Summer Camp Counselor

Pacific Marine Mammal Center is looking for some dynamic educators to join our summer camp teaching team!

PMMC offers week long programs, for children ages 8-12 years, from mid-June to mid-August. Camp Pinniped allows kids to explore the world of marine mammals and marine science through our mission of rescue, rehabilitation, release and research. Children hear the stories of our patients and witness their recovery. Games, hands on activities, experiments, crafts and discussions lead them to discover the need for conservation and ocean stewardship. Our team of enthusiastic educators help mentor and inspire campers throughout the week.

Join our team for the summer! Send your resume to: education@pacificmmc.org
