

The health and safety of our preschoolers is of utmost importance. We take every precaution to ensure that all children coming in our doors can stay in a healthy environment. We need the help of parents in protecting the health and well-being of all the children in our classrooms. It is our expectation that parents keep home children presenting any of the following symptoms:

- Fever within the last 24 hours
- Diarrhea, vomiting, or an upset stomach within the last 24 hours
- Common cold (combined cough and runny nose)
- Discolored nasal discharge
- Any unexplained rash
- Any discharge from the eyes, or ears
- Persistent cough or sore throat
- Any symptoms of common childhood diseases, such as chicken pox, strep throat, hand foot and mouth, pink eye, etc.

If your child shows any of these symptoms while in our care, we will page you and inform you of the situation. Your child will be welcome to attend DSC Kids when they have been symptom-free for over 24 hours or after completing medical treatment for any diagnosed condition.
