Zoom with the Friends  
KIDS IN CRISIS

Pandemic Parenting in the Age of COVID

Please join us for an important conversation with two psychologists who have been on the front lines helping local students, educators, and parents cope during these challenging times:

**Drs. Alan Dienstag and Katie Sawyer**

co-founders of the Parent Center at the Larchmont-Mamaroneck Community Counseling Center.

**Sunday, March 6th, at 4 pm**

Even as the pandemic begins a retreat, it is leaving a psychological crisis in its wake. Rates of depression, anxiety, and thoughts of suicide have never been higher among middle and high schoolers here and around the country. The American Academy of Pediatrics recently declared a mental health emergency among children and adolescents.

Submit your questions and concerns confidentially to the Counseling Center via this email and they will be addressed during the program.
