrated Soldier Power and
Data Management System
(ISPDS) with Integrated SOM

MILTECH M64
64GB MIL-STD USB 3.0
Rugged Flash Drive

Embedded Board-Level switches

MILTECH 309
Fast Embedded Military
Board Level Ethernet Switch
(ESoB) - 8 Port

MILTECH 914
Ultra Compact Managed
Embedded Board Level
Ethernet Switch - 14 Port

MILTECH 919
Managed Embedded Board
Level Ethernet Switch - 8 port
with 1 Fiber Optic port

MILTECH 9128
Managed Embedded Board
Level 24 port Router/
Switch with 4 x 10G ports

MILTECH 9136
Managed Military Grade
Embedded Ethernet Switch -
up to 52 ports

MILTECH 9124
Managed Embedded
Military Board Level 1/10G
Ethernet Router/Switch -
24 Port

Fast Ethernet military-grade switches

MILTECH 610
Military Fast Ethernet
Unmanaged Switch - 8 Port
with LED indicators

MILTECH 610-PoE
Rugged Fast Ethernet Switch +
PoE - 8 Port

MILTECH 708
Military Fast Ethernet
Unmanaged Switch - 8 Port

MILTECH 908
Military Gigabit Managed
Ethernet Switch

MILTECH 908MP
Compact Military Gigabit
Ethernet Managed Switch
- 8 Port with a single
connector

MILTECH 910PoE
Rugged PoE+ Gigabit
Ethernet Managed Switch
- 8 Port

MILTECH 912
Rugged Military Gigabit
Ethernet Switch - 12 Port with a
single MIL-D-38999 connector

MILTECH 928
Military Gigabit Ethernet
Managed Switch - 8 Port

Gigabit military-grade routers

MILTECH 24FO
Compact Military Managed
Fiber Optic Ethernet Switch/
Router

MILTECH 9012
Compact Military Managed
12 Port Gigabit Ethernet
Switch/Router

MILTECH 9012C
Compact Military Managed
12 Port Gigabit Ethernet
Switch/Router with Cisco®
IOS® External Connectivity

MILTECH 9028
Rugged Military 10G Router

MILTECH 9022
Military Managed 12 Ports
Gigabit Switch/Router

Gigabit military-grade media converters

MILTECH 948
Compact, Portable Military
Managed Gigabit Ethernet Switch
8 Copper ports +2 Fiber Ports

MILTECH 1000 Series
Compact, Portable Military
Gigabit Media Converters
with PoE and Security
