FALL 2019

Since our last update, discussions with the District of Squamish have continued and Council voted to defer the Boundary Extension discussion to 2020.

We continue to explore all options for local governance and are taking this opportunity to focus our efforts on the work required by the 40 conditions of the Environment Assessment Certificate.

## SNOW STUDY UPDATES

We have been collecting baseline data on the Brohm River water flows and received an updated Climate Data Analysis. This analysis compares values at Cypress and Whistler using new weather stations. The data shows much more snow on Brohm Ridge than in Whistler at similar elevations, although less than Cypress, since mountains closer to the ocean receive the most precipitation.

## IT WAS GREAT SEEING YOU THIS SUMMER!

We had a blast this summer meeting the community at local events. We attended the Squamish Street Markets and the Squamish Beer Festival, which gave us the opportunity to meet hundreds of YOU and answer questions about the resort.

**WE ARE PROUD SPONSORS OF SQUAMISH MINOR HOCKEY!**

Garibaldi At Squamish is pleased to sponsor the Squamish Minor Hockey Association's (SMHA) charity hockey game between the Vancouver Canucks Alumni and SMHA coaches on Saturday, September 28! By supporting Boundary Extension, Squamish residents have a say in what happens and will receive the substantial tax revenues from the resort
