Join Our Conservation Work

First, let’s tell you what we do.

- Conservation Programs for Cultivators
  - Wildlife Conscious Certification (WCC)
  - Farms for Wild Pollinators (FWP)
  - CA Safe Harbor Agreements

- Biological Consulting
  - Biological resource assessments
  - Special-status species mitigation
  - Conservation & management plans
  - Invasive species eradication plans

- Ecological Education
  - Presentations at symposiums, conferences, events, meetings, and educational seminars
  - One-on-one & group consulting
  - Team trainings

- Facilitate Conservation Partnerships
  - Regulatory partnerships through local, state and federal grants
  - Conservation easements
  - NGO conservation programs
  - Neighbor networking

Fundraising for Our Programs

- Point-of-purchase fundraisers
- 1% For the Planet
- Event sponsorships
- Fundraising matches
- Annual program donations
- Grants
Second, Our Industry Partners

We work with a diversity of businesses in the cannabis industry, including cultivations, retailers, ancillary companies, and associations. All businesses in the industry can engage with our work in one way or another, and can further their impact by supporting our on-the-ground conservation and restoration.
